NAT GOODWIN BADLY INJURED

Los Angeles, Cal., Aug. 15.—Nat Goodwin was badly injured today at Rocky Point, near Hueneme, by being thrown on the rocks from a skiff. The heavy breakers threw the actor out of the boat upon the rocks, and then, while he was helpless, the boat was dashed upon him. His injuries are mainly internal, and doctors can't tell whether they will prove fatal.

Goodwin and a woman of his company engaged the launch Nora, Captain Albert Hyder, of Santa Monica, to make a trip up the coast today with a view of locating some land which, Goodwin said, he wished to buy and convert into a summer

The woman had a note, which she told Captain Hyder was for an Indian who lived near Hueneme, and when a spot 12 miles of that place had been reached she espied an Indian's hut, and demanded that Captain Hyder take her note ashore and give it to the Indian. Hyder refused, because of the strong and give it to the Indian. Hyder refused, because of the strong tide and rough breakers, but Goodwin, taking off his coat and vest, grabbed the note and jumped into a rowboat.

As the boat reached the breakers line it was overturned. Goodwin was thrown upon the shore and stunned. With the roll of breakers the boat was thrown upon Goodwin.

Hyder got Goodwin into the launch, and hurried to Santa Monica, where the actor was placed in a hospital.
