

OUR FARMERS' CLUB

Correspondence Invited

PRINCE EDWARD ISLAND PRINCE CO. P. E. I.

RICHMOND, Feb. 15.—We are enjoying very mild weather. Pheas are coming again. Stock is wintering well. Feed is plentiful. The agricultural short course is at Charlottetown is now in session. About 500 students are present. Among the instructors are: Clark, Ross, Reid, Mitchell, Cooke, Benson, Robertson and Moffat. The markets are quiet on account of the roads. Eggs, 30c; butter, dairy, 36c; oats, 40c to 46c; pork, 101c; hay, \$10 to \$11.—J. D. McI.

QUEBEC

COMPTON CO. QUE.

COMPTON, Feb. 5.—We have had regular spring weather so far this winter. Sugar has freely late week, and lumbermen have been able to do any teaming yet. Feed has been very scarce and hard to get, but there is plenty now, and it is cheaper than it has been for some time. Prospects look bad for the hay crop next year, as the grass has been bare all winter.—H. G. G.

RICHMOND CO. QUE.

DANVILLE, Feb. 13.—We have been having a spell of severe winter weather, with very little snow. Lumbermen who are any distance out of the town find it hard to get their lumber to the market. Prices for all farm produce remain high, although eggs have taken a decided drop to 25c per doz. New milk cows are scarce and high in price.—M. D. B.

ONTARIO

CARLETON CO. ONT.

BRITANNIA HEIGHTS, Feb. 7.—Produce of farms seems to be duller this year than last. Hay is \$10 to \$14; oats, 35c to 38c; wheat, 80c; potatoes, 75c to 82c a bag; beef, 50c for front; 70c for hind; pork, 8c for heavy; 10c for light; eggs, 30c to 35c a doz.; fowl, \$1.25 to \$1.50 a pair; geese, \$1.50; turkeys, 35c to 40c.—J. A. D.

GRENVILLE CO. ONT.

DOMVILLE, Feb. 12.—We are having very cold weather but very little snow. Only a few farmers have gotten up any wood at all as they are waiting for sleighing. There are some new milk cows in our district now. Our factory is still separating and selling cream. The sale prices are quite common now, cattle bringing a fair price. Hay commands a fair price, \$12 at Prescott and \$12 at Brockville; eggs, 35c to 36c; poultry, 60c to 85c a pair; potatoes, 60c a bus; shorts, 92c; bran, 82c to 83c; gluten meal, 92c; oats, 40c a bus. Buyers have been through and bought up all the young calves.—G. W. C.

OXFORD CO. ONT.

AYR, Feb. 10.—The past week has been a very severe one, the wind driving the frost into the stable and cellars. The market for cattle and hogs is gradually getting stronger. The home market is demanding more and better beef, and not so much is being shipped out. A considerable trade is done in shipping of feed, such as corn and oats. It has been a hard year on most farmers, with little or no wheat; short of straw and some of them buying feed.—G. C. S.

MIDDLESEX CO. ONT.

APPIN, Feb. 10.—The apple growers of this district, protesting by the experience of 1912 in relation to apple marketing, have organized the Glace Fruit Growers' Association to cooperate in selling their future crops. A publicity campaign has also been organized in Middlesex Co., in which over \$2,000 is being spent to bring the advantages of this county to intending investors and labor seekers from the Old Land.—G. M. J.

SIMCOE CO. ONT.

ELMVALE, Feb. 8.—We have had exceptional dry weather until last week. It has become very stormy, but the temperature is not excessively cold. Prices of fodder range considerably below last winter. Hay, \$8 to \$10; straw, 4c to 5c; potatoes, 75c a bag. Marketing produce, owing to bad roads, is difficult. There has been plenty of snow, but owing to high winds some roads are swept bare.

People Who Want Your Stock

There is a great demand for good, pure-bred stock amongst the readers of Farm and Dairy.

Mr. J. Brown, of Stamford, Ont., recently advertised a Holstein bull in these columns, and he has since written us saying:

"I had sent from the town and parts of the province in reply to my ad., even getting one from Grandview, Ill., which shows that your paper has an extensive circulation, so I have every reason to be pleased with the result of my advertisement."

It will pay you to advertise your pure-bred cattle in Farm and Dairy. Your ad. will cost you only \$1.00 per inch for the space it occupies, and it will go out to upwards of 15,000 possible buyers.

Fit up your advertisement to-night and mail it to Farm and Dairy in time to catch next issue. Have it in for several issues and it should pay you well.

while others are almost blocked with snow.—C. S. B.

BRUCE CO. ONT.

MEADOWTON, Feb. 12.—Through the month of January, farmers here thought they would not be able to get a supply of ice this winter, but since February came in they have changed their minds as the weather has been rough and cold. A large quantity of kiln wood is being taken out this winter. Buyers are paying \$2 a cord for it at the railway station. Very little good wood is going in. The mills are getting in a very good supply of logs.—J. E. L.

BRITISH COLUMBIA

NEW WESTMINSTER DIST., B. C.

NEW WESTMINSTER.—Our winter has been an easy one on coal bills, but not as satisfactory to trade in general as is colder weather. Eggs, however, have been in unusually good supply, and probably the supply and demand for consumption is better than it would otherwise have been. There are great openings here for dairymen. We don't meet our own demands.—F. E.

HOLSTEINS

Lilac Holstein Farm

Offers young Cows and Yearlings at moderate prices.

W. F. STURGEON

Bellevue Sta., C.P.R.
Brockville, G.T.R.

Glen Buell, Ont.

M. at 1 year 11 months (world's record). Loin Keyes, 15,240 lbs. in R. O. P. as a senior two-year-old (world's record), and Jewel Pet Foch, De Kol, 3,540 lbs. butter at 4 years (world's record). Prices reasonable. All correspondence promptly answered.

WM. A. SHAW, BOX 21, FOXBORO, ONT.

HIGH-CLASS HOLSTEINS

If you are looking for high-class Holsteins, plan on making a visit to Vaudeuil, Que., to make your selections. Vaudeuil is on main line of G. T. R. and C. P. R., twenty-four miles west of Montreal. Telephone 31 R. 2.

LES CHENAUX FARMS, VAUDEUIL, QUE.

Dr. L. de L. HARWOOD, Proprietor

GORDON H. MANHARD, Manager

FAIRVIEW FARMS HERD

Offers a splendid son of Rag Apple Korydye, the young bull we recently sold for \$5,000.00, and out of a 14-month daughter of Pontiac Korydye (record made at 1 year).

Calf is five months old, nicely marked and straight as a string, and I will sell him for less than the money. WRITE ME FOR PRICE, ETC.

E. H. DOLLAR, Heuvelton, New York (Near PRESCOTT)

"IDEAL" FENCE---"MADE-TO-LAST"

When you invest good money in a wire fence you want that fence to LAST—to stay taut and staunch year in, year out, without needing repairs every spring.

And you get fence that lasts when you choose "IDEAL" Farm Fence—it's made with you in mind—made to be THE fence for the man who invests his money wisely. Every inch of every "IDEAL" Fence is FULL SIZE STANDARD Number Nine.

Gauge hard drawn steel wire—tough, highly tempered, springy, heavy wire of the best quality possible. Some fence-makers use cheap wire for the horizontal and softer, weaker wire for the stays—but not "IDEAL" Fence.

Fence. It's ALL heavy hard wire—that's why "IDEAL" is the fence that outwears all others; and THAT'S why you get more use and more value for your dollars when you buy this perfected farm fence.

Just Trust "Ideal" Woven Wire Fence

The galvanizing starts with it; the lock won't loosen under any strain a fence ever conceivably will have to stand; the wire is of the best quality, the horizontal and softer, weaker wire for the stays—but not "IDEAL" Fence. It's ALL heavy hard wire—that's why "IDEAL" is the fence that outwears all others; and THAT'S why you get more use and more value for your dollars when you buy this perfected farm fence.

Gladi to send you details of all the many "IDEAL" styles—there's one for every fence purpose. Drop a card for catalog 125
