diately. Respectfully, BELTZ & COMPANY

PRACTICAL FURRIERS. that was destroyed by the volcano Vesuvius, dealing in an interesting manner with the work of excavation in its

relation to art. Pompeii was buried under 22 feet of lava at the time of the great eruption, and the excavations which were commenced in 1748, but which were undertaken systematically in 1861, shown that buildings, household utilities, statues and paintings are remark ably well preserved. The greater portion of the city has now been unearthed, and as a result a great deal of material has been obtained for the world's museums.

The address was illustrated with a number of slides, portraying the decorative and architectural art known to the people of Pompeli.

POOR MILK AND BADLY KEPT HERDS

Dr. Hutchinson and Dr. Tamlin Make Reports to Board of Health.

WINTER HARD ON CATTLE

Dairymen Find It Very Difficult to Keep Up to the Standard Desired by the City.

Poor milk and badly-kept ormed the gist of the report of Dr. Hutchinson, M. H. O., and Dr. Tamlin, veterinary inspector, who on Tuesday afternoon submitted their annual reports on the condition of the herds and dairies furnishing milk to the citizens of London. The report will be

In explaining the report Dr. Tamlin stated that the past winter and the previous summer had been very hard on dairymen. There was no straw in University of Toronto, faculty and ap- D. Walcott, R. M. Walker, G. L. Walthe country, and it was almost impossible for the farmer to keep his herd clean and right. Feed was very scarce, and as a result the cattle were not fed as well as under normal condi-That, with the very partment of mechanical engineering of severe weather, combined to make poor milk, Ten herds had been forbidden to supply milk to customers because of the filthy condition of their dairies, and five others are under inspection.

Herd Not Inspected. Dr. Tamlin called attention to the fact that a wholesale firm was taining milk from herds that had not been inspected by himself. He asked for instructions in the matter. It was decided after some discussion to allow Dr. Williams, chairman of the board of health, Dr. Hutchinson, and Dr. Tamlin to settle the matter. Two herds only had been submitted to the tuberculin test during the year, and the results were satisfactory in

oth cases.
Dr. Hutchinson submitted his health P. G. Welford, E. R. Williams, W. H. report for the month of April. There were three cases of scarlet fever, two in Victoria Hospital, and one other isolated. The city was free from other

infectious diseases.

All those who have outdoor closets within 150 feet of a sewer must con- Clark, A. S. Cook, W. M. Cruthers, F. Costs no more than ordinary cold nect. Some time ago the city council nect. "You could actually smell it in the milk," commented Dr. Nasmith. a farmer would use such stuff I cannot for, a moment understand. We have sent out the inspector to see whether we can get other samples bearing similar preservative fluids."

For the June Bride---

This Charming Gift---

A Sherlock-Manning 20th Century Piano "Canada's Biggest Piano Value"

June will soon be here-beautiful, balmy June-the month of Brides and Roses. So let this remind you of that Bridal Gift you have to select The Bride is keenly alive to everything that is beautiful about her new home, and what gift so

suitable or so truly satisfying as a first-class plane? It combines beauty and sentiment with utility, and is just what the Bride herself would be likely to choose. Make it a Sherlock-Manning 20th Century Piano. Its beautiful appearance will not vanish. Its rich, resonant, singing tone will endure. For the Sherlock-Manning 20th Century Piano is built honestly and built to last. Yet its price is moderate.
