The Ladies' Auxiliary of the Presbyterian church will meet on Wednesday at the home of Miss Jessie Glazier.

Hockey Tournament Held At Brockville

GOOD HOCKEY PLAYED

A Total of Only Eight Scores in Three Games

The Brockville Arena on Friday night was well filled by hockey enthusiasts when a real feast was provided. The Athens team provided the fish, Westport and Newboro the steak and Caseys the cake. The menu arranged, rearranged and disarranged by the far seeing and far reaching management committee left nothing to be desired, by the Casseys.

Their clash with Athens, intended as an appetiser previous to their attack on Newboro, fulfilled its mission. By way of advertisement we might say that our contribution to the feast was a purely local product and while it may not have been fully matured it graded high in its class and if perchance another such banquet is held next year we can provide the same product in a better state of maturity.

Westport and Newboro those ancient rivals furnished the truly substantial part of the feast. Travelling at a furious pace they gave the best they had and on a perfect sheet of ice showed that they knew a little at least of the finer points of hockey. As the score shows they are very evenly matched.

The Casseys, that mysterious and redoubtable team, the holders of the City League Championship, the Stewart Trophy and, as events will show the Arena Cup, filled out a repast appreciated by all who partook thereof. Their friendly rivals of a year ago were eliminated only after an exhaustive struggle marked by a great exhibition of speed skating, stick handling and miraculous sharp-shooting. Through sympathy, as members of the L.C.H.L., we claim for Newboro the fast skating and effective stick handling, while justice demands that we award the Casseys the palm for sharpshooting since they alone bulged the twine (?).

To a bystander the tournment furnished all that could be desired, and on every hand could be heard expressions of approval. Such evenings do much to popularize the Winter's Great Game and only by keeping hockey as clean as displayed can we hope to obtain the sanction and support of the public.

The true benefit from such contests is educational and only as one learns something and finds food for thought does he actually benefit. The writer indeed benefited very much and would desire the opinion of the hockey public on two amendments to the playing rules, which, from a study of the games as played at Brockville, appears necessary.

1. An interceptible back pass is offside.

2. Do not take a pass from yourself to make a breakaway as in so doing you may score, such a pass is offside.

After quite a study, I am unable to satisfactorily answer the following queries. Can anyone enlighten me?

1. Are the Area finances in a better shape since the tournament?

2. Are there 10 bulbs on the Home side of the score board? If so, have they been tested recently?

3. Who is the Casey's net Wizard? Where was he during the Internediate series? Why was he not played then?

4. Who won the Beatty Cup on Friday night?

5. What Representatives from Westport, Newboro and Athens were present at the drawing to decide on the contestants for the two first games?

6. Is it true that the Casseys objected to the first draw and obtained another? If so, why?

7. Are players liable to penalty, usually found by elimination or confession?

8. Did anyone recognize Harry Batstone? What time did he arrive from Quebec? Was he watching his club bag during the first and second game?

9. Was it Dead-eye Pete or Buffalo Bill or some other famous sharpshooter who, by a gentle push on a rolling puck from a tangled mass in a dim light, made such a miraculous shot?

10. How far is Brockville from Toronto?

NOTICE

Having returned to Athens, I desire to inform the ladies that I have opened my place of business on Main St. and am now prepared to do all millinery work required by the ladies. I thank one and all for past favors and will endeavor as heretofore to give the ladies what they require in up-to-date headgear.

P. S.—Spring Millinery Opening will be announced later.

Miss C.O. Gray

Here and There

Galt, Ontario. — It is announced by the Canadian Pacific Railway that among the improvements planned for 1923 to company property is the building of a steel water tank to hold from 50,000 to 100,000 gallons at Guelph Jct.

Ottawa. — A constantly growing appreciation on the part of Canadians of their national parks, evidenced by the continued increase in the number of visitors in the last year, is emphasized in the report of National Parks Commissioner J. B. Harkin. Visitors to all Canadian national parks during the year 1922 were estimated at 155,000, of whom more than 71,000 were Banff. Foreign travelers to the largest parks were about 65,000. From an economic point of view, on a basis of \$300 spent by each foreign visitor, while in Canada, the national parks accounted for an indirect revenue of some \$19,500,000, which amounts to about \$2.22 per capita of Canada's present population. Other revenues from the parks, in the way of timber sales and concessions, accounted for \$72,000. Total appropriations for the parks last year were \$966,000.

Owen Sound. — Superintendent William Bethune, of the C. P. R. lake steamships has announced the officers for the steamers for the coming season. All last year's officers will be in their place without any change. The officers are as follows: S. S. Assiniboine—James McCannel, master; A. A. Cameron, chief engineer; George Bethune, purser; D. A. Sutherland, chief steward; S. S. Kewatin—M. M. McPhee, master; C. Butterworth, chief engineer; C. S. Miers, purser; E. R. McCallum, chief steward; S. S. Manitoba—F. J. Davis, master; George D. Adams, chief engineer; George H. Fisk, chief steward; John E. Laine, purser; S. S. Athabaska—Murdoch McKay, master; George S. Rae, chief engineer. S. S. Alberta—John McIntyre, master; William S. Struthers, chief engineer.

Winnipeg. — In connection with movement of grain to Vancouver from September 1, 1922, up to and including February 21st, the Canadian Pacific Railway has delivered at Vancouver a total of 6,768 cars of grain representing 9,894,816 bushels.

During the same period there has been exported from Vancouver to the Orient 1,284,550 bushels and to the United Kingdom 3,943,620 bushels, or a total of 11,378,170 bushels.

During the same period last year, the Canadian Pacific Railway delivered at Vancouver a total of 2,461,952 bushels of grain, and there was exported from Vancouver during the same period last year 3,200,000 bushels, 1,220,000 of which were exported to the Orient and 2,080,000 to the United Kingdom.

In addition to this grain, which has already been exported from Vancouver so far this season, there is in store in elevator at that point 942,823 bushels, according to a statement of E. D. Cotterell, Supt. Transportation, Western Lines.

Vancouver. — In the C. P. R. Hotel Vancouver, at Vancouver, there are approximately 600 rooms. The all-the-year-round staff numbers about 400 employees. The comparatively small matter of keeping paintwork, etc., in spotless condition calls for the continuous service of five painters and ten helpers; and five engineers with four stokers, four ash-men, two sootblowers and two truckmen are required in the engine-room. Then there are basement cleaners, store-room men, four kitchen cleaners, two painters (for menus), a yardman, an iceman, five food checkers, and three men on food control. The duty of these last is to see that every ounce of food leaving the storerooms is tabulated, so that at the end of each day the results of jining-room operations can be checked instantly. The kitchen is the largest unit of the hotel. There is a chef with 45 assistant cooks, to serve the dining-room and grill. There are three separate cooks for the lunch counter. Two of the cooks attend to the broiling, three do nothing but frying three cook vegetables exclusively, and there are six pastry cooks. In addition, there are cooks who boil eggs, others who make coffee, and others who make cocoa. On man spends his working hours making toast; and there is another whose sole duty is to clean and open oysters. To feed the guests in one day 90 dozen eggs are required. Between 2,000 to 5,000 lunch and dinner rolls are baked daily, and to butter these, and for cooking, 100 lb. of creamery butter are used each day. Carrots are consumed at the rate of 100 lb. a day, and between 800 and 1,000 lb. of potatoes are used every twenty-four hours. Other vegetables are used in quantities from 50 to 500 lb. according to the number of guests in the hotel. It takes from 18 to 20 gallons of cream, 50 gallons of milk, and 175 to 200 lb. of poultry daily to satisfy the demands of the guests. Winter and summer the hotel ice plant turns out ten tons of ice daily. Even buying at the lowest wholesale prices, food alone costs the hotel from \$1,500 to \$2,000 daily.

NOTICE OF APPLICATION FOR DIVORCE

NOTICE IS HEREBY GIVEN that Dora Webb, of the Town of Gananoque, in the County of Leeds, in the Province of Ontario, Married Woman, will apply to the Parliament of Canada at the next session thereof, for a bill of divorce from her husband, George Robert Webb, of the Town of Gananoque, in the County of Leeds, in the Province of Ontario, Salesman, on the ground of adultery.
