He Doubted the Jury,

It is known that a jury, theoretically composed of a set of unprejudiced composed of a set of unprejudiced en, with open 1 Inds, still there may occasions when a slight personal feeling inv les their ranks. Such was evidently the thought borne in upon the tailor who, rising to state his case, and having declined the services of a lawyer for reasons best known to him self, looked over the jurymen and then turned to the judge.

"It's no use for me to tell about this case, your Honor," he said, dejectedly, "not unless you dismiss that jury and get a new lot. There isn't a man among 'em but owes me something for

The other guests were some of the largest manufacturers in Conada After est manufacturers in Conada After. est manufacturers in Canada. After President George and Secretary George R. Roach of the same association had speaken, Mr. Hurd was heard. He sald he was here in his private capacity. Discussing the Chamberlain proposals as affecting the industrial life of Can ada, he declared that to keep back Canada from a manufacturing status would be like trying to keep back the sea. Canada's ambitions did not stand in the way of full and sympathetic cooperation. The preferential trade question was one of time, and of method
and of tact. Patience and intelligence
were required for all great movements.

Harvest Hands Assaulted.

Fort William, Sept. 1.—Eight special trains of harvesters from Ontario have left here for the wheat fields. While left here for the wheat fields. While the train was passing through Trudeau, east of Jackfish, one of a party of Italian navvies, for revenge, threw a large rock at the moving train, the missile striking John Monkman of Unionville on the forehead and seriously injuring the man. He was taken to McKellar Hospital. Miss Maxam of Rowland, Man, was also cut by stone, but her injury was slight, and she proceeded west. Another harvester, Frank Manners, slipped when trying to catch on to the train at Port Arthur and had his foot badly mangled. He was placed in the hospital at Port Arthur.

Bran waste is one great difference between good and poor flours.

The food part of flour is "protein." Protein makes bone, muscle and brain.—There is no protein in bran.

-bran is the outside part, the husk or "bark" of the wheat.

-bran is the part of the wheat which is absolutely without food-value to the human system.

-bran represents part of the difference between Royal Household Flour and whole-wheat flour or cheap, inferior flours that are poorly milled and not thoroughly purified.

No other flour in this country is so thoroughly and completely separated from the waste as is "Royal Household," because no other mills are so well equipped or exclusively devoted to the production of scientifically pure flour as Royal Household mills.

AUSTRALIA'S NEW TARIFF.

Hereafter Cost of Transportation Is to Be Dutiable. Be Dutiable.

Ottawa, Sept. 1.—The Department of Trade and Commerce received yesterday a cable message from D. H. Ross, its Australian representative, stating that the Commonwealth Governmen had decided to include the cost of rai

freights in the import value of goods for computing the duty.

The effect, he says, will be disastrous o Canadian shipping on the Pacific. Canadian manufacturers in Eastern anada must include in their statement f valuation the freight paid to the oint of shipment, and as a result the ong haul on the Canadian Pacific to ancouver will add heavily to the duty. The tendency thus will be to throw hipments to New York and the Pa-fic line will lose a large proportion of
