Labeling the People.

By RUTH CAMERON.

Give a dog a bad name and hang him.
Get a prejudice against a person and you'll find yourself eager to decry him most inoffensive, nay more even his most praiseworthy acts.
When we once get the fumes of our mental vision a yone at a adjusted upon wrong angle we see, not only the fault that first prejudiced us, but his every act in a distorted way.
An Unreasonable Dislike.
I noted a particularly violent example of this tendency in myself the other day. I have a book which was given me by a very fine woman whom I have never been able to like. My aversion to her distresses me and yet it persists in my subconscious mind if I banish it out of my conscious mind. She has never shown any unkindness to me and the only way I can account for my disagreeable feelings is that she has been over praised to me. "Protect me from my friends, I can protect myself from my enemies," a philosopher once said. The best delicacy is spoiled when it is rammed down one's throat.
To return to the main road,—the other day I caught that book in a mistake and at once I found myself blaming its unoffending donor and thinking "that's just like her," though why, I don't know, for she never makes mistakes.
Wasn't that disagreeable of me? Indeed I should never dare confess it, if I didn't think that this attitude of being ready to pick upon anyone for whom we have conceived a prejudice, was almost universal.

Our Volunteers.

Seven volunteers enlisted with the Reserve Force yesterday, making a total of 1,467 enrolled to date. The names of those who enlisted yesterday are:—
John Henneberry, St. John's.
Ronald H. Hogan, St. John's.
Geo. W. Parry, St. John's.
John A. Meaney, St. John's.
Augustus J. Walsh, Holyrood, C.B.
Matt. Woodford, Hr. Main.
Bernard Cleary, Hr. Main.
In the morning the men of the different platoons went for a march countrywards, and in the afternoon company drill was held at Government House grounds. A squad of men visited the Southside Range in the afternoon, and at night the signal corps received instruction from Mr. Cain.
Recruiting is still going on and the large number of young men coming forward to enlist is very creditable.

Headachy, Costive, Bilious, "Cascarets."

Sick Headache, Bad Breath, Sour Stomach, mean Liver and Bowels are clogged—Cheer up!
Get a 10-cent box.
Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed fermenting food in the bowels or sour, gassy stomach.
Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.
Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.
A Cascaret to-night will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

More Theft.

Despite the caution and lectures given by Judge Knight and others, petty thieving seems to be indulged in as much as ever by the youth of the city and last evening the police arrested a lad charged with the larceny of a quantity of goods from a store in the West End. During the past month a considerable number of boys have been before court on charges of theft and, according to official records, conditions are something similar in a few of the outposts, as frequently we hear lately of houses, trains and steamers being looted.

United States Is With the Allies.

Leader of the American Bar Says United States World Fight Rather Than See England Perish in a Righteous Cause.
Montreal, Mar. 21.—Mr. Henry B. Esterbrook, of the New York Bar, one of the guests of the Canadian Bar Association at its first annual dinner Saturday night at the Ritz-Carlton Hotel, Montreal, touched on the war in a way that aroused his audience of 300 leaders of the bench and bar of the Dominion to a high pitch of enthusiastic applause. Said he:
"While what we call the Government of the United States is maintaining strict neutrality, ninety millions of our one hundred million citizens are working, giving and praying for your success. This being the case, I leave it to you to figure how long the sort of neutrality which is professed by the United States is going to last—you can judge, just as well as I can. That you are going to win this great struggle cannot be doubted."
Continuing, Mr. Esterbrook said: "The United States is not seeking to make war with any one, but least of all does she seek war with Great Britain. She would make almost any accommodation to prevent such a calamity. But this is not all. I am firmly convinced that you will win, and win perhaps sooner than many expect, but rather than suffer England to perish in a righteous cause the United States would fight with her. In spite of occasional bickerings, England and the United States were friendly."
Other speakers at the banquet were: Hon. C. J. Doherty, Minister of Justice; Chief Justice Acheson; Hon. Lyman P. Duff, of the Supreme Court, and Mr. R. C. Smith, K.C., Montreal.

He Felt Like a Different Man.

THAT'S WHY N. D. GILLIS EXPRESSES HIS THANKS TO DODD'S KIDNEY PILLS.
He Was Sick all over, but Found New Health When Dodd's Kidney Pills Cured His Kidneys.
Grand Mira South, Cape Breton, N. S., March 29th. (Special).—Nell D. Gillis, well known and highly respected here, states that he wishes to express his thanks to Dodd's Kidney Pills. And he gives a reason.
"Last summer I took sick," Mr. Gillis states, "I began to lose strength and had palpitation of the heart with shortness of breath and after a couple of weeks my back began to pain me. It got so bad I could not rest, could hardly walk the floor.
"I was depressed and low spirited and had pressure or sharp pain on the top of my head. I was in bad shape indeed when I started to use Dodd's Kidney Pills, but I got quick relief. After using one box I felt a different man and after taking three boxes I had no more trouble. I can now do my day's work as well as ever."
Dodd's Kidney Pills cure the Kidneys. Cured Kidneys mean that all impurities are strained out of the blood and new health all over the body. That's why Dodd's Kidney Pills made Mr. Gillis feel like a different man.
Werner Horn, the German reservist who attempted to blow up the International bridge at Vancouver, early last month, and asserted that he did so as an act of war against Great Britain, is now a prisoner of the United States and has been taken to Bangor for arraignment on indictments charging illegal transportation of explosives from New York to Vancouver, returned by a Federal Grand Jury in Boston. Proceedings for the extradition of Horn to Canada on the charge of attempting to blow up the bridge, which were instituted at Portland in behalf of the Canadian Government, will be delayed until the Federal indictment has been disposed of.
