Public School Notes.

THE CAPT. PRATT PRIZES.—Through the generosity and public spirit of Captain Rodman Pratt, three prizes were offered last year to the pupils of the public school. The ten dollars offered to the member of grade xi who took highest mark at the July examinations was awarded to Miss Ade Johnson to whom it was presented by Principal Ford last Thursday in the presence of the High School students.

A prize of ten dollars offered to the pupil of grade vi who stood at the head of the class for the greatest number of weeks during the year was awarded to Jean Pratt and Frances Balthasar, each receiving five dollars. The third prize was a gold medal which was won daily during the year by the pupil who succeeded in standing at the head of the class for the day. The medal was won by the pupil at the head as long as that position was maintained. When another pupil gained the position the medal was passed to that one. At the end of the year the medal became the permanent possession of the pupil who won it for the longest time during the year. It was awarded to Ruth Eiderkin.

It is hoped that other citizens will be interested enough to offer more announcements of this kind. The principal will be pleased to hear from them.

Opening of Public Schools. Monday, August 23rd, was the day for the regular opening of the public schools. Every teacher is required to notify the Inspector of the date she opened her school. All the schools from which such notices have not been received are supposed to be without teachers, and it will be in order for any teacher who wants a school to make application for one of the vacancies.

A large number of our best teachers have left us and gone to teach in the Canadian North West, and we find at this date a great scarcity of teachers. To provide teachers for the vacant schools it becomes necessary to issue some provisional or temporary Licenses to those who have a Grade Pass, and M. P. G. Rank, and are at least sixteen years of age, providing they sign the following certificate.

APPLICATION FOR PROVISIONAL LICENSE BY THE TRUSTEES. To His Excellency the Inspector of Schools, To the Trustees of the Public Schools of the County of Kings, I, the undersigned, do hereby certify that although we have made reasonable effort to employ a regular teacher of permanent class, one could not be obtained, and we believe Miss [Name] appears to have the legal qualifications specified in Regulation 119, would be acceptable to the school section for the year, we therefore request you to recommend her to the Council of Public Instruction for a provisional License for this section so that we may have a school for this year.

In some instances the M. P. Q. qualifications may be waived providing the candidate has a grade xi certificate. Grade x candidates may obtain Permissives on their promising to attend the Provincial Normal College, during the second half of the year. Grade xi candidates on their promising to attend the Provincial Normal College, the following year. In all cases it is understood that the regularly licensed teachers have the preference, and Permits will not be granted unless it become absolutely necessary to do so in order to secure a teacher for the school.

The following are the vacant schools, Kings and Hants counties: KINGS COUNTY. Lake George, Clement, Fair View, East Black Rock, Chipman Brook, West Hall's Harbor, Northville, Coldbrook, Lake Mills, Blue Mountain, Sheffield Mills, (primary), Baxter's Harbor Mt., Baxter's Harbor, Woodside, Davison Str., Greenfield, Pine Woods, Woodlawn, North River, Pleasant View, Lake Paul, White Waters, Garland, Dalhousie Road, West Brooklyns. HANTS COUNTY. WEST HANTS.—Cognac, In Greenhill, Ardoise, Five Mile River, Mt. Summerville, Mills, West Branch Falmouth. EAST HANTS.—East Unalake, West Indian Road, Lt. Nine Mile River, Renfrew, North Salem, Northfield, Five Mile River, Hillsdale, Greenfield, Unalake Mines. COLIN W. ROSCOE, Inspector of Schools.

WOLFVILLE - N. S.

Pertinent and Impertinent.

A gentleman, who was in Kentville on Saturday last, pronounced the streets as almost impassable for mud. It is a great mistake to cart marsh mud out to the streets of a capital town. From a careful census of this meeting-house going community, we have learned that 80 per cent. of those who attend on the Sabbath, go purely to hear the minister, and 1 per cent. go to see the human gramophone sing. We in Wolfville, are rejoicing over our beautiful streets during this season. A wise, dominating, clever mayor, and an up-to-date, live road committee, can do much for the comfort of, even an already beautiful town. One of two matters in the town still need correcting, and we propose seeing that these corrections are amply attended to in February, 1910. We are continually hearing that this and the other benevolent and charitable society of ladies, are meeting from week to week. Even the church services are being extended. In the purpose of publishing to the world that such a society really exists. Not a day passes but we see dirty, unwashed, half clothed, barefooted, unattended little youngsters upon our streets. Public playgrounds, public baths, or any system that will improve the little tots and small children of our town, will receive our invidious support, both in ducts and works. Until then we have absolutely no confidence in these publicly announced gatherings of discursive, talkative ladies.
