# British and Foreign Bible Society.

After a few congratulatory observations from the Chairman, the Rev. Mr. Phillips read the annual report, which enumerated the various grants of copies of the Scriptures made to Mis-

ionary and other Societies, and detailed the progress of the work of biblical translation into Courier nerous lauguages and dialects. The financial statement showed that, exclu sive of the Jubilee Fund, the receipts of the year ending March 31 amounted to £109,160 10s. 8d., being an increase of £711 9s. 10d. over those of last year. The receipts applicable

to the general purposes of the society amounted 11d. fee contributions from auxiliary Societies, being a clear increase of £2,422 16s. 11s. on that item. The amount received for Bibles and Testaments amounted to £54,572 19s. 2d., being an increase of £2,807 fs. 5d. The issues from the Society's depots were-home, 840,552;

My brother also states that he has used the Mustang Limment with the most perfect success, in two cases of severe bruises, at our Factory in Williamsburgh, and says that he considers it invaluable about an establishment where a large number of men and horses are at work, and constantly liable to serious accidents.

Petres Foschati, No. 146 William Street, New York, had a ever sore on one of his legs, that had been a source of great annoyance to him for many years. The Doctors, after every effort to cure it without success, told him that it ought not to be healed: as the system was deranged, and the bad humours caused by the use of mercury, must have an outlet to work of: He used one Fifty cent bottle of the Mustang Liniment, and the leg is sound:

It has also accomplished great good in the permanent; cure of Poll-Evil, Sprains, Founder, Seratches, Cracked Heels, Wind dalls, Fistula, Sprains, &c., in Horses, and every Farmer should be supplied with this medicine, as a large amount each year can be saved by its use upon their stock. A Livery stable keeper of this city had a match horse which he prized very highly, that had a Ringbone on both legs. The horse was completely cured, and his limbs left perfectly smooth by the use of the Liniment.

Read the following testimonial from Worcester County:

Webster, Mass., Aug. 14, 1852.

I have been using the Mexican Mustang Liniment upon a valuable Horse that for a long time has been lame, and by the use of two bottles he seems to be restored from lameness.
