Nature's Mirror

When a woman is well and healthy—there's a sparkle in her eyes, a rose tint in her cheeks, and she has rich red blood. After taking nature's tonic which Dr. Pierce called "Favorite Prescription," there's elasticity in every movement and a spring in her step. Love comes to every

woman who has bounding health—but when she is pallid, dull eyed, languid, she has no magnetism nor does she appeal to any man.

SAVED A LIFE

Elmira, Ont.: "I have a very kind feeling for Dr. Pierce's Favorite Prescription for it once saved my mother's life. When going through middle age her health failed very fast; she suffered with pain in her head and backache, in fact, she had pains and aches all through her body. She lost weight, was very nervous, would become dizzy and at times faint and fall wherever she chanced to be. This necessitated our watching her all the time, we dared not leave her alone. She was as miserable as one could be and live. Dr. Pierce's Favorite Prescription was recommended to her. She took six bottles and was completely restored to good health."—MRS. B. E. UPTRE-GROVE, Box 223.

A war tax of \$5.00 has been placed on all newspapers and job printing plants.

Almost \$8,000,000 was wagered in three Ontario race meets during the last racing season, according to statistics issued from the provincial treasurer's department. The amount wagered at the Windsor meet from Sept. 1 to 8 was \$3,607,770.

Over five hundred entries were received by the Commission of Conservation for the exhibition of live silver foxes held in the Motordome Building, Montreal, and the first international silver fox exhibition ever held in Canada.

The manufacturers appear to be unanimous in the opinion that the country is on the threshold of a commercial depression, that the bubble of prosperity is about to burst. All who have situations are advised to hold on to them as long as they last. Those who are out of work should make it a point to get something to do if at all possible.

No Guesswork.

Our method of testing eyes and fitting them with glasses, is modern, up-to-date and scientific.

THERE IS NO GUESS-WORK

It costs you nothing to let us examine your eyes.

If you are suffering from headaches, pain in back of eyes, or vision is blurred, or you get dizzy easily. Something in the matter with your eyes. We fit glasses that relieve the strain.

Prices Moderate.

Manufacturers have been securing their licenses to carry on sales as required by the sales act. One advantage of the license will be that instead of paying 2 per cent. tax on goods going into the manufacture of other goods they will only have to pay one per cent. provided on the order for those goods they give their license number.

Petty thieving is still going on in Durham according to the Chronicle. On Saturday night of last week a sneak thief entered the Methodist Church shed and removed the tugs and breast collar from a horse that had been driven to town by a man from Normandy and left in the shed.

The man was obliged to drive home with an improvised outfit made of rope.

Between 1914 and 1919 farm lands with houses and buildings in Canada increased in value per acre from \$38 to \$52.
