LOCAL MARKETS.

London, Thursday, Feb. 23. Although the attendance at the market this forenoon was not as large as on Tuesday, there was a good display for this day of the week. All classes of farm products were offered. There was another slump in prices from Tuesday. There was a fairly active demand for most lines. The only exception was for apples.

Grain—There were 30 loads of oats offered; sales were not as brisk, and were made at lower prices, viz. 12 to 13 1/2 per cwt. No other kind of grain offered. Hay and straw—There were 32 loads of hay offered today, considering that there have been 115 loads marketed so far this week, there was a fairly brisk demand; prices were a trifle lower, and most of the sales were made at 30 per ton; a few loads were sold at 29 and 31 per ton. Straw sold at 36 per cwt.

Butter and Eggs—There was another decline in the price of butter, which was in fairly large supply; sales were made at 22c for crocks and 24c to 25c for pound rolls. Eggs also sold easier, at 22c per dozen wholesale and 24c retail.

Potatoes—Sales sold at 75c to 90c per bag; a considerable portion of the offerings sold at 80c and 85c per bag.

Apples—Sales sold at 10c to 12 1/2 per bushel, or 25c to 30c per barrel.

Dressed Hogs—About 80 carcasses on sale; prices declined from 55c to 50c per cwt; sales were made mostly at 50c per cwt for light hogs; a few heavy hogs went at 48 per cwt.

Poultry—Prices were firm in this line; the supply was small, and there was no change in prices from the offerings sold. Butchers' Meats—The supply was not large; sales were fairly brisk at prices quoted.

STOCK MARKETS.
New York, Feb. 23.—Noon.—The prediction was made that Union Pacific would quickly recover its dividend, and it was fulfilled in the first hour of today's trading. The buying of the stock was in large volume, and by good connections. Liquidation was apparent throughout the market, but it was more than offset by the buying power, consequently a noticeable stock show advances over Tuesday's prices. The greatest display of strength was in T. C. and I. S. and S. S. The movement generally is viewed with disfavor in the street, and has led to realizing not only by traders, but also by commission houses. Towards noon this realizing
