WANTED.—Rich and poor to read THE SIGNAL at their home. Advertisements of articles, persons or things "Wanted" will meet thousands of eyes weekly. Advertise!

The literary contest in the Temperance Hall to-night, under the auspices of the High School Literary Society, promises to be a success, judging by the programme.
Copies of the fourth annual report of the New York State Dairymen's Association, for 1880, can be obtained for 25 cents each, by addressing the Secretary, Josiah Shull, Iliou, N. Y.
PROTESTANTISM.—The Rev. Dr. Williams will preach a sermon on "Protestantism, its essential principle and ultimate aim," on Sunday evening next in North St. Methodist Church, at 7 o'clock.
NEW LINES OF GOODS.—The pushing man who has just received new lines of spring goods will advertise in a paper that is read by nearly everyone in town. If he has bargains, he will let the people know about them through THE SIGNAL.
The thaw on Sunday was so heavy that the church congregations were smaller than usual, particularly in the evening. It is well worthy of observation that in bad weather women are more regular in their attendance at religious services than are men.
A BAD SPELL.—A correspondent of ours a little "advise" in a letter received last week, and at the close of his epistle informs us that he doesn't like our "style of doing business." Our friend ought to give us a few lessons—and perhaps he had better include orthography.
AN EDUCATIONAL HUM.—The Goderich correspondent of the London Free Press had the following in his last budget:—Our High School is full to overflowing. It is contended that better work and more of it is done here than in many of the so-called Collegiate Institutes; yet these latter receive yearly an extra grant of \$750. This should not be.
AN EXTRAORDINARY CHURCH JUBILEE.—The Pope in his address to the Cardinals, in reply to their congratulations on the anniversary of his election to the Pontificate, expressed regret at the renewed attacks and insults heaped upon the Church in nearly all parts of the world; therefore an extraordinary jubilee would be inaugurated this year throughout Christendom for the purpose of imploring the Almighty to bestow better times upon the Church.
MECHANICS' INSTITUTE.—On Saturday evening a number of newspapers and magazines were sold by the authority of the Directors of the Mechanics' Institute. The London Graphic brought a very fair price, but the remainder of the lot went cheap. We think it a mistake for the Directors to sell such standard publications as Chambers' Journal and Sunday at Home. These publications should be bound, and placed in the circulating library, which is about bare of bound volumes of the better class of magazines. Since penning the above lines, we have received a letter from a lady on the subject, which we reproduce in another column.

Tuesday was Shrove Tuesday, and the well greased pancake was flopped over in many a household.
DIVISION COURT.—A large number of important cases came off on Tuesday last, Judge Squier presiding.
A SPLENDID BOOK.—We have been shown a copy of John B. Gough's newest book "Sunlight and Shadow," and have been struck with the beauty of its appearance, and the general character of the work. It is a book for young and old, and we expect the agents, who are now canvassing the town, to make large sales.
CHURCH ANNIVERSARY.—Anniversary sermons will be preached in the North-street Methodist church on Sunday, March 6th. Rev. Dr. Ure will occupy the pulpit at 11 a. m., and Rev. Dr. Williams will preach at 7 p. m. The evening teaming will be held on the evening of Monday, 7th inst., in the lecture room at 7 o'clock, when good refreshments, able addresses and excellent music will be given. Admission to tea meeting, 25c.
We understand that Capt. E. Anderson, who was so well known to the travelling public as captain of the steamer Quebec, of the N. W. T. line, will take command of the steam barge Isaac May next season. Capt. Moore, of the Manitoba, is spoken of as Capt. Anderson's successor on the Quebec.
LICENSE COMMISSIONERS.—The Lieutenant-Governor has appointed the following persons as License Commissioners, under the License Act of 1879 for this County:—West Riding—William Wade, Peter Fisher and Wm. M. Hilliard. South Riding—James Lang, Wm. Bowden and Edward Cash. East Riding—W. J. Shannon, Thomas Wilson and Robert Miller.

A RULE OF JURISPRUDENCE.—The following from the Watford Advocate-Advertiser is to the point and should be taken to heart by those who are interested in social and other meetings:—"We accept complimentary tickets, simply as a request for our reporter's presence; when tickets are not sent we come to the conclusion that the management do not wish a report of their meeting. While we cheerfully give these notices, we find it necessary to plainly state that we do not intend it to be license for imposition. When a society gets three or four dollars worth of posters printed at a one-hour office, and sends us for gratuitous insertion, a notice worth more in every respect, and repeats the dose, it is time to have an understanding."
CURLING.—Two rinks of the Goderich Club met an equal number of rinks of the Wroxeter Club at Lucknow, on Saturday last, to play for Sheriff Gibbons' Medal. The game resulted in favor of Goderich by 31 points. The following is the score:

WROXETER.	GODERICH.

"THE TWA DOGS."—When Burns wrote about the doings of "the twa dogs," he little dreamt that in the town of Goderich an episode would occur to two genial old friends, Capt. Cox, of the British Exchange, is the possessor of a well-regulated black-and-tan, called "Scamp," and "Scamp" has a chum dog, of the Skye terrier persuasion, yelped "Bob." The Captain says "Scamp" is an exceedingly well-bred, orthodox dog, but that "Bob" is an immoral, law-breaking, reckless fellow, and is eternal leading "Scamp" into mischief. Tuesday night "Scamp" was enticed once more from the path of rectitude by a "Way ward Gardner," and brought out to a hennery in the suburb, where six gey victims testified that a "fowl" proceeding had taken place. The owner of the defunct birds caught the dogs in the act, and immediately imprisoned them until their owner could be found and made to pay for the damage done. After much search the Captain discovered the whereabouts of the two canine friends, paid \$3 for the fowl destroyed, and set them at liberty. "Scamp" returned at once to the British Exchange, but "Bob" has not yet turned up, and the Captain avers that the latter is just awaiting another opportunity to once again enrage the mild-mannered "Scamp" into more mischief.

The Variety Store is now in, its new quarters on West street, next to the Post office, and intends to be the scene of a rushing business.
POSTPONEMENT.—The Band, which was to be at the Skating Rink on Friday night, will not play on that evening on account of the literary entertainment under the auspices of the High School. The children will beat in mind that the Band will attend on Saturday. Tuesday next there will be a carnival and May-pole dance at the rink.
MARKET FEES SOLD.—The sale of the Market fees, (that is, the fees accruing from the weighing of hay, cattle, etc., and the measuring of wood) were sold by Auctioneer Currie on Wednesday, for the sum of \$315, to Mr. David Patton. The figure is an exceedingly high one, the spirited bidding being a surprise to the habitués of the market. The bidding started at \$121.
SENTENCED.—Wm. Holland, a lad from Seaford, convicted on two charges of larceny, was on Wednesday last sentenced by Judge Squier to four years in the Reformatory, at Penetanguishene, the terms to run concurrently. George Trot, a companion of Holland's, was on Thursday morning sentenced to three years in Kingston Penitentiary, (being over age for the Reformatory) on similar charges. Both prisoners have been previously convicted for stealing, which fact accounts for the severity of the sentences.
A POPULAR MUSICIAN.—At a concert held in Hamilton last week under the auspices of St. James R. E. church, Mr. F. C. Bond, son of John Bond, Esq., of this town, contributed to the programme, his performances on the concertina eliciting the following favorable criticism from the Spectator:
"Another concertina solo by Mr. Bond was excellently executed, and displayed that gentleman's thorough mastery of his instrument. He introduced, amongst other airs, The Last Rose of Summer, Rule Britannia and an imitation of the bagpipes, the latter eliciting rounds of applause, thereby testifying to the nationality of a large portion of his hearers. He was recalled before the curtain, and favored the audience with some more choice selections."
WEST HURON TEACHERS' INSTITUTE.—The semi-annual meeting of the West Huron Teachers' Institute will be held in the Public School, Exeter, on Friday and Saturday, March 11th and 12th, commencing each day at nine o'clock a. m. The following is the programme of the session:—President's address, Mr. H. I. Strang, B. A.; Natural Philosophy, Mr. E. A. Caverhill; Third Class Geography, Miss M. A. Taylor; School Routine, Mr. J. R. Miller, I. P. S.; Promotion Examinations, Mr. G. Baird; Cultivation of Memory, Mr. J. Connolly; Fifth Class Reading, Mr. T. Gregory; Reviews, S. S. Nash; Music in School, Mr. R. H. Collins; Grammar for Third Class, Mr. H. E. Huston; Difficulties in Grammar, Mr. H. I. Strang. On Friday evening a free entertainment under the auspices of the Association will be held in Drew's Hall, commencing at 7:30.
METHODIST CONVENTION.—A convention of class leaders and local preachers, was held on Wednesday and Thursday last week, in the Methodist Church, Clinton, under the direction of the Rev. Dr. Williams, chairman of the district. There was a large attendance of the official members of the various circuits of the district present, who entered heartily into the work of the convention. After devotional services the organization was completed by the appointment of Rev. James Harris, of Brussels, as Secretary, and Rev. J. Philips of Belgrave, assistant. Papers were read on various subjects relating to the work of class leaders and local preachers, by the Revs. W. McDonagh, Harris, Smith, Sutherland, Caswell and Bryers, followed by conversations on the topics presented. Dr. Williams preached on Wednesday evening to a large congregation, on the subject of "Christian Experience as a positive evidence of Christianity," which was followed by an interesting and profitable fellowship meeting. The convention was brought to a close with a Bible reading on points of difficulty in the religious life, and was a season rich in blessing. Arrangements were made for a convention in 1882, and with thanks to the chairman for his able and appropriate sermon, and to the people of Clinton for their kindness and hospitality, the convention closed its session. It was throughout a great success, both in attendance and in interest, and may we not hope, in the lasting good accomplished.

At the congregational meeting of Knox church, held on Wednesday evening, no business of public interest was transacted. Messrs. M. C. Cameron, D. C. Strachan and H. I. Strang were re-elected managers.
RECOVERING.—We are pleased to know that Conductor Crawford, who was so badly burned by the explosion at the "Albion" fire, is now in a fair way of recovery. His face and hands were greatly swollen owing to the injuries he sustained, but thanks to the nursing of Mrs. Crawford, and the careful dressing of the wounds by friends, he will soon be able to be around again.
THE SEAFORTH EXPOSITOR SAYS.—Mr. Wm. Young, the genial Reeve of Colborne, was in town on Friday last. He attended the Seafair, where he met a large number of old friends, all of whom gave him a right hearty greeting. There are few who more thoroughly enjoy life than Mr. Young. It is enough to make the most morose gay and happy to be in his company. May his portly shadow never grow less.
HE'S GOT NERVE.—A story comes from Howick that when Chief Constable Currie went to that township to bring down a bruiser named Rolph, increased parties endeavored to deter the Chief from searching too closely, by arranging a trap-door so that when he stepped upon it he was precipitated into a cellar, out of which he had considerable difficulty in getting. But the Chief Constable had been "through the mill," and undeterred by the mishap, continued his search with perseverance, and shortly after had the satisfaction of arresting his man and bringing him safe to Goderich Gaol.

AFTER THE FIRE.
Facts Cleared Since the Conflagration.
List of the Settlements Effected to Date.
The effects of the loss incurred by the "Albion Block" fire are more observable at the time of writing than when we issued last week. An ugly gap has been created among the business blocks, and some well-known firms are missed from the "Square." At present we are not in a position to state whether the burnt block will be rebuilt or not, but we understand that tenders have been received by the agents of the Bedford estate, for the cleaning of the bricks and clearing the cellars, so that the indications point to a speedy commencement of work in the burnt district. The hotel proper has been badly shattered, and some time will elapse before it will be fit for occupation.
So far as we have been able to learn, the following are the SETTLEMENTS PROPOSED AND EFFECTED.
Mr. John Hibbard, American Consul, loss allowed by North British & Mercantile Co., \$1,450. Mr. Durand of London, adjusted the claim.
McWilliams & Postman, less ones of the "Albion Hotel," were insured for \$2,000 in the Western Co., of Toronto. They were assigned \$1,694 by Mr. Hey, of Toronto, who adjusted the claim. Johnston Bros., local agents.
D. C. Strachan, general grocer, was awarded \$450 for the damage sustained by his goods by removal, smoke and water. The amount was finally accepted, but Mr. Strachan considers that justice was not done him in the adjustment. Mr. Wade, of Toronto, acted as agent for the Lancashire and the Northrup of England, in this instance. Mr. Strachan has removed to the corner store of the Blake block, where he can be found by his old customers.
Mr. George Cattie has not yet had his insurance settlement completed. Owing to the precarious state of his health, he will not again resume business; at least, not for some time, but we understand arrangements are being made by Mr. George Rhynas, (for some years past manager of Mr. Cattie's business), to open out on his own account, in the Blake block. The vacancy caused by the retirement of Mr. Cattie from active trade will therefore be filled. Mr. Rhynas is in every way capable of conducting a first class business, and will doubtless succeed.
Mr. W. H. Ridley had his library insured in the Union of Toronto, to the amount of \$100. He has been informed by the local agent, Mr. Radcliffe, that his loss has been recognized by the Company.

MISCELLANEOUS.
The United States Consul's office has been removed to Jordan's block.
Mrs. Warnock's insurance claim has not yet been adjusted. Mr. Garrow is attending to her interests.
In another column Mr. and Mrs. Hibbard return thanks to the people of Goderich for kind attentions at and after the fire.
Mr. W. D. Shannon's losses have not as yet been adjusted, but are under consideration by the insurance officials.
Mr. D. C. Strachan's card of thanks will be found elsewhere in this issue.
Mrs. Newcombe's loss has not yet been estimated so as to admit of a settlement.

In relation to the Treasurer's bond, we have submitted the same to Mr. Garrow for his opinion, and would recommend that Mr. Garrow be employed to draw up a proper one, under the direction of your Finance Committee, and, as Mr. Garrow recommends the amount of security to be given should be fixed by By-law, that a By-law be prepared and submitted at next meeting, fixing the amount and nature of such security.

After duly discussing, said By-law the committee rose, and the Mayor resumed the chair.

Moved by Mr. Jordan, seconded by Mr. Williams, that a committee be appointed, consisting of the Mayor, the Reeves and Spangill Williams, to take into consideration and recommend a suitable memorial in recognition of the past services of the retiring Clerk.—Carried.
The Council then adjourned to meet again on Friday evening.
