Pelett's Bazaar

TO WHOM IT MAY CONCERN.

This certifies that Mr. A. E. Pelett was in our employment for a considerable time as salesman and piano tuner, and we found his services very satisfactory. He left of his own accord, as we understood, to start in business for himself as a piano tuner, and we were very sorry to lose him. We have much pleasure in recommending him to all persons of the Williams Piano and others of a competent piano tuner whose work has invariably given satisfaction. We trust those who have purchased pianos from us will patronize Mr. Pelett. We take this opportunity of cautioning our patrons and the public in general against travelling tuners representing themselves as acting by our authority. All such persons should be discarded unless they can produce written evidence of authorization signed by our General Manager.

Hoping you will be good enough to favor Mr. Pelett with your patronage, we remain, with best respects, Yours very truly,

People With Assessment Grievances Air Them—The Court's Decisions.

The civic court of revision held a busy day session yesterday. The appeal of Inez Astin and others on the Lacroix street sewer was adjourned until the 22nd inst.

R. W. Scane appealed on the Forryth St. sewer, that he was assessed for whole lot between his property and of Ed. Taylor. On motion the court decided that Mr. Scane be assessed for 45 feet and Mr. Taylor for 48 feet the latter to be notified for the 22nd.

Geo. Witherspoon and Geo. Jamieson appealed on Forryth St. sewer. J. B. Rankin appeared for them. They alleged they were not benefited, Wellington St. sewer being all the drainage they required. Bad for Bronchitis

but extremely good for the sufferer from that harassing disease is Dr. Ayer's Cherry Pectoral. No medicine can compare with this great remedy in the prompt and permanent aid it gives in all bronchial affections. It stops the cough, soothes the irritated throat, and induces refreshing sleep.

"I had a bronchial trouble of such a persistent and stubborn character that no doctor pronounced it curable with ordinary remedies, but recommended me to try Ayer's Cherry Pectoral. One bottle cured me."
J. C. WOODSON, P. M., Forest Hill, W. Va.

"A short time ago I was taken with a severe attack of bronchitis, and neither physician nor ordinary remedies gave me relief. In despair of finding anything to cure me, I bought a bottle of Ayer's Cherry Pectoral. Less than one bottle entirely cured me."

A Democratic Governor and a Republican Legislature Likely in New York.

New York, Nov. 2.—The Herald publishes reports from all parts of New York state on the exciting political campaign now in progress. After a careful review of these reports the Herald says that it has no hesitation in saying that Judge Van Wyck (Democrat) now has a lead over Theodore Roosevelt (Republican) in the race for the governorship; that the legislature of the state of New York will be Republican, and that a Republican successor to Edward Murphy will be sent to the United States Senate.

THAMESVILLE.

Nov. 2.—The sacred concert in the Methodist church on Monday night received a fair patronage, the musical portion of the program being of the best throughout. The vocal renditions of Mrs. Cooper, of Chatham, were loudly applauded. Suitable addresses were given by Revs. J. E. Holmes, of Stratford, John Kennedy, of Florence, and W. Mitchell, of London. The Methodist congregation should be gratulated on the grand success of their enterprise and great credit is due their pastor, Rev. G. J. Kerr, who has labored so faithfully for its accomplishment.

The boys were very moderate with their hallow'en pranks and but little annoyance was caused.

A very interesting game of football was played on the agricultural grounds yesterday afternoon between Ridgeway and Selton resulting in a tie, no score being made by either team.

W. F. Kennedy has returned from Buffalo. His experience on the wrecked train on Sunday morning was rather thrilling and his escape from instant death almost miraculous. He was seated in the caboose of the forward train and when the rear engine struck it and threw the caboose completely over the next car. When Mr. Kennedy recovered from the shock he found his coat on fire having caught from the stove in the car, which also struck his foot and a slight lameness and a black eye is the extent of the injuries he received.
