H. MACAULAY

TRAGEDY IN BRANTFORD

Armenian Kills Daughter Whose Marriage Displeased Him.

Then He Shot Himself Through the Heart—His Obnoxious Son-in-Law Escaped Him—Husband of Murdered Girl and Man Named Siamosian, Said to Have Egged Father to Do the Deed, Arrested.

Brantford, Oct. 2.—In less than an hour after the two murderers, Bennett and Doyle, had received their death sentences, and within two blocks of the Court House itself, a double tragedy occurred Saturday morning, by which a father shot his daughter and then turned the revolver on himself.

Both were shot through the heart. Friday evening a young Armenian girl, Vartanoush Kasparian, married Vahan Sefarian. The ceremony was objected to by her father. Saturday morning the couple were walking out on Wellington street, near the Gould. Shepley & Muir wind mill works, accompanied by a boy 5 years old.

When half way up the hill the father of the girl, Kaspar Kasparian, who had been walking on the opposite side of the street, ran across and fired twice at the girl. One bullet pierced her side and the other her lungs. He attempted to fire at the other man, but the revolver only snapped, and this gave Sefarian and the boy time to run around a corner and escape.

The father then turned the revolver on himself, shooting himself through the heart.

"Oh, my God! that was my father," cried the girl in her awful agony, but the terrible injuries soon took away consciousness as she lay on the ground with her life blood staining her white blouse. She was removed to the hospital.

Sefarian, the husband of the murdered girl, was arrested shortly after, as was also a companion of the father named Siamosian, who egged on the father to do the deed.

It is alleged that the father was angered because the girl married Sefarian against his wishes, Siamosian being the favored suitor in the father's eyes because of Siamosian's money.

Murderer King Hanged.

Edmonton, Oct. 2.—Charles King, the American from Salt Lake City, Utah, who killed Charles Hayward, a young Englishman, and burned his remains, and whose execution was delayed a month owing to the celebration attending the birth of the new province, was hanged Saturday morning in the Mounted Police barracks yard. He had two trials.

Doyle Hanged on December 15.

Brantford, Oct. 2.—Justice Anglin Saturday morning sentenced Felix Doyle and Joseph Bennett to be hanged on December 15 next. A reserve case was asked for Doyle, but the judge refused to grant it, stating that the plea might be brought to the Court of Appeal. Doyle broke down under the sentence, but Bennett was immovable. Both prisoners asserted their innocence.

Is Acquitted of Murder.

Montreal, Oct. 2.—Charles Kernick, who was accused of the murder of E. Mitchell, while on a picnic some weeks ago in Dorval Islands, was acquitted Saturday evening in the Court of King's Bench, the trial having lasted several days. The parties had been drinking, and the evidence was so conflicting that the jury gave Kernick the benefit of the doubt.

Son Tries to Eat Father.

Toronto, Oct. 2.—William Little lives with his father, John Little, at 52 Starford street. On Saturday night the son came home drunk. The father remonstrated with him, and in return William assaulted his father, throwing him down and biting his chin and lip. The father was taken to the emergency to have his wounds dressed, and the son to No. 3 police station.

Pleads Guilty to Forgery.

Kingsport, Oct. 2.—John Hettnell pleaded guilty Saturday morning to passing a forged cheque for \$190 on the Bank of Montreal here on September 1st. He was remanded to look up his record.

Set Fire to Hay in Stable.

Ingersoll, Oct. 2.—Thomas Denning, printer this town, appeared before Magistrate Morrison here Saturday on the serious charge of arson. Evidence was given to the effect that the prisoner set fire to the hay in a stall in the Kirwin House stables on September 25, and the magistrate committed him for trial.

\$4,000,000 In One Rail Order.

Montreal, Oct. 2.—The Dominion Iron and Steel people are in luck. It was authoritatively stated yesterday that the Sydney plant received an order from the Grand Trunk Pacific for steel rails to the amount of \$4,000,000. The delivery is to extend over a period of five years.

Russia Would Coax Back Douks.

London, Oct. 2.—(C. A. P.)—The St. Petersburg Berlevia Viedemost announces that the Russian Government made an offer for the Doukhobors inviting them back from Canada and promising to return them their lands with freedom to cultivate them.

Parades Called Off.

Budapest, Oct. 2.—The prefect has issued an order prohibiting the torchlight processions which the coalition parties and the Socialists respectively announced Saturday would take place October 3.

Hautain Sticks.

Winnipeg, Oct. 2.—The rumor that Mr. Hautain will retire in South Qu'Appelle and contest a less safe seat is regarded as pure fiction here.

Minard's Liniment Cures Burns, etc.

BIG CHEQUES

Colonel Rankin Received a Fat Wad of Regimental Pay From Government To-Day

The mail for Lieut.-Colonel J. B. Rankin, commanding officer of the 24th Regiment, was a valuable one this morning. It included a very official government envelope, duly registered.

Its contents will prove exceedingly interesting to the Regiment, being apportioned into four fat and satisfactory government cheques, the largest being for \$1,928.40.

The cheques include the government regimental allowance and the various pay rolls.

SUDDEN JOLTS

The Tenants of the Opera House Block Were Kept in Terror This Morning

Blonde Bros. are busily at work tearing down the Bank of Montreal building. Some of the big beams as they fall down cause quite a disturbance to the adjoining tenants in the Opera House block. Several times this morning the merchants in this block were alarmed by what seemed to them to be young earthquakes.

Jack Watt says one of these surprises caught him unawares and from the way the building shook he thought the roof was coming in. E. J. MacIntyre, whose store is just across the road, says he received a sudden call from Mr. Watt this morning, and, judging from the hurried manner in which he entered the store and the marked tremor in his voice, it must have been just after the coming of the earthquake.

It is understood that Blonde Bros. have refused to be responsible for the wall between the Opera House building and the Bank of Montreal building, and have notified the company to this effect.

A LIFE-SAVER

School Trustee Lenfesty Contributes to the Globe an Article on Prowess of Lou Braxton

Saturday's Illustrated supplement to the Toronto Globe contains an excellent account of the prowess of Louis Braxton, of this city, who holds the proud record of 15 lives saved from watery graves. The Globe publishes a likeness of Mr. Braxton and enumerates some of his most conspicuous acts of heroism.

The article is from the pen of School Trustee A. E. Lenfesty and is written in a most capable and entertaining style.

AN ARTIST

Melbourne MacDowell Who Plays To-Night—A Treat in Store for Chathamites

Melbourne MacDowell, who will be seen at the Grand to-night, is one of the best known legitimate actors in America.

For fifteen years he was the stage companion of the late Fanny Davenport, whose husband he became after a few seasons as her leading man.

They lived and worked together in harmony, and when she died he inherited her repertoire and fortune.

All the properties of the Sardon dramas, in which Mr. and Mrs. MacDowell starred, are his exclusively, and for this engagement at the Grand he will present Sardon's greatest masterpiece, "Gismonda."

He will be supported by an exceptionally strong company, with Miss Charlotte Deane as leading woman.

The work that lady has already done with E. H. Sothern and Virginia Harned is sufficient proof of her perfect ability to portray the strong Sardon feminine leads.

With the magnificent scenic investiture given this great play, a magnificent production is assured.

HAS OPENED STUDIO

Mr. J. A. Brent, organist of First Presbyterian Church, has opened a studio at Mrs. Fields' Wellington street. Pupils accepted in piano and theoretical subjects.

Mr. Brent is a thorough piano student of the analytical type, hence a teacher from whom the most valuable secrets of the process of technical and musical development may be expected.

His method and special technical material, which are original, have been thoroughly tested with variously talented pupils, with almost unique success, proving them, beyond a doubt, to be among the most effective means ever devised to brush the cobwebs from the fingers. The 20th century is nothing if not progressive in the matter of piano technique.

Intending pupils will do well to apply early.

Man seldom speaks of a wife's devotion without getting in a good word for himself.

MANY THROG TO CHURCH

Largely Attended and Very Enjoyable Anniversary Services Held Yesterday

Victoria Avenue Methodists Turn Another Milestone—Good Sermons and Music

The anniversary services at the Victoria Avenue Methodist church yesterday were eminently successful. Large congregations were present both morning and evening and the proceedings proved exceedingly edifying and enjoyable.

In the morning Rev. Mr. Rutledge, the new pastor of the Park street Methodist church, occupied the pulpit and preached a very able sermon. Mr. Rutledge is proving a decided acquisition to Maple City ministerial circles.

In the evening Rev. A. H. MacGillivray, the popular and esteemed minister of the First Presbyterian church, presided and concluded the successful day with an admirable and earnest address.

The music throughout was under the talented supervision of choir-master Harry Horstead and was a tribute to his energy and capability.

It included four splendid anthems, a duet by the Messrs. Hollman and a solo by Mr. Horstead. Miss Lou Jackson, the accomplished soloist of the church, sang the solos in the anthems.

The evident prosperity and advancement of the church is largely and rightly attributed to the zealous and consecrated efforts of the able young pastor, Rev. F. E. Malott, whose ministry is proving so successful.

ONTARIO TOBACCO

Hon. Mr. Monteith Pleased With Prospects of Industry—Will Help Farmers

Hon. Mr. Monteith expresses himself greatly impressed with what he saw regarding the growth of tobacco in Ontario. He has just returned from an automobile tour in Kent County. "I am convinced that tobacco growing has a future in this country, and we are going to try to help it along," said he. He believed the acreage and the growth of tobacco and just as good tobacco can be grown as anywhere in the States, with the exception of the Havana brands. The crop is a profitable one, often yielding as much as \$100 per acre to the farmer. "I propose to make investigations regarding seeds, cultivation, and methods of curing in order to place as much information as possible before the farmers of the province," he concluded. — Toronto World.

EXPLAINS IT

"I see that Mr. Morley is anxious to know who is paying for the advice given to the Mayor by the city solicitor," remarked Mayor Cowan this morning. "The annual retainer paid the city solicitor covers any advice given to the Mayor. The taxpayers are not paying any more through advice being given to the Mayor."

VESSELS IN PORT

The schooner "Azov" arrived in port yesterday afternoon with a cargo of lumber from Georgian Bay for Wm. Drader. Capt. McDonald reports a very calm trip. The Azov, however, was delayed in the St. Clair river. She ran aground and was unable to get a tug to take her off. She was towed up the river by the tug Dr. W. Brown.

The Wyandotte, from Owen Sound, captained by Mr. McFarlane, also came up yesterday afternoon with another cargo of lumber from Lion's Head for Mr. Drader.

CAPABLE MUSICIAN

The services in Christ Church yesterday were attended by large congregations, both morning and evening. Rev. Rural Dean McCosh preached excellent sermons on both occasions.

Mr. John Smith, who succeeds Walter Dolman as organist, presided at the organ for the first time and did remarkably well. Mr. Smith is a surprise as an organist and displayed wonderful talent to those who attended the services yesterday. He is a capable musician and has a very bright future before him. In the evening the Christ Church male quartet gave a much appreciated selection. The choral singing by the choir was much enjoyed.

There is something wrong with the person who complains of conditions which could be changed by a little effort.

YARNS

Time has come again, we have our stock complete of the best brands that are made on earth. Customers who have been buying from us for years need no advice on this question. But to those who have been buying at other places and getting inferior goods, just a word. The brands we sell have been handled by us for twenty-five years, always giving satisfaction, always increasing our business, always possessing uniformity and strength combined with fineness, and meeting requirements of particular customers—a few leaders of ours are:

Baldwin Beehive
Koch Saxony
Saxony
Goblin Saxony
Scotch Fingering
Zephyr
Berlin's Single - Double
Shetland Floss
Ice and Angora etc.

Our Canadian Yarn cannot be beaten, strong and smooth, well cleaned and perfect.

Others use our yarns with the greatest satisfaction, why not you?
