Quantity Price Fair and Unfair--

Any grocer who sells BABBITS soap loyally and faithfully is entitled to just as good treatment and just as fair a field for profit as any other grocer. Favoritism is what kills the independent retailer.

We have only one concession for quantity—that which the buyer actually earns, in the freight saving. We don't give it to him; he earns it.

We agree with the Retail Grocers that differentials so great that they upset fair competition should be condemned. The wonderful popularity of BABBITS soap is built on fair sales policies and real value to the consumer.
