THE INTERCOLONIAL

Liberal members of parliament
from the Maritime Provinces have
acted wisely in promptly placing be-
fore Premier King and members
his government their views on the
relation of the Intercolonial to the
Canadian National System. The
management system now in operation
is not satisfactory, and as the amal-
gamation of the Grand Trunk with
the C. N. R. under one control must
receive early consideration, a state-
ment of the Maritime view is parti-
cularly opportune. Without having
to go back over the history of the
past, and without reverting at all to
Confederation agreements, it should
be apparent to the Premier and his
colleagues that the management plan
of the national system requires to
give real consideration to the prob-
lems of those whose business inter-
ests are served by the I. C. R. The
delegation were able to show that
the coal industry of the Maritime
Provinces had practically been driven
from the Upper Canadian markets
by reason of the policy inaugurated
following the transfer of the I. C.
R. headquarters from Moncton.
They could easily establish other
ways in which the Maritime Provin-
ces suffer. They could prove without
difficulty that the management, if not
intentionally unfriendly, has none the
less been so unfriendly that industry
is stifled and trade handicapped. Con-
ditions cannot be allowed to go on
as they are, and it is gratifying to
know that the Maritime Liberals in
giving the government their views,
have made out a case which is strong
and just. They are powerful enough
to secure fair treatment, but they
must be prepared to stand together
against compromises of any kind or
they will be overpowered by the tre-
mendous influences which under the
old government took control away
from Moncton and were preparing
to make Portland a Canadian winter
port in competition with St. John and
Halifax. Moncton is the natural
headquarters of the Maritime Division
of the C. N. R. system, and the man-
agement of that system should be
with Maritime Province railway men,
who will be friendly and have a sym-
pathetic understanding of Maritime
Province needs and rights.

MR. MEIGHEN

Now that Mr. Meighen, has been
elected, the Conservative Opposition
in the House of Commons, Canada,
and the Government, will be benefit-
ed; by his presence, and his Leader-
ship of the Opposition.

Mr. Meighen will not descend to
the character of a merely factions.
Opposition, he will not adopt the role
of unheeding partisanship. On the Con-
trary while firmly upholding the great
National principles of the Conserva-
tive Party; in all things concerning

the true welfare of the Country, the
Government will find in him, when
occasion requires, not an opponent,
but a helpful and reasonable advisor,
in perfect keeping with the character
of efficient and wise Opposition.

In the House, he will still main-
tain the policy, he so ably defended
during his recent great electoral Cam-
paign. There is no sound reason for
any other course and we venture to
say, that the Government will be
the safer, the nearer it is in its
treatment of the Tariff and Railway
questions to the policy of the last
Government, and the plans proposed
by Mr. Meighen, to be carried out,
had he been returned to power.

It is for the Conservative party to
give Mr. Meighen as their Leader,
loyal and unflinching support. He
is worthy of it in every respect. He
brings to bear upon the position,
matchless qualities to carry it out,
and there is not in the ranks of the
Government party today, one to
compare with him, or who can con-
test with him "as the brightest mind
in the Administration," who will
prove that the Opposition rules as
well as the Government, and Govern-
ments have been forced before now,
by wise and able opposition, to adopt
measures necessary for public welfare.

The so-called Progressive party,
defeated by Mr. Meighen in the bye
election, last Thursday, has only aug-
mented scorn and contempt by their
opposition to him. There is evident-
ly some unruly spirits "in their ranks,
not yet amenable to the manly senti-
ment" live and let live," and they
found a victim in their defeated candi-
date Mr. Patterson. Little wonder
the evening of election day found
him saying "I do not feel very well."
Who would when surrounded by
"bronchos" of his party; and by the
way the latest title bestowed upon
the Crerar, grain growing one crop
farmers, progressives, and so forth,
has been fastened upon them by a
Liberal correspondent, who sums
them up under the name of "Western
Bronchos." The gentleman above
referred to Mr. Patterson, in one of
his speeches said, that "he was only
opposing Mr. Meighen, to find out if
the people still wanted him," and the
people said yes; though the Bronchos
kicked.

OPPOSITION LEADER

A meeting for the purpose of con-
sidering the advisability of holding
a Provincial Convention to select a
leader of the Local Opposition Party
in the Province, also the matter of
selecting a House Leader in the Leg-
islative Assembly for the coming
session, will be held in St. John, at
the Seaman's Institute, on Thursday,
February 9th, 1922 at 8 o'clock p. m.

Headaches Gone

Perhaps you can imagine what
this means to one who has suffered
terribly with headaches for ten
years.

Read about it in this latter.

Mrs. Tena A. Smith, Country
Harbor Cross Roads, N. S.,
writes:

"I feel that if anyone can recom-
mend Dr. Chase's medicine I certainly
can. I suffered for ten years from
severe headaches, and although I took
all kinds of headache powders they
just relieved me at the time. I became
very nervous and run-down, and every-
thing seemed to trouble me. I have
taken eighteen boxes of Dr. Chase's
Nerve Food and it has made an en-
tirely new person of me. I felt that
I could not have lived without it. I
do not have one headache now for
every hundred I used to have, and my
nerves are good and strong. I just
weighed 109 pounds when I began
using Dr. Chase's Nerve Food, and
now I weigh 121. Knowing what this
medicine has done for me, I cannot
too highly recommend it to others."

Do You Feel Weak
And Run Down?

In This Condition a Tonic
Medicine is Needed.

The condition of being "run down"
is one that doctors do not recognize
as a disease. But those who are run
down in health know that it is not a
fancied affliction.

The expression "run down" appli-
ed to health means a condition in
which the bodily functions are en-
feebled. Appetite fails, the diges-
tion is impaired, the nerves are im-
poverished, the complexion becomes
pale and waxy, there is no animation,
but rather worry and mental depres-
sion. Fatigue is a constant symp-
tom. No particular organ being af-
fected, you must look for relief to
the blood. As it circulates through
every part of the body, any improve-
ment in the condition of the blood is
quickly felt throughout the entire
system. In cases of this kind a tonic
medicine is what is needed and Dr.
Williams' Pink Pills are recognized
as a valuable action on the blood, and
through the blood on the nerves,
giving tone to the system generally
and restoring vigor. Where the sys-
tem is run down the value of this
medicine is shown by the statement
of Mrs. Gregory J. Murphy, Lower
Ship Harbor East, N. S., who says:
"About a year ago I was completely
run down. I was so nervous and
weak that I could scarcely do my
housework, and the least exertion
left me breathless and tired out. A
neighbor advised Dr. Williams' Pink
Pills, and so much good did they do
me I feel quite like a different wo-
man. I hope some other suffering
woman may benefit by my experi-
ence."

Dr. Williams' Pink Pills can be
obtained through any medicine deal-
er, or by mail at 50 cents a box or
six boxes for \$2.50 from The Dr.
Williams' Medicine Co., Brockville,
Ont.

When you want to rent your house

GLOBE TROTTERS ENJOY WINTER SPORTS

Some of the Circumnavigators and their wives on Dufferin Terrace, Quebec. Left to right (standing): Hon. Frank
Carrel, Dr. T. A. Buckley, Mr. W. F. Smith, Mr. R. W. Orcutt, Mrs. Orcutt, Mr. Tyrre Stevens, Mr. N. A. Hubert,
Mrs. Hubert, Mrs. Buckley, Governor Newton W. Gilbert. Left to right (kneeling): Mr. Robert F. Hand, Mrs. Gilbert,
Mrs. Stevens, Mrs. Smith.

The New York visitors to the
Chateau Frontenac, Quebec, the other
day included a large party from the
Circumnavigators' Club, under the
leadership of Newton W. Gilbert,
the ex-governor of the Falkland
Islands, and W. Tyrre Stevens. All
members of this club have circled
the globe, and this year decided on
a Quebec celebration in honor of the
important part played by French-
Canadian explorers in opening up
polar regions around the world. At a dis-
ner given in their honor by Hon.
Carrel, a Canadian member
of the club, and member of the Que-
bec Legislative Council, old French
chansons of the days of Jacques
Cartier were sung by a quartette
from the Montcalm-Saguenay Club,
in co-operation with the Chateau
Frontenac, which presented each
member with a book reproducing the
words and melodies. During the
evening the Circumnavigators related
out to the historic ships of ex-
plorers as discoverers and on their re-
turn from the Arctic regions.
