

De Laval...

All other Cream Separators owe the little success they have ever attained to the . . .

STANDARD OF EXCELLENCE

reached by the De Laval long before other Cream Separators were in existence. . .

The DE LAVAL is to-day as far superior to other makes of Cream Separators as such machines are superior to the old fashioned Gravity System.

THE "IDEAL" Milk and Cream Vat

SOMETHING ENTIRELY NEW

WE illustrate herewith our new "Ideal" Milk and Cream Vat. We have seen the need of a strong and more durable vat for a long time, and now feel confident that the "Ideal" Vat will meet with the very hearty approval of every factory operator. Cast iron legs, wrought iron frame, tinned steel inner vat, galvanized iron outer casing, automatic outlet valve, large water and ice space. Altogether the best vat ever made. . .

The Razor Steel

Secret Temper, Cross-Cut Saw

WE take pleasure in offering to the public a Saw manufactured of the finest quality of steel and a temper which toughens and refines the steel, gives a keener cutting edge and holds it longer than by any process known. A saw, to cut fast, must hold a keen cutting edge.

This secret process of temper is known and used only by ourselves.

These saws are elliptic ground thin back, requiring less set than any Saws now made, perfect taper from tooth to back.

Now, we ask you, when you go to buy a Saw, to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other Saw is as good, ask your merchant to let you take them both home and try them, and keep the one you like best.

Silver Steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand.

It does not pay to buy a Saw for one dollar less and lose 25c per day in labor. Your Saw must hold a keen edge to do a large day's work.

Thousands of these Saws are shipped to the United States and sold at a higher price than the best American Saws.

MANUFACTURED ONLY BY
