The Duty of the Hour.

The most important question which ever was brought before the people of Northumberland is before them now, as to whether they will or will not take a backward step on the subject of the liquor traffic and vote to license a business which is a disgrace to the civilization of the present day. We feel assured that the temperance sentiment in this county is held by a large majority of the electors and it is their duty to vote accordingly.

PARANOMOUS DUTY to be up and doing and not allow the question to be carried by default because of the sublime indifference with which they treat this important question. If they are called to vote on this question, and if the influence of those engaged in the traffic can afford by money and misrepresentation to buy the votes of the electors, they will be called upon to do so.

It is that they rise to their duty and use their votes and influence to maintain the present Act until the county has a better and more stringent one.

The Northumberland County Prohibitory Alliance, (the members of which are all avowed to prevent the repeal of the Scott Act, and need the assistance of all men true to their best interests), ask for a careful perusal of the following appeal to the electors.

To the Electors of the County of Northumberland.
You are probably aware that the repeal of the Scott Act is a question which is being agitated in this county. It is not yet certain that the effort will so far succeed as to bring the question of Repeal to the judgment of the electors at the polls. The movement has been handicapped from the start by the obviously selfish and immoral character. No amount of sophistry or misrepresentation can conceal the fact that its promoters are actuated by the love of gain in its vilest form, and their appeal is to the lowest instincts and passions of those whom they hope to induce.

There are many good reasons why this movement should be strenuously resisted and effectively defeated. These reasons are so plain that any unprejudiced, thinking person must see at least many of them. Let it be proper on such an occasion as the present to set them forth for the consideration of the electors.

The Prohibitory Alliance of the County propose to do this through the columns of the ADVOCATE. The Alliance is deeply interested in the impending struggle, but not at all in the sense in which the promoters are interested. The Alliance neither expects nor desires to make money out of it, but it does earnestly desire that the matter should come to a vote, the result of which should be the repeal of the Scott Act. It is surely not too much to expect that the gaze of the electors should be directed to something higher than mere unscrupulous opportunity for degrading liquor traffic, and as considerations of personal duty, family purity and social order are admitted the result cannot be a doubtful one. Some of our reasons will appear next week.

Northumberland Prohibitory Alliance.

The annual meeting of this Alliance took place in the Temperance Hall, Chatham on Wednesday last, with a small attendance, owing probably to insufficient notice to its members that the meeting was to be held several weeks earlier than usual.

At 10 o'clock the meeting was called to order, and in the absence of the President, Mr. Alex. Leishman was appointed chairman, when the meeting was opened with prayer by Rev. Neil McKay, at the close of which, the President having arrived, took the chair.

Minutes of last annual meeting were read and confirmed. Minutes of special meeting held in Newcastle on January 20th were also read and confirmed. The President's report was then read in which he referred to the proposed petitions for the repeal of the Scott Act, the unfavorable attitude of some in the community to this Act and its strict enforcement whose best interests would be subserved were it even more strictly enforced, as it will be, and alluded to the success of the Alliance in securing the services of a man who could not be bribed, and who has proved himself above bribery or compromise. Referred to the partial failure of the Scott Act in the towns of Chatham and Newcastle, while in the county districts it has very largely restricted the sale of liquor, as in many parishes no glass of liquor can be bought. Referred to the recent disgraceful opposition displayed for the seizure of liquor intended for sale on Dominion Day, as well as to the attack on the officers in the legal discharge of his duty.

Other matters of interest were referred to, and in conclusion the President said—Will the effort to repeal the Scott Act succeed? I think not. I think the public sentiment of the people of this county is against the repeal of the Scott Act until we have something better, something more stringent, something that will do away with the abominable traffic which is causing so much misery and crime and death throughout our country. That more stringent law for which we are looking is a PROHIBITORY LAW.

Which shall extend throughout the bounds of Canada, and though politicians may attempt to burke the question by side issues it will eventually come, and before long too if temperance men and members of Christian churches do their duty by voting temperance and out prohibitionists instead of partizan politicians. Suggestions were made as to the best steps to be taken in view of the approaching repeal election, if it does come off, which is considered very doubtful, as, notwithstanding the notices published it is understood that the petitions yet lack some three hundred names to have the proper number required by law. Then the recent defying of the law in Newcastle has disgusted even those formerly in favor of

repeal, and they have withdrawn their support even though their names may be found upon the petitions, so that the prospects of successfully carrying the election is dwindling away and there is less prospect of carrying repeal than at any time within the last three years. Taking all these matters into consideration it behoves prohibitionists to press forward for the right. Report received.

The report of the Secy-Treasurer was then read, and on motion received. The report showed a balance on hand of \$9.87.

It was moved by Mr. W. R. Robinson, seconded by Rev. J. D. Murray, and carried—that a committee be appointed on the State of the Work, to whom reports of officers and committees and other matters could be referred. The following were appointed audit committee.

Mr. W. R. Robinson, Rev. N. McKay, Rev. T. Marshall, Mr. Alex. Leishman, Rev. Joseph McCoy.

Committee retired to the committee room to prepare their report. Rev. J. D. Murray read a copy of the Elector's pledge as published in the 'Voice,' of Amherst, N. S., which elicited discussion. Adjourned for dinner, after the benediction had been pronounced by Rev. J. D. Murray.

AFTERNOON SESSION.
Prayer by Rev. T. Marshall. The report of the committee on the State of the Work was taken up section by section. It went fully into the matter of the necessary organization and appointment of committees for the expected struggle at the polls, and after being thoroughly discussed, section by section it was adopted as a whole.

The meeting then resolved itself into a committee of the whole with W. C. Anslow in the chair, and Rev. T. Marshall acting as Secretary, and the various recommendations of the Committee on the State of the Work were taken up section by section, and after discussion the meeting of the Alliance was resumed, and the report adopted.

The following gentlemen were elected officers for the ensuing year:

President—W. C. Anslow.
Secretary—W. R. Robinson.
Treasurer—D. P. Macdonald.

Vice Presidents for the different parishes were appointed as follows:

Chatham—Alex. Leishman, Newcastle—James Henderson, St. John—Wm. Murray, St. John's—Wm. Murray, St. John's—Wm. Murray.

The next annual meeting is to be held in Chatham in July 1893, subject to the call of the Executive Committee as to the exact date. Several additional committees were appointed, and it was voted that the Alliance should be a vote of thanks to the Sons of Temperance for the use of their hall, and prayer by Rev. Mr. Robinson, meeting adjourned to meet at the call of the executive committee as soon as they deem it necessary.

Municipal Council Proceedings.

Newcastle, July 5, 1892.
(Continued.)

Council re-assembled at 2.30.
Coun. Adams submitted a by-law to prevent cattle going at large on the streets, which was adopted.

Coun. Flett said that the Act passed at the last session of the legislature relating to the Scott Act, was not workable, and no road work was done, either under the old Act, or under the new one.

Coun. Adams said it was a reflection upon the members of the legislature from Nelson that the Act was not a workable one, as well as upon the council from the town, at whose instance the bill was passed.

Coun. Flett said the fact that the Act was defective was blameable upon the whole legislature and the Secy-Treasurer who prepared the bill.

The Secy-Treasurer said the boundaries of the district, which Coun. Flett had given him in preparing the bill, were not right and changed him to what was in the Act, and in making them the provisions which rendered the Act inoperative for this year arose were also inserted. The Act could not come into operation until next year, but he had sent papers to the commissioners expecting them to go on under the old Act, which would be quite legal. The Act was not a defective one in any respect, but it could not come into operation this year.

It was accordingly, ordered that the commissioner for No. 1 district, Nelson, go on with the road work, as usual, under the old Act.

A number of accounts were passed, among which were the following:

Warren C. Winslow, \$112.80 for expenses, Chatham public work inauguration case.

A. G. Blair, appeal argument in Scott Act case of Wilson, \$25.

Constable and witness fees, re Scott Act, \$176.74 to be paid out of Scott Act fund.

Robert Murray, Scott Act attorney, \$274.97, to be paid out of Scott Act fund.

Coun. Murray, in reply to Coun. Murray, said this was not his account in full, although \$800 it was fee paid to Mr. Currie, another lawyer. This account included only his fees in cases, and he had not been paid for his services as a lawyer.

In reply to Coun. Murray, Coun. Murray said his arrangement with Mr. Menzies, the inspector, was that he should have \$10 for 1st day and \$10 for second and \$5 for third trial under the Act, but nothing for further adjournments.

Coun. Flanagan said these Scott Act accounts were misleading, and showed what the whole expenses of Scott Act prosecutions were. While Mr. Murray's account was, as stated, correct, the others should be deferred until all could be submitted at the January session.

Coun. Murray explained that Police Magistrate McCullay had paid in \$638 and there was much more not settled, but represented by pending cases, notes, etc., so there were two sides to the account to be shown and one would, of course, practically balance the other.

Coun. Flanagan said that Inspector, James Menzies, Scott Act Inspector, expenses, \$225; his fee for 1st day, \$25; for 2nd day, \$25; for 3rd day, \$25; for 4th day, \$25; for 5th day, \$25; for 6th day, \$25;
