MONUMENT TO BATTLE OF MARNE

Memorial Erected by U. S.
Funds Will be Presented
To France

AT CLOSE OF THE WAR

By Courier Leased Wire
New York, Nov. 3.—A monument commemorative of the battle of the Marne and built by funds subscribed by Americans, is to be presented to France at the close of the war, it was announced here to-day by a committee which has been planning the memorial. To avoid any possibility of conflict with war relief work, no donations will be accepted until the end of the conflict, it was said.

It is inconceivable that the battle of the Marne, which may prove to have been the greatest in history—possibly the saving of civilization—should not be memorialized in some such manner," said the committee in making the announcement.

LOCAL W S

LIBRARY BOARD.
On Tuesday evening of next week the Public Library Board will hold its regular monthly meeting.

TOWNSHIP TAXES.
Township taxes are beginning to come in more freely at the Court House. The time for payment elapses on December 1st.

WORK IN CHINA.
An interesting account of his work in China during the past year has been forwarded to Chief Slemin by J. H. Crocker, formerly general secretary of the local Y.M.C.A.

NOTHING DOING.
There was a clean sheet this morning at the police court, and no sitting was held.

TOWNSHIP COUNCIL.
The regular monthly meeting of the Brantford Township Council will be held on Monday morning in the Court House at ten o'clock.

PRESENTATION.
The members of Alexandra church choir spent Hallowe'en night at the home of the organist, Mrs. George Cromar, taking advantage of the occasion to make a suitable presentation to Mr. Lloyd Warboise and Mrs. Warboise (nee Roszel). A pleasant evening was then passed in games and music.

NEWSPRINT PRICES.
Ottawa, Ont., Nov. 2.—Pending action by the government to fix the price of newspaper paper in Canada, the prices which have been in effect under the temporary regulation, will remain in effect. This temporary price minimum, which was effective until November 1, has been extended until November 20, it is announced to-day through the minister of customs.

HARD AND SOFT OR ANY KIND OF CORN

Tells how to loosen a tender corn so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a stick substance which dries the moment it is applied and is said to simply shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

"The Quality Goes Clear Through"

THE DOUBLE GUARANTEE.

TWO reputations guard your investment when you purchase a Gray-Dort.

Two liabilities are your assurance of doubly-satisfactory use and service.

Two institutions striving in united effort to maintain the foundation on which they have been built—full value to you, the purchaser.

In Chatham, Ontario, the Wm. Gray & Sons Company and Gray-Dort Motors Limited—the one hale and solid at sixty-two, the other strong and lusty in two years.

In Flint, Michigan, since 1885, the Durant-Dort Carriage Company; since 1915, the Dort Motor Car Company.

Gray—the Industry and its Builder

Our fathers and grandfathers rode in Gray Carriages—and found them built on honor and character.

In 1855, William Gray built the first of them—built them so well that Gray quality became proverbial.

Growing up in this atmosphere of big business, of successful enterprise, of worthy endeavour, was Robert Gray.

Under his guiding hand the Gray institution has been built solidly on its original foundation—value and service to the purchaser.

When others rushed into the motor car industry, Robert Gray bided his time.

Others experimented—on the motorist.

Others gained the reputation of a day—and lost it.

Robert Gray knew that the car bearing his name must have the same underlying qualifications as the Gray carriage—so he waited.

Dort—at the Same Time, in Flint

Paralleling the growth of Gray in Canada, was a similar institution in the United States.

Blue Ribbon Buggies were to Americans what Gray Buggies were to Canadians.

J. D. Dort, too, was building in Flint, as Robert Gray was building in Chatham.

J. D. Dort, too, was analyzing the motor car industry.

In 1915, Robert Gray decided that a good motor car could be built and sold at a reasonable price.

In 1915, J. D. Dort, studying the situation from the same angle, came to the same conclusion.

The two men met. Their identical views and aspirations inevitably attracted them to one another.

They chose as the engineering groundwork for their organization, Etienne Planché, designer of the world-famed Peugeot motor. They surrounded him with men of equal calibre, who round out an institution unique in its man-power.

After Such Preparation—

With two institutions so solidly founded the first Gray-Dort was built.

Is it any wonder that in three days the entire 1916 output was sold?

It was to be expected that a doubled output for 1917 was heavily oversold.

The output for 1918 is doubled again—and may be inadequate.

Note the Car for 1918

MOTOR—Gray-Dort, 4 cylinder, cast en bloc, L-head type, bore 3½ in., stroke 5 in., speed 2000 R.P.M., horse-power 23. Cast iron removable heads. Carter carburetor. Thermosiphon cooling. Westinghouse two unit starting and lighting system. Connecticut battery ignition. Three speed and reverse selective transmission, with double row New Departure bearings. Gasoline tank under cowl. 1 beam heavy duty front axle. 4 floating rear axle, with forked tube torsion and Hyatt High Duty bearings. 10 in. internal expanding and external contracting brakes. Springs—front 37 in. elliptic, rear 50 in. full cantilever. Left-hand drive. 16 in. irreversible worm and nut type steering wheel. Centre gear shift lever. Emergency brake, right pedal. Service brake, clutch pedal. Accelerator. Detroit demountable rims. 30x3½ Dominion tires. Nobly tread rear. Westinghouse electric lighting. Linoleum covered running board. Lock ignition switch. Dashlight, ammeter, roborail, footrail, clear-vision windshield, one-man top, tools, equipment complete.

GERMANS RETIRE BEFORE FRENCH

Have Withdrawn From the
Trenches Along the
Chemin-des-Dames

London, Nov. 3.—The Germans have retreated from points along the Chemin-des-Dames, in the Alsace sector of the front in France, according to the German official communication issued last evening. The communication gives no reason for

the manoeuvre, but says that it was made during Thursday night systematically and without interference by the French troops. The text of the communication follows:

"Unnoticed and undisturbed by the enemy we systematically withdrew our lines from the hilly front of the Chemin-des-Dames last night."

The entire line to the north of the Alsace where the Germans were last reported as facing the French is undulating in character from the Soissons sector eastward to the vicinity of Craonne, and therefore it is impossible to delimit from the rather terse acknowledgement of withdrawal the terrain which has been given up.

Nevertheless, it seems apparent that the Germans, tired of the ter-

rrible ordeal they had been forced to undergo for some time from the French artillery and violent infantry attacks, have decided to fall back upon Laon, capital of the Department of the Aisne, which with its network of railways, has been the quest of the French. It is possible and seemingly probable that the withdrawal of the Germans will compel also the falling back of the German forces in the turn of the battle-line in this region running northward to St. Quentin, if indeed it does not affect the German positions as far north as Arras.
