## Learn to be A JUDGE

of wire fence. The quality of wire, and the stays, are the vital points to be considered. It is upon these points the **Dillon**

**Fence** has gained the ascendancy. The wire used in the **DILLION FENCE** strands is made of Hard Steel, highly-carboned and coiled, to protect it from the effects of contracting and expanding.

The **Dillon Hinge-stay** is the only one of its kind and forms a square mesh. The stays will not slip nor bend when the top wires are borne down, and under no condition of weather can rust accumulate and eat its way through the wire. It is a common-sense fence. Write for our free illustrated booklet. Live agents wanted in unrepresented localities.
