TEMPERANCE SOCIETY.-At the stated monthly meeting of the Society on Friday last, interesting and effective addresses in connection with the object of the Association were delivered by the Rev. W. Griffin and Mr. D. Savage. Our limited space will only permit of our extracting the following passage from the former gentleman's address, exhibiting the singular inconsistency of some of the leaders in the Sabbath Desecration movement:-

"The exertions that are made by certain parties to abrogate and set aside certain regulations that violate the law which requires us to keep holy the Sabbath day, are certainly highly laudable; but yet it is perfectly contemptible to see the zeal with which they direct their energies against encroachments made in one direction, and the indifference with which they look upon more rampant violations of the law in another. If the profanation of this day be involved in the observance of a law established by the Government, their unspeakable concern and holy indignation are at once excited, while at the same time they behold, apparently unconcerned, its fearful desecration, caused directly by the drinking customs of the community, and indirectly by existing regulations of the Government. We see men sustaining the most influential position in the church entering their solemn protest against Post Office regulations. We hear them asserting that their duty to their God and the church will not allow them to be silent spectators of the wrong and outrage committed upon the rights and feelings of society, and 'this sacred Institution of the Lord,' and hence, as an evidence of the intense regard they cherish for this holy day, petitions are framed and circulated with the greatest possible industry. But ask these same persons to aid us in our Total Abstinence efforts, in preventing the crimes originating in the drinking usages of society, the most notorious of which is the desecration of the holy Sabbath, they absolutely refuse to comply with the request, declaring their unwillingness to substitute any human institution for the gospel of the grace of God, which is sufficiently powerful in itself to pull down all the strongholds of Satan. But, if the gospel be competent to remove the causes of Sabbath profanation in one quarter, why not in another? The gospel that is competent to the closing of the Taverns on the Lord's day, is, on the same showing, able also to shut the Post Office. Surely if the great Total Abstinence movement be useless as an instrument to aid the church in her efforts for the suppression of drunkenness-upon the same ground, then, although unnecessary must be the great organization that has been lately formed for the 'better observance of the Sabbath.' If the one be a substitution for the gospel, then is the other such also."

Now, this statement of the case is incontrovertible as it is pointed. How is it that we find it so easy to induce certain parties to agitate for the suspension of Post Office labor on the Sabbath day, who yet will not aid abstinens to prevent the desecration of the day by Tavern labor and debauchery? A scratch of the pen is only required in the one case-a life of self-denial in the other.

TEMPERANCE MOVEMENT IN WATERLOO.-On Friday last, the Rev. R. Dick delivered a Lecture on Total Abstinence in the Wesleyan Chapel, Berlin, drawing arguments in its behalf entirely from Scripture. The Rev. gentleman, in conclusion, stated the origin, principles, and design of the Institution of "The Sons of Temperance." The auditor was alike large and respectable. Thereafter Mr. Dick organized a Division of "The Sons," twenty-eight members joining on the occasion.

Mr. Thos. Sparrow, W. P. Mr. H. Bonaman, W. A. Dr. James Whitney, R. S. Mr. William Moore, T. Mr. Dick organized a Division of "The Sons" in Preston on Saturday, and on Monday another Division in Galt.

RETIREMENT.-We had two Artillery Officers in town last week, for the purpose of purchasing horses for that branch of the Service-only three suitable to their purpose were offered, and these were purchased. We are aware of more than one party who has been rearing horses with a view of this disposing of them, but who missed the chance from ignorance of the presence of the Officers in town, of which, perhaps, not one farmer in twenty throughout the County was cognizant. Our thrifty Government cannot afford to insert an advertisement in reference to the matter, in any paper published in the County of Waterloo, although advertised in Districts far less likely to supply the article wanted.

We learn from the Galt Reporter that Bernhardt, who was struck blind by lightning in New Hope some two weeks since, is likely to recover his eyesight. The parts of his body scorched by the electric fluid are still causing him intense torture, from the constant necessity of lancing the flesh to permit the escape of matter.

BUILDING SOCIETY.-Five shares of the County Building Society were disposed of yesterday at the following amounts of bonus:-40, 45, 46, 47, 49;-being an average of £23 17s. bonus on each £50 share.

WEATHER AND CROPS.-Notwithstanding the large quantity of rain that has fallen in this District during the present harvest, the Wheat crop has only been very partially injured, and that in particular localities. The Fall wheat has been generally well got in in this and the adjoining townships, and is expected to turn out considerably over the average amount per acre. Spring wheat will be a light crop, and generally considerably injured by rust; happily the breadth under this grain is much less than usual. Oats will be about an average. Turnips have suffered much from the continued rains. We hear nothing of Potato rot.

ANOTHER VICTIM OF INTemperance.-On Saturday, a most melancholy event took place at the Wellington Hotel; about four o'clock a. m., it was discovered that the Rev. A. H. Rose, who a few days since arrived in this city from Cincinnati, had committed suicide by cutting his throat with a razor. He had been dead some time when found. The unfortunate man is well known in this Province, having occasionally done duty as a clergyman of the Church of England, although never regularly employed; but he had been dismissed from the diocese for intemperance, an inveterate addiction to which vice appears to have led finally to self-destruction. An inquest was held forthwith, but adjourned until this day. Toronto Patriot of yesterday.

[The above unhappy victim of the drinking customs of society was recently an inhabitant of this town, and is well known to our readers.]

SCANDAL AND SLANDER.-We observe in last number of the Advertiser a piece of particular baldness under the above heading, with the spurious title "Communicated." We have recently suppressed several communications of a personal nature, having a tendency to provoke unedifying and irritating controversy. Our motive seems to be misunderstood-we shall act on it no longer. The Ex-Editor of the Advertiser made strong animadversions the other day on the cowardice of anonymous correspondents; and the author of the communicated nonsense now pointed to harps on the same string, acting with assiduous stupidity the character he denounces. While we throw his injurious imputations back in his teeth, we would suggest an improvement in the frontispiece of his new work-a bottle-green jackass, graced with his own profile, and underwritten the word "COMMUNICATED."

CAMBRIA.

NEW YORK, AUG. 7, 10 A.M.
The Cambria arrived at Halifax yesterday.

ENGLAND.
The political news from England presents no feature of importance. The ministry have, however, sustained two defeats in the House of Lords. The potato rot is said to have appeared in a mitigated form in England and Ireland, the effects of which are beginning to be felt in the corn market, notwithstanding the prospects of an abundant harvest.

The news of the death of President Taylor created a very great sensation. The leading journalists devote much space to the reviews of his character and exploits; in which they pay a great tribute to his worth. A large number of American citizens in London, assembled on the 25th ult., at which the American minister presided, and passed a series of highly patriotic resolutions, expressive of the great loss their country has sustained in the death of their President, and their sympathy with his family.

proposed and rejected-finally the debate was adjourned till Monday. The political news from Ireland is devoted of interest. It is said that her Majesty intends paying that country another visit.

Money market continues easy, and discounts were readily obtained at a very low rate.

FRANCE.
In consequence of the death of the President of the United States, the President of the French Republic will go into mourning for one month. A grand solemn service will be performed at Notre Dame for ten days. The National Flags will have black crepe attached. A sudden rise has taken place in the price of grain.

SPAIN.
The health of the Queen of Spain is quite restored. The Spanish news is of no importance.

PORTUGAL.
It appears that the Portuguese Government had sent a note on the 11th to the American Charge, in answer to the claim of the United States Cabinet, which was pronounced unsatisfactory by that gentleman. He in consequence demanded his passport. The foreign minister intended to forward the passport without delay, with a respectful note, expressive of a wish that the differences between the two countries might be arranged in a friendly manner.

Commander Martin's squadron was still in the Tagus, as also the two American vessels which were expected to sail on the 19th with Mr. Clay. The minister of foreign affairs had sent a circular through the Portuguese diplomatic agents for presentation to the different foreign courts, with details respecting the demands of the United States on Portugal.

PRUSSIA.
A despatch reached Berlin stating that a destructive fire had broken out in the city of Cracow, by which nearly half of the city had been destroyed. Many lives were lost, and a great amount of property consumed.

DENMARK AND THE DUCHIES.
An action between a Danish Man-of-war and the German steamer Bonec, took place on the 21st, in which the former suffered considerably, and was forced to retire. On land, the hostile armies were, at the last dates, face to face, and as the King of Denmark intends severe coercion, backed by the Court of Russia and the passive support of other great powers including England, there remains no doubt that a severe contest will ensue.

AMERICA AND PORTUGAL.
The Portuguese having declined to accede to the demand of the American Minister the American squadron still remains in the Tagus.

DREADFUL ACCIDENTS.
NEW YORK, AUG. 5.
About half-past 1 this afternoon, the rear of the large five-story brick store occupied by Messrs. Hoyt & Co., carriers, No. 46 Spruce Street, tumbled to the earth with a tremendous crash, burying in the ruins some 15 persons, workmen in the employ of Messrs. Hoyt & Co. It was known that many were alive under the ruins from the cries of agony that issued from various quarters of the weighty mass. Four persons have been extricated but could not be identified.

NEW YORK, AUG. 2.
A most frightful accident occurred on the New York and Erie Railroad, about 1 o'clock on Wednesday, which resulted in a great destruction of property and loss of life. The freight train from Oswego, to Piedmont, was precipitated into the Delaware River in consequence of the falling of the iron bridge, on the Musgonk Creek about three miles from Lackawanna. There were seventeen cars, containing 130 beef cattle, 500 sheep, and 200 hogs, all intended for the market of this city. The locomotive passed safely over the bridge, but the immense weight of the train of cars was more than the strength of the bridge could bear, and the whole was thrown into the river below-a distance of 70 feet-killing nearly all the stock, and five men who were in the cars, besides seriously injuring the conductor and brakeman. But 25 cattle and 100 sheep were saved from the whole live stock on the train. The conductor and brakeman were brought to port Jervis on Wednesday night where they remain in a very critical condition. The whole damage including the destruction of the bridge, is estimated at \$20,000.

A VETERAN.-Col. James Fitzgibbon, appointed by Her Majesty a military knight of Windsor, was instituted at St. George's chapel, on Wednesday morning, with the usual ceremonies. Col. Fitzgibbon was in the 19th and 61st regiments, and retired as a captain of the Grenadier Grenadiers, in 1816. Since that time he has been a lieutenant-colonel and colonel of the 1st regiment of Toronto militia, and assistant adjutant-general to the Militia of Upper Canada. He served in the action near the Helder, and elsewhere in Holland, and was taken prisoner at Egremont op-Zee. At the battle of Copenhagen he was in the Monarch, 74, which had 210 men killed and wounded, and was afterwards, until 1801, in Lord Nelson's ship the Elephant-the 49th regiment in these services acting as marines. Subsequently, in the American war of 1812-13-14, he was in the actions of Stony Creek, Port George, and several others, including the siege of Fort Erie. At the Beaver Dams, aided by a body of Indian warriors, with only forty-eight of the 49th regiment, he captured a force of 450 infantry, 50 cavalry, and two guns. In 1837, when endangered by the disaffected, through his foresight and precautionary measures, he saved the city of Toronto, and (with an award for doing so of 5000 acres of land, which, although three passed in the council, was eventually disallowed) received the thanks

of the Canadian parliament-thanks which were also tendered to this gallant and meritorious veteran officer for his efficient service as his chief clerk during an interval of thirteen years in his military and naval service.-Windsor Herald.
