ONDON, March 19.—An interesting disery is reported from the town of Brunsk, Germany. The famous indulgence, in which the inquisitor, Tetzel, is said have carried the money collected by him, of which he was robbed by Ritterhat, in the Harz Mountains, has been found the Brunswick Town Hall. It was this or Tetzel that is said to have paved a way for Luther's success. Consider le interest is felt in the relic.

A Vienna Sensation.

VIENNA, March 19.—During the height the festivities at a ball given at the arman embassy in this city in February e Princess of Reuss, wife of the German bassador, called aloud to M. Vacresco, attache of the Roumanian legation and nof the Roumanian Minister, to leave the place, as he had not been invited. As result of this insolence, it is learned at the elder Varesco had resigned so as a canable him to challenge the Prince of the serior the affront which the Princess fiered to his son.

Bicknell and McLuhan xoited a good deal of local interest. The arties reside in West Luther and Arthur illage, and the dispute arose out of townip accounts. The claim of Coleman, exceve, is for damages for an alleged libel in letter, sent by McLuhan, excelerk, to lenderson, the fogmer treasurer. Bick-sell, one of the defendants, made an apology the time the writ was issued and paid the time the writ was issued and paid the lose of the case the claim against Bicknell was compromised at the judge's suggestion by his paying plaintiff \$50 more without costs. The jury afterwards returned a verdict against defendant McLuhan for \$100.

Prospect Lodge at its last meeting, Monday, 16th, conferred therankof knight on two esquires and received three applications for admission by initiation. A pleasing feature of the meeting was the presentation to the lodge of a beautifully-framed picture containing the photographs of the charten of picture of Mayor (aylor, the first past chancellor, being in the center, and surrounded by hose of Past Chancellors Graydon, Rhyprd, Pingel, and Knights Plastow, Southett, Darch, VanTuyl, Moyes, Robinson and MoIntosh. Short and pithy speeches were made by Knights McIntosh, Darch, Plastow and others. The work was lesigned and carried through by P. G. C. Alex. Gardner, and is a credit to his taste and ability. The picture becomes one of the most pleasing ornaments of Prospect's neat lodge room. This lodge purposes holding an "at-home" in their rooms at an earlier date, at which able speakers will present the aims and objects of the order, in addition to which a pleasant time will await those fortunate enough to secure an invitation.

Efforts are being made by the local knights to organize a lodge in Stratford. There are good prospects of success.

An effort is again to be made to construct, a Pythian temple in Chicago.

Histogenetic Medicine Association:

GENTLEMEN: I now wish to bear my testimony to the magic powers of Histogenetic Medicines in the cure of Lung disease. Three years ago I had a severe attack of intermittent fever, which shook my constitution very seriously, especially my lungs, liver and bronchial tubes. A year ago I took la grippe, which left me in a bad condition. I had a very bad cough and profuse expectoration. Could not sleep for coughing and pain in, my lungs. I had night sweats and other evidences of a destructive process going on in my system. All I took and did, including od liver oil and other consumptive remedies, did me no permanent-good. I finally became 'discouraged, and realized that consumption would soon carry me off unless some unusual treatment was brought into use in my case. I got worse, and still worse, until about the middle of December last, when I noticed an advertisement the Toronto papers giving the testimonials of a man named Hoperoft having been cured of consumption, also the testimony of another Toronto citizen named Sinclair cured of bronchitis with Histogenetic Medicines, I consulted Dr. Rear, the medical dyaminer of the Association. He was positive after a careful examination of my condition that Histogenetic Medicines perseveringly taken would effect at least an arrest; of the disease, and very probably a radical cure. I commenced treatment at once and began to gain rapidly, when unfortunately I took a severe cold, but persevered with the treatment, and was soon better than usual again. I have ganed more since commencing the treatment than I had lost during my illness (fifteen pounds). In fact, I weigh five pounds more than I have for years. I am able now to follow my usual employment all day and feel splendid. The action of these beautifully prepared, tasteless medicines is miraculous and permanent, and they leave no injurious effects. I wish in this testimony to tender my hearty thanks and also those of my now happy wife to the Histogenetic Association for the deep interest

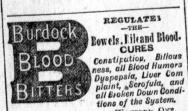

The Histogenetic system of Medicine is com-plete, reaching all diseases. Medicines are tasteless and contain nothing of a poisonous nature whatever. Call or send for our free book; it should be in every house in the land. Our representative will make regular monthly visits to the following places. Dates for March are:
