"KEEP THE HEAD UP"

Good Advice For All on More Ways
Than One

"He is running with his head down. It's a pity," said the man who sat in front of me. We were on one of the nost of us is a little island called Patmos. Patmos has an entirely swift moving trains that carries city Greek population of four thousand, workers to seashore homes in the summostly sponge fishers, and although mer. His remark concerned a handsome, tawny collie that, separated in close proximity to Turkey, no Turks from its master, who was walking on dwell on the island, and no mosque the edge of the high bank of the railhas ever been erected where John road cut, had chosen to follow the was in the spirit on the Lord's Day.

The only export from Patmos, according to an old geographer who visited the island a hundred years ago was whistle. Around the carrie came a huge engine, snorting, powerful, inescapable—unless the dog should raise its head, unless his eyes should be the channel to his brain of the warning of the imminence of the engine and his

were three hundred churches on the island, which, seeing that the number of dwelling houses was only seven hundred suggests a rather handsome his eyes unseeing. The next second his eyes unseeing. women turned from the windows with hundred, suggests a rather handsome surplus of places of worship. The muffled cries. Ment set their jaws a monastery in which John's name is little firmer than they had been set to meet the onslaughts, the disappointperpetuated is a massive building perpetuated is a massive building flanked by towers like a fortress, and the visitor is shown inevitably the Or if he did the rumble of the train grotto on the mountain in which it is claimed that John wrote his book. Over the grotto a small church has been erected. The isolation of the island gives a pathetic interest to John's description of the heavenly bank of the railroad came two men Jerusalem when there should be "no more sea."

bank of the ramous and white heap.

They were the dog's master and a friend who were taking this Saturday friend who were taking this Saturday are stroll that ended in the petty. afternoon stroll that ended in the petty

Soaps are not advisable on the fine There's a moral in this tale though finish of the modern car, for most it be but the story of a dog. The man who sat in the seat in front of soaps are not pure in the sense that cleaning agents in them these are obviously detrimental. In garages of old book did not mean literal hills. the highest class, they go to the expense of procuring pure soaps, but whatever our environment, whatever our task, that while we are doing our work, we shall look unto the hills of The double knock at the door gener inspiration, "whence cometh our help. Workers have need to remember that the law of gravitation is a hard master. Always it draws us toward There is no law to dispose of a vi- the earth. Always it combats our deious rooster that attacks persons on sire to rise physically or in spirit.
