

JACK FROST IS COMING

and you will soon have to stable your cows. Be prepared for the extra work entailed by having your dairy barn well equipped. Install Louden's Litter Carrier, and have the best working outfit in the community.

Louden's Litter Carrier is made of heavy galvanized steel, without a particle of wood about it. It is raised and lowered by means of an endless chain operating on a screw gear, and is very easily operated. It has a perfect dumping device, and the box is always securely held when it is returned to its original position.

The small amount of money necessary to secure one of these valuable labor-saving machines should be no obstacle in purchasing one, for you cannot afford to do without one.

Perfect results are what you get when you use a

Dain Double-Gear, Belt-Driven, Steel Hay Press

Carefully and substantially built of high-grade materials, it will give lasting service under the heavy strains and trying usage to which a hay press is subjected.

Wherever steel is better than wood, steel is used in its construction. Outdoor exposure does not affect the DAIN. It doesn't warp or swell like a wooden press.

WHETHER YOU HAVE

a press or contemplate having one, you should ask for our free catalogue, giving sound and valuable information on the subject. There is a DAIN Press to suit every pocketbook. Any DAIN Press will be the best press investment you could make at its price.
