EDUCATION.

Mrs. C. E. Ratchford

BEGS to give notice that she intends opening a

FEMALE SEMINARY

after the Christmas Vacation in the Village of Amherst for the instruction of Young Ladies in the ordinary and higher branches of Education.

As Mrs. Ratchford will have the assistance of another Lady—highly qualified to impart the usual accomplishments—she offers her services to Parents and Guardians with the greatest confidence.—It will moreover be a primary object to obviate—those not unjust prejudices which prevail against Boarding Schools—by unremitting attention to the moral conduct of the Pupils, as well as to their social intercourse out of School, in a word affording them the privilege of a well regulated home.

Amherst is a remarkably healthy part of the Province—and in that respect possesses advantages over a Town residence—especially for children of a delicate constitution. Excellent Boarding said is also at hand—and the Institution is within a few minutes walk of four different places of Public worship
