The story of this statue has a special interest. he was equal to the task imposed upon him. Very few saints have been so popular with artists as Cecilia. On the rude

wall quite close to the place of her empty tomb, an early artist's loving hand has depicted his ideal of what she might resemble. The method of painting and other considerations known or observed by archaeologists lead them to the conclusion that this work of art should be attributed to the seventh century. It is in fresco, and occupies the place of a mosaic demolished at an earlier period. Some of the tiny cubes mosaic are still to be seen inserted in the wall around this fresco. The

FATHER ANTHONY O'TOOLE. The Story of the Fine Old Irish Priest Told by Katherine Tynan Hinkson.

On the wall of the island chapel writes Katherine Tynan Hinkson in ing in a garden of flowers, tall, red the Ave Maria, there is a tablet which roses blooming on each side of her. The strangers read curiously. The instrangers read curiously. The in-scription runs: "Father Anthony For thirty years the shep this people. Died Dec. 10 Toole. herd of this people. Died Dec. 10, 1812. Aged eighty years. 'He will avenge the blood of His servants, and will be merciful unto His land and to His people.""

Many and many a time has a summer visitor asked me the meaning of the Old Testament words on the memor ial tablet of a life that in all probability passed so quietly. Any child in the island will tell you the story of Father Anthony O'Toole. Here and there a very old man or woman will remember to have seen him, and will describe him -tall, despite his great age ; with the frost on his head, but never in his heart; stepping down the cobbles of the village street, leaning on his gold-headed cane, and greeting his spiritual children with such a courtesy as had

After relating this incident, the intervent the maximum provided and maximum provided and the provided at the some reason or other, shook the dust of had always a great desire to be sent to the land of his fathers - the land of faith and hope, of which he had heard from many an Irish refugee ; and in due time his desire was fulfilled. He reached the island one wintry day flung up out of the teeth of storms and was in the island thirty years, till the reveille of his Master called him to the muster of the heavenly host.

Father Anthony seems to have been innocently ready to talk over his days of fighting. He was not at all averse to fighting his battles over again fo these simple children of his, who wer of music; this young priest with the every day in battle with the elements kindly, intelligent countenance is from and death, Peter Devine remembers to have squatted, burning his shins by the turf, and watching with fascing scapular over it and with the cross of tion the lines in the turf ashes which vory and ebony hanging on his breast represented the intrenchments and the guns, and the troops of King Frederick, and the French line, as Anthony played the war game for old Corney Devine, whose grass grown grave is under the gable of the island chapel. Now and again a fisherman was ad-

mitted, by special favor, to look upon the magnificent clothing which Father Anthony had worn as a colonel of French horse. The things were laid away in lavender, as a bride might

keep her wedding dress. There were the gold-laced coat and the breeches with the sword slash in them; the sash, the belt, the plumed hat, the high boots, the pistols, and glittering among sight of these tombs, empty enough them all the sword. That chest of thought they be to day, that once held Father Anthony's and its contents were something of a fairy tale to the boys of the island, and each of them dreamed of a day when he too might behold them. The chest, securely locked and clamped, stood in the sacristy ; and Father Anthony would have seen nothing incongruous in its neighborhood the sacred vessels and vestments. H<sub>3</sub> generally displayed the things when he had been talking over old fighting days — to the island men mostly, but occasionally to a French captain, who, with a cargo (often con traband) of wines 'and cigars, would run into the island harbor for shelter. Then there were courtesies given and exchanged ; and Father Anthony's guest at parting would make an offer ing of light wines, much of which would find its way to sick and infirm island men and women in the days that

ollowed. Father Anthony had been many placid years on the island when there began to be rumors of trouble on the main'and. Just at first the United Irish Society had been quite the fashion, and held no more rebellions than the great Volunteer movement of a dozen years earlier. But as time went by things became more serious. Moderate and fearful men fell away from the society, and the union between northern Protestants and southern Catholics. which had been a matter of much concern to the Government of the day, was met by a policy of goading the leaders on to rebellion. n the world came vaguely, as from a dis ance, to the ears of the island prople. They were like enough to be safe, though there was blood and fre and torture on the mainland. They were all old and helpless people, and they might well be safe from the soldiery. There was no yeor anry within many miles of the island; and it was the yeomanry, tales of whose doings made the islanders' blood run cold. Not the foreign soldiers - oh, no! They were often merciful, and found this kind of warfare bitterly distasteful. But it might well be that the yeomanry, being so busy, would never think of the island. Father Anthony prayed that it might

be so, and the elements conspired to help him. There were many storms and high tides, that set the island rid-ing in safety. Father Anthony went ap and down, comforting those whose husbands, sons and brothers were in the Inferno over yonder. The roses in his old cheeks withered, and his blue eyes were faded with many tears for his country and his people. He prayed incessantly that the agony of the land might cease, and that his own most belpless flock might be protected from the butchery that had been the fate of many as innocent and helpless.

The little church of gray stone stands at the vanguard of the village, a little nearer to the mainland and the spit of sand that runs out toward it. You ascend to it by a hill, and a wide stretch of greensward lies before the toor. The gray stone presbytery joins the church and communicates with it. The great religious and tender Father to whom were addressed these lines, so full of filial love and reverence, had gone to his rest a few weeks before-on the 21st of January, 1615 Cut off from the outer world as he had been since the previous October, our martyr had not heard of Father Aquaviva's death ; but we may fondly believe that his affectionate appeal found an echo in the courts of heaven,

and that the prayers of the holy General of the Society were not wanting to his " little son and servant " during the closing scenes of his bitter passion. A third letter is addressed to Father Alberi, an eminent member of the Order, who, when Provincial of Austria, had admitted the young Scotch postulant, John Ogilvie, into the Society. The captive confessor reminds Father Alberi of this fact, and recommends to his charity his fellow-prison er, John Mayne, for whom he begs "a little of that kindness which I myself have experienced." He goes on to

speak to him of the manuscript en. trusted to Mayne, and ends thus: "This letter is dated from my prison woven of chrysanthemum, and narcis at Glasgow, where I am stretched on sus, and nasturtium, and tiny ferns. the ground and loaded with chains In the great cavity, or niche, opening

The Christians, nov as then, were holding religious services in the catacombs. It may be said that the majority of travellers and tourists

at present visiting Rome might be me with here in this cemetery of Callixtus, crowding the chapel of St. Cecilia and the galleries and corridors near it. and attending with silent awe to the ceremonies held here on this her feast day beside the empty tomb of that popular saint. Year by year the crowds that throng this spot increase, and the decoration of the place becomes more elaborate.

This shrine, which once held the body of St. Cecilia, is a rudely shaped, spacious cave cut beneath the soil, at the entrance to the catacomb, and it is to-day turned into a bower of beauty by the profusion of flowers with which it is decorated. From the conicalshaped *lucernario*, or air aperture, admitting faintly the pale rays of sunlight, great long festoons of odoriferous pox branches, interwoven with pale and pink and flaming red roses, droop in graceful outlines. The walls are o the crude tufa-the volcanic stone of the soil around here-and are as the sides of a quarry.
