

## This is it.

This is the new shortening or cooking fat which is so fast taking the place of lard. It is an entirely new food product composed of clarified cotton seed oil and refined beef tallow. You can see that

## Cottolene

Is clean, delicate, wholesome, appetizing and economical—as far superior to lard as the electric light is to the tallow dip. It asks only a fair trial, and a fair trial will convince you of its value.

Sold in 5 and 10 pound pails, by all grocers.

Local Pickups.

—The easterly storm of Tuesday morning

drifted the roads up very much.

—Wednesday was a cold blustery day,

wind west-north-west, and in the evening

was very cold.

—The accommodation on Wednesday

afternoon was two hours late, caused by

the drifting storm.

—Thursday was cold with heavy north-

west wind and drift. A beautiful bright

moonlight night.

—Local items of news gladly received

at the Advocate Office.

—Quite a number of teams came to

Chatham well filled with persons to at-

tend the Foresters ball in the Masonic

Hall and the anniversary meeting in the

Temperance Hall.

—Early on Friday morning the wind

went round with a rush to the eastward

and about 10 o'clock a fierce snow storm

was raging, the worst for many years.

The storm continued all day and moder-

ated about six in the evening. The drifts

were very heavy and the roads blocked in

all directions.

—Business reading notices inserted in

this column at ten cents per line.

—Friday's accommodation from Camp-

beltion was four hours late in reaching

here and the morning's express was also a

long way behind time.

—The school in the schools, had to have

teams sent for them at noon on Friday

the storm then raging furiously.

—Friday's L. C. R. express which

should leave Point Levi for New Brun-

swick at 8 a. m. was cancelled, hence there

were no mails from Quebec and above on

Saturday morning.

—The price of single copies of The

Union Advocate is only two cents.

—Saturday was a bright, fine day every-

one being out breaking roads and in places

having to shovel a way through. In some

places the horses ploughed in up to their

necks and had to be shovelled out.

—Moon's last quarter on Saturday, Feb.

10.

—To-morrow is St. Valentine's Day.

—Don't forget the St. Valentine's Eve

in the Masonic Hall to-morrow evening.

—The storm again commenced early on

Sunday morning, blowing a gale from the

eastward with snow and heavy drift, and

all the work of breaking and shovelling

roads had to be recommenced on Monday.

—The Union Advocate is only one

dollar per year when paid in advance.

—During Sunday night a team or a pedes-

trian was to be seen on the highway along

the town until about six o'clock when Mr.

John Russell passed along on snow shoes

towards town, going down to attend to his

duty as watchman in Ritchie's mill.

—The attendance at the churches on

Sunday is reported to have been very

small.

—Mr. John McKeen returned on Sat-

urday from his visit to Halifax.

—Monday was fine with northwest wind.

—The roads were almost impassable in

places after Sunday's storm.

—Some of the teams hauling spoolwood

square from the Sagary mill to Newcastle

his left hand cut off with a saw on Satur-

day last. About a year ago he had his

arm badly cut from the wrist to the elbow

rendering his right arm almost useless.

—The mails from the post office here

up the Northwest and Southwest branches

of our river were not able to reach their

destination on Monday on account of the

roads being blocked by Sunday's storm,

and were again despatched yesterday.

—Miss Charlotte McGinnis had a lively

visitor on Monday last. It was a but-

terfly which was fitting about the house in

a lively manner, no doubt the first of the

season.

—There was an alarm of fire about 11

o'clock on Monday night, the fire being in

the house occupied by Miss Edgar.

The fire caught from a wood box near

the cooking stove and made quite a blaze,

but was extinguished before much dam-

age was done.

**Killed near Providence.**

Edward Drummond, a son of Mr. John

Drummond, some years ago section fore-

man on the I. C. R. here, was killed at

Providence, R. I., on February 2nd. He

was acting as brakeman and slipped from

the end of a flat car and fell under the

wheels, and was killed instantly, both legs

being cut off and his arms broken. The

unfortunate young man had been em-

ployed as a brakeman for but a short time,

and his death has excited great sympathy

among all the friends of the family.

The remains were taken to his home at

Rockville and interred in Grove Hill Cem-

etery.

Sherbrooke Gazette.

The benefits arising from the use of

Dr. Williams' Pink Pills are well known to

the Gazette. It is a frequent occur-

rence that people come into the office

and state that they have been restored

to health by their use. It occasionally

happens that extraordinary instances of

their curative powers come to our notice,

and one of these was related to us

recently, so astonishing in its nature

that we felt the closest investigation

was required in order to thoroughly test

the accuracy of the statements made to us.

We devote the necessary time for that

purpose and can vouch for the reliability

of the following facts, wonderfully pass-

ing belief as they may appear:

There are few men more widely known

in this section than Mr. A. T. Hopkins,

of Johnville, Que. Previous to his re-

covery.

novel, to Johnville, Mr. Hopkins

resided at Windsor Mills and was for

three years a member of the municipal

council of that place. When a young

man Mr. Hopkins was noted for his

strength and his activity as a wrestler.

His strength stands him in good stead

for he works hard at his business, carry-

ing heavy sacks of flour in his mill for

many hours during the day and fre-

quently far into the night. Active as

he is, and strong as he is, there was a

time not long distant when he was as

helpless as an infant and suffered intoler-

able agony. About three years ago, he

was attacked by inflammatory rheumatism.

It grew worse and worse until, in spite

of medical advice and prescriptions, after

a year's illness he had a stroke of

paralysis. His right arm and leg be-

came quite useless. Sores broke out on

both legs. He suffered excruciating

agony, and had rest neither day nor

night. He sought the best medical ad-

vice that could be obtained, but no

hopes were held out to him by the ph-

ysicians. He felt that he was a cripple

for life, and two other doctors. It is

no wonder that, as he says, life became

a burden to him and he longed for death

to relieve him from his sufferings. This

was in August, 1892. About October

that year he heard of Dr. Williams' Pink

Pills and as a forlorn hope determined

to try them. He did so, and before

long was able to take outdoor exercise.

He persevered with the treatment, close-

ly following the directions, and is to-day

nearly as strong as his young manhood,

and is able to follow successfully and

without difficulty the laborious calling

by which he gets a living.

Such was the wonderful story told the

Gazette by Mr. Hopkins, who attributes

his recovery solely to the use of Dr.

Williams' Pink Pills, and he is willing

to satisfy any person who may call on

him as to their wonderful effects.

A depraved condition of the blood or

a system of nerves is the secret of

most of the ills that afflict mankind, and

by restoring the blood and rebuilding

the nerves, Dr. Williams' Pink Pills, act

at the root of the disease, driving it from

the system and restoring the patient to

health and strength. In cases of par-

alysis, spinal troubles, locomotor ataxia,

sciatica, rheumatism, erysipelas, scrofu-

lous troubles, etc., these pills are a

sure and speedy remedy. They are su-

perior to all other remedies in the treat-

ment of all the troubles which we have
