

## LOCAL NEWS

Mrs. G. F. Dippie will not receive again this season.

Hermann Newman left for the south yesterday, where he will spend a couple of weeks in Lehigh.

Mr. J. E. Proctor, district passenger agent, will leave Calgary tomorrow for his new post at Brandon.

Tonight at Starland, "Roosevelt in Africa" pictures, with special lecture. Admission 15c and 10c.

Dr. Hicks has moved to his new offices in the McNaughton block, 515 avenue, opposite Empire theatre.

The Young Men's social hop club purpose holding their closing dance of the season on Wednesday evening.

Mrs. P. B. Tucker, 1137 17th Avenue west, will not receive on Thursday the 28th of April, nor again this season.

Nice fresh red shubard from B. C. arriving daily. Price 4 lbs. for 25c.

S. G. Freeze, Grocer, 2 phones, 367 and 2362.

Work was commenced yesterday in removing the Pioneer stables, an old Calgary landmark, which was erected in 1852.

Florence McKenzie, the three-year-old daughter of David McKenzie, died yesterday at the family residence, 309 Centre street.

The staff of the Holy Cross Hospital wish to thank Mr. F. C. Lewis for the donation of \$65, the prize which he won at the horse show, which he generously donated to that institution.

Langfellow's poem, "Death of Minnehaha," sequel to "Hawatha," will be shown at Starland on Monday night.

McCullum & Co. received the contents of a five room house too late to advertise particulars. These goods will be sold at Wednesday's sale, commencing at 2:30 sharp.

Plumber Inspector Fletcher reports that 25 plumbers have been examined this month to obtain plumbers' licenses. Most of them are new comers, many of the recent arrivals having come from Scotland.

H. Sibbald of Crossfield brought his small son to the city last night on the late train, the baby having been kicked by a horse and its leg broken at the knee. The child was removed to the Holy Cross in the ambulance.

The first run of the special grand attraction, "Roosevelt's Hunting Trip in Africa." The genuine picture. Special lecture. Starland's usual prices, 15c and 10c for children.

The Ladies' Aid of Wesley Methodist church will be at home on Friday, 28th inst., from 4 p. m. to 8:30 p. m. A progressive tea will be given, also a sale of work and candy, the proceeds to be in aid of furnishing the parsonage. Entertainment at 8:15 p. m. splendid program.

Chamberlain's Stomach and Liver Tablets assist nature in driving all impurities out of the system, insuring a free and regular condition, and restoring the organs of the body to health and strength. Sold by all Druggists.

Burroughs & Richards, architects, have filed plans with the building inspector for a two-story terrace, which Henry Poffenroth is to erect at Riverside, costing \$24,000. The same architects have filed plans for a terrace of about the same kind for C. T. Gilbert on Ninth street west.

A telegram was received yesterday from Mr. J. T. Lewis, father of Mr. J. T. Lewis, saying that his wife's horse was won 22, 20, and 20, a very cup for championship horses at the Vancouver horse show. Mr. Lewis took the horses to Vancouver to show them for Fred, and left there yesterday for Calgary.

Hodges & Bates, architects, will open tenders May 10 for building two additional stories on the E. 36th C. A. building, for which funds were raised last fall. On the second floor will be 40 bed rooms, 3 shower baths and other conveniences, while on the third floor will be a lecture room, study rooms and rooms for various other purposes.

Convalescents from fever and injuries that have kept them bed ridden for some time and all people run-down and below par generally will find a course of treatment with Ferrovin, the invigorating tonic just the thing to put them on their feet again in good shape. Ferrovin is composed of fresh lean beef, Citrate of Iron and pure oil. Spanish Sherry Wine, \$1.00 per bottle.

Calgary Council No. 121, C.O.C.F., will hold a box social and dance on Tuesday evening, the 26th of April, at their hall in the Robinson-Linton block. These dances will be given by the ladies whose prize will be given the highest prize. No admission fee will be charged, but every gentleman in order to obtain any portion of the prize row being turned without being cut loose from the adjacent road. There seemed to be very little friction on the share and mole board, it having so small an angle with the landside, and the long sweep of the arms or rods back of the mole board seemed to turn the sod with perfect ease and little friction, although turning the sod 20 inches in width, and a depth of not less than 4 inches, the draft was so light that it would appear one good team could handle it without very great effort. The coulter set at an angle and attached to the point of the share seemed to be a very good device as it not only stiffened the coulter and kept it in exact position, but also cut the sod at an angle, so that it could less easily stand on edge. This assisted turning very much.

Owing to the soil which we have in the irrigation block, I believe you will find it to your advantage instead of cutting a furrow 20 inches in width to cut two furrows 12 inches in width instead. This will have a tendency to join the edges so as to leave flat surface; and where the sod varies as to its toughness as it does here, it will turn the sod unbroken and leave a surface best suited for cultivating, and would require less disking than it would if turned in wider furrows and not laid as regular.

If a few details are worked out, I consider you have a plow that will outdo anything that is now on the market and will work a revolution in breaking sod on this western prairie. With these few suggestions permit me to say, that any assistance I can give you in working out this point, I will gladly do at any time, and when a plow turning 12 inch furrows such as can be evolved from the plow shown in the present demonstration has been made, and is on the market, I want you to put me down for one for use on my farm. I understand that this company are going to make such plows.

I remain, Yours very truly, F. W. CRUDELL, Per J. L. S. Superintendent of Department of Irrigation and Colonization Dept. Can. Pac. Ry.

Earthquake Shocks in Portugal

Lisbon, April 26.—Violent earth shocks have occurred in the upper Made valley but no casualties have been reported.

TOO LATE FOR CLASSIFICATION

WANTED—Furnished rooms with board for married couple, will pay suitable. Central location desired. Box B-20, Albertan, 2614-113.

## FIFTEEN MILES OF PIPE FOR CALGARY

Two Hundred Car Loads Will Be Needed to Do the Work of the City During the Present Year.

Two hundred carloads of clay pipe will be needed to construct the sewers which are to be laid in Calgary this summer. Who can listen to this statement without realizing that this city is growing some? Measured linearly, the pipe will extend fifteen miles.

The council last night approved the recommendation of the commissioners that the contract for furnishing the pipe be awarded to the Canadian Equipment & Supply Co. The pipe is manufactured by the American Sewer Pipe Co. of Akron, Ohio. It will take ten trains of twenty cars each to bring the pipe here from Akron. The Canadian Equipment & Supply Co. were the lowest bidder for furnishing the material, there being half a dozen others. Their bid was \$75,517.50, with \$5,638.15 additional for specials and \$282 for bands.

THEODORE ROOSEVELT—From latest photograph.

WHEN IS A NIGGER NOT A NIGGER, THE COURT DECIDES

When is an Octagon or Quarter Breed of Such Like, is the Decision.

New Orleans, April 25.—That a large part of the legislation in Louisiana directed towards the separation of the races does not apply to octagons or quarters, was the first of a decision handed down today by the State supreme court.

The court holds that where the text of the law merely says "Negroes" it cannot be applied to octagons nor other persons of mixed blood.

A Successful Demonstration.

April 26, 1910.

Dr. J. W. Rowntree, President Vandyke Plow Co., Red Deer, Alberta.

Dear Sir:—Referring to the demonstration which was given by you of your breaking plow, a few days since, I noted the following conditions which recommended it to me very strongly.

The undercut share or fin on the land side, which prepared the next furrow for turning, would leave no possibility of any portion of the next furrow being turned without being cut loose from the adjacent road. There seemed to be very little friction on the share and mole board, it having so small an angle with the landside, and the long sweep of the arms or rods back of the mole board seemed to turn the sod with perfect ease and little friction, although turning the sod 20 inches in width, and a depth of not less than 4 inches, the draft was so light that it would appear one good team could handle it without very great effort. The coulter set at an angle and attached to the point of the share seemed to be a very good device as it not only stiffened the coulter and kept it in exact position, but also cut the sod at an angle, so that it could less easily stand on edge. This assisted turning very much.

Owing to the soil which we have in the irrigation block, I believe you will find it to your advantage instead of cutting a furrow 20 inches in width to cut two furrows 12 inches in width instead. This will have a tendency to join the edges so as to leave flat surface; and where the sod varies as to its toughness as it does here, it will turn the sod unbroken and leave a surface best suited for cultivating, and would require less disking than it would if turned in wider furrows and not laid as regular.

If a few details are worked out, I consider you have a plow that will outdo anything that is now on the market and will work a revolution in breaking sod on this western prairie. With these few suggestions permit me to say, that any assistance I can give you in working out this point, I will gladly do at any time, and when a plow turning 12 inch furrows such as can be evolved from the plow shown in the present demonstration has been made, and is on the market, I want you to put me down for one for use on my farm. I understand that this company are going to make such plows.

I remain, Yours very truly, F. W. CRUDELL, Per J. L. S. Superintendent of Department of Irrigation and Colonization Dept. Can. Pac. Ry.

NEW YORK MARKET

New York, April 26.—Wheat: Spot, No. 2 red 114 1/4, nominal; No. 1 northern 111 5/8, nominal; No. 2, nominal.

Options—Wheat, declined sharply under active speculative selling on the weak cables, and prospects for more favorable weather, closing at 114 1/4 to net decline.

Exporters bought five loads of Manitoba wheat. May 115 3/4 to 117 1/4; closed 115 3/4; July 109 5/8 to 111 1/4; closed 109 5/8; September 107 1/4 to 108 1/4; closed 107 1/4. Receipts 115,400.

ADDITIONAL LOCALS.

You are invited to inspect those Ladies' semi-ready embroidered suits, collars and jabots. Just arrived, Irish Linen Store, 602 Centre street.

Watch Repairing—All kinds. English, American and Swiss. Moderate charges, good workmanship. Dickens Working Watchmaker, from Edinburgh, 351 8th Avenue East. Just below the Queen's. Open evenings till 8. Saturdays 11.

Diarrhoea should be cured without loss of time and by a medicine which is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails, and is pleasant and safe to take. Sold by all Druggists.

## ROOSEVELT RECEIVES TAPESTRY FROM FRANCE

A Very Nice Remembrance From French President.

Paris, April 26.—This afternoon President Fallieres, through Commandant Basi, the officer of his military household, presented Theodore Roosevelt with a magnificent tapestry, the design of which is a copy of Jerome's famous painting, "Love Mounted on a Hippogriff."

The tapestry was made at the celebrated government factory at Beauvais and involved several years work.

MINISTRY CHOSEN AT PARTY CAUCUS

Outlook of Conditions in General of the Commonwealth of Australia.

—Many Changes to Be Made.

Melbourne, April 26.—The labor party caucus assembled on Friday to choose a ministry. A rejection is certain of the proposed agreement under which the commonwealth should return annually to each state twenty-five shillings per head of the population from customs revenue. The proposal that the commonwealth should make over state debts is largely favored.

Gives Away Empty Title.

Brussels, April 26.—According to the newspapers published here today Prince Victor Napoleon, before marrying Princess Clémentine, daughter of the late King Leopold, will officially renounce his pretensions to the throne of France. The wedding of the prince and princess is to take place next autumn.

PROF. MILLER—Of Toronto, who says much mineral will be discovered at Hudson's Bay.

AUTO DRIVERS HELD FOR DEATH OF MONTREAL GIRL

One Man Under Arrest and Other Cannot Be Found.

Montreal, April 26.—Louis A. Dionne, saloonkeeper, owner of an automobile, and John Lewis Kieffer, driver, are held responsible for the death of Jessie Smith, who was run down and killed on Victoria bridge Sunday night. Dionne is under arrest, but Kieffer has not been found. The police say to the present, three other occupants of the car are also held by the police.

Ladies' Night at Chief Mackie's

Last night was ladies' night at Chief Mackie's house of entertainment, three being locked up. Kille Quinn for drunkenness and Stella Howard, a colored woman, for keeping a house of ill fame at 312 Third street east. Mrs. Mamie Bowie, a white woman, who gave her age as 25, and her home as San Francisco, was taken in charge for being an inmate of the Howard house. She proudly proclaimed to the police that she was the mother of two children, negroes and Chinamen have been frequenting this establishment.

Change in Time Table.

The C. P. R. has completed its timetable, which goes into effect June 5 on the main line. These trains will leave Calgary as follows:

Westbound, No. 1, 12:00 o'clock; No. 5, 5:45; No. 97, 8:10.

Eastbound, No. 2, 14:05; No. 6, 24:45; No. 98, 2:10.

C. P. R. OFFICIALS MEETING THE CITY

Messrs. Peters and Bury Conferring With Local Official Regarding Some Affairs of Mutual Interest.

E. W. Peters, assistant to Second Vice President Whyte, of the C. P. R., arrived from the north last night in his special car, accompanied by G. J. Bury, general manager of western lines, his purpose being to confer with the city officials regarding various arrangements that must be made with the municipality in reference to the new yards, which the company is to construct at East Calgary.

Among these matters are the location of the overhead bridge and water supply. When Mr. Peters was last here a route for the bridge was decided on, but since that time the council has offered objections and expressed a desire to eliminate a fog in the plan for a bridge proposed by the railroad engineers.

Mr. Peters and Mr. Bury came west from Winnipeg over the new line from Selkirk to Wetaskiwin, reporting that conditions are very prosperous along the road. Mr. Peters will remain in the city tomorrow, while Mr. Bury will go on to Medicine Hat. They will meet here and return east together.

Diarrhoea should be cured without loss of time and by a medicine which is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails, and is pleasant and safe to take. Sold by all Druggists.

## CONGESTED STREET TO BE WIDENED

City Engineer Reports Favoring the Extension of the Block to the East of the Elbow Bridge.

City Engineer Child yesterday afternoon sent a report to the commissioners recommending that block 9 on the south side of Ninth street, east of the Elbow bridge, be purchased by the city as a means of widening the avenue at that point. It is only 60 feet wide now, and there is already some congestion of traffic. The property is owned by Comptroller Whyte of the R. N. W. M. R., stationed at Ottawa.

Mr. Child plans to construct a second bridge across the river beside the present one on the south side of it, to be used by team traffic exclusively. The present bridge is wide enough for a double street car track and could be used for street car purposes.

The commissioners decided to make some repairs to the center street bridge, which is owned by private parties, complying to a request of interested property owners.

The commissioners have made satisfactory arrangements for making a trade with Messrs. Maxwell, Howard and Price, owners of a subdivision next to the Lindsay estate near the cemetery, by which the city gets two lots as a site for a fire hall in return for some land the city gives them. The mayor visited the lots yesterday and decided the trade would be advantageous.

The commissioners were notified yesterday that Davidson and Westover, the Edmonton contractors, who are to make the excavation for the subway on First street east, began work yesterday. The C. P. R. began hauling the gravel it will need for its cement work several days ago. The contractors say that they have been delayed in beginning the work because of a scarcity of teams, but the city notified them it would do the work itself if they did not start at once.

New York Market

New York, April 26.—Wheat: Spot, No. 2 red 114 1/4, nominal; No. 1 northern 111 5/8, nominal; No. 2, nominal.

Options—Wheat, declined sharply under active speculative selling on the weak cables, and prospects for more favorable weather, closing at 114 1/4 to net decline.

Exporters bought five loads of Manitoba wheat. May 115 3/4 to 117 1/4; closed 115 3/4; July 109 5/8 to 111 1/4; closed 109 5/8; September 107 1/4 to 108 1/4; closed 107 1/4. Receipts 115,400.

ADDITIONAL LOCALS.

You are invited to inspect those Ladies' semi-ready embroidered suits, collars and jabots. Just arrived, Irish Linen Store, 602 Centre street.

Watch Repairing—All kinds. English, American and Swiss. Moderate charges, good workmanship. Dickens Working Watchmaker, from Edinburgh, 351 8th Avenue East. Just below the Queen's. Open evenings till 8. Saturdays 11.

Diarrhoea should be cured without loss of time and by a medicine which is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails, and is pleasant and safe to take. Sold by all Druggists.

## AT THE THEATRES.

At the Lyric.

Those who attended the Lyric theatre this week could not fail to be impressed by the splendid performance of "The Marriage of Kitty," now being played by the Eckhardt Theatrical Co. Tonight and this afternoon's matinee will be the last two performances of "The Marriage of Kitty," and if you fall to see it you will have missed a wonderful performance of a very interesting comedy. Commencing Thursday night "Brown's in Town" will be given its initial performance in this city. There has been farce comedies and more farce comedies, but when Mark Twain wrote the one called "Brown's in Town" he little realized that it would turn out to be the very best ever produced on the American stage. Such was the case, as can easily be seen by the long successful run it has had in the large cities throughout the States.

At the Orpheum.

With the Orpheum well filled, it is easily seen that this week's bill is the best yet put on at this play house. Every sketch is a feature. In "Adair De Armond & Co. Manager Sherman" has secured a clever trio. The Tregars are skilled wire artists. This week's bill closes vaudeville, and next week Manager Sherman has on the board Henry Bernard's musical "Merry-makers."

Roosevelt in Africa.

This grand feature picture, which has caused such a tremendous sensation not only in Winnipeg, but through the entire world, will undoubtedly be shown without fail tonight at Starland. The picture is genuine, first run, and highly diverting and interesting. It is the kind of subject which everyone who has a thought or the goings on in the outside world ought unmissably to see, and shown as it will be tonight, not only at Calgary's favorite theatre, but also at the very moderate price of 15c for adults and 10c for children, it is sure to draw the whole city to the gay little Eighth Avenue theatre.

Jessie MacLachlan Concert.

The concert given last night in the Central Methodist church by the Jessie MacLachlan Concert company was a decided success, and it was at a very late hour that the event closed with the singing of God Save the King. The large number of encores to which the different artists gave response kept the audience in attendance until after 11 o'clock.

The recitations given by Mr. Craig-hall Sherry were undoubtedly the best of the evening, while Miss MacLachlan scored several hits with her songs.

Mr. Barney Nelson was decidedly off color and should not have appeared. He was suffering from a severe cold and at times his voice took a pitch that resembled a street car cutting corners.

However, the evening was made enjoyable to those present by the splendid talent of the other artists, Miss MacLachlan and Mr. Sherry in song and recitations.

DISCUSS WAGES OF LEATHER WORKERS

Conference Between Employers and Men Held Yesterday—A Compromise Suggested by Employers.

The local leatherworkers and their employers have decided to try to reach a settlement among themselves regarding the demand for an increase of ten per cent in wages. Yesterday was the date fixed on which each side was to appoint a man on an arbitration board to adjust the difficulty. The employees chose Ald. Brockbank, but the employers did not make any selection, although they had a man in view. It was deemed better policy to try to arrive at a settlement without outside assistance.

The demand of the leatherworkers affects only the Great West Saddlery company and Riley & McCormick, the other employers having acceded to the request of the men. The demand is for a nine-hour day in place of a ten-hour day at the same wage, and for an increase of 10 per cent on piece work. The employers have offered a compromise, which contemplates, it is said, a general re-organization of the basis on which the work is paid, and granting the nine-hour day.

Mr. R. J. Hutchings, of the Great West Saddlery company, said last night that the firm is not much opposed to a shorter work day, as most of the work is done on the piece work basis, so that it does not make much difference to the back-saver how long the man he hires works.

Second Call for Troops

Lima, Peru, April 26.—The second call of the government for troops today was responded to by several hundred men at both Lima and Callao. These were distributed among the infantry, cavalry and artillery.

Many Forms of Nervous Trouble

CHASE'S NERVE FOOD

Picture to yourself the thousands of cases of nervous prostration, of locomotor ataxia and of partial paralysis that have been cured by Dr. Chase's Nerve Food.

Then doubt if you can be effective of this treatment in the cure of minor nervous troubles, such as headache, sleeplessness, nervous indigestion and tired worn-out feelings of brain and body. Don't look for more relief from this treatment for it does not work on that principle.

Its benefits are both thorough and lasting because it supplies to the blood the elements which are needed to rebuild the worn out human system. The appetite is strengthened, digestion is improved, all the organs are quickened into action by the restored nerves and you feel yourself regaining the old-time vigor and strength. 50 cents a box, all dealers or Edmondson, Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

NOTICE

The Office Specialty Manufacturing Co.'s stock warehouses are located in the Chapin Building, 335 Eighth Avenue west, Calgary.
