may17.tf

**A Big Plate of Home Made
ICE CREAM.**

This Freezer is small, but it
will make two quarts of Ice
Cream, enough for quite a
large family. It weighs only
2 1/2 lbs., and may be kept on
the pantry shelf. It saves
ice, for it requires about half
as much as a freezer with a
wooden tub. It can be placed
in an ordinary refrigerator
after the cream is frozen.

This saves ice and time and labor in packing.

Two Quart Sizes, \$2.00 each.
