A Phenomenal Record

AS a tree is known by its fruit, so also is a life company known by its actual results to policy-holders. In this respect

has few, if any, equals; the "actual results" realized under its policies have never been excelled by any Canadian Company.
 This may be accounted for by the fact (1) That as this Company has no stockholders to absorb a part of its earnings, all its surplus belongs to and is equitably distributed among its policyholders; (2) It has the lowest expense ratio to income of any Canadian Company, notwithstanding that its net business in force in Canada during the past ten years has increased more rapidly than the Canadian business of any other native Company; (3) That its death losses have been, for many years, only about one-half of the amount "expected" and provided for, thus showing the excellently fine quality of the Company's business, and (4) That in 37 years, during which the Company has been in operation, not one dollar received from its policyholders has been lost out of the millions invested for their security"—a phenomenal record.

A Healthy Sign

in the life of any publication is First: the condition of its subscription list; Second: its class of advertisers. The Commercial has never enjoyed a more prosperous period than the present—particularly in the matter of new subscribers. The reason is not far to seek. This journal's paid circulation is larger than that of any weekly trade newspaper in Canada, and in the middle and Western Canada its circulation is larger than the combined circulation of all other trade newspapers.
 Advertisers in the Commercial get RESULTS. If you want business from the rapidly growing and best buying provinces place an advertisement in
