It is by no means difficult to un terstand the process of reasoning by which that conclusion is reached. The cries of impositions which led up to he separation of the American col es from the mother country we not sustained by the great mass English people. Succeeding get ns of Brivons have attributed loss of the colonies to the mist and prejudices of a British ministry and not to racial enmity.

The revolution which brought the great republic into existence was fought in defense of rights and privileges which England herself had reized for centuries, and the lesson if the struggle was not lost. Since that day the colonial policy of the mother country has undergone a complete change." Self government has been granted wherever ability and a desire to undertake its manifold reponsibilities have made themselves manifest. The birth of the American republic signalled the inauguration of movement in behalf of civil liberso wide in its scope and so deterined as to prove in the end absoluxely irresistible.
