**Agonies of Gall Stones**  
SANOI IS THE MOST RELIABLE  
AND RAPID CURE FOR THIS

**Painful and Dangerous Disease**

There are hundreds of sufferers from  
gall-stones who will be glad to know  
of the great results being derived from  
the use of SANOI, the remedy that is  
safe, sure and remarkably rapid in its  
action. It removes the necessity of an  
operation; relief comes promptly, the  
stones being dissolved or passed off in  
the stool without danger to the pa-  
tient, and without pain.

We have many testimonials from  
people who have thus been cured. We  
are able to give names and addresses  
of numbers of these, and will gladly  
do so to all who inquire.  
The following from the letter of a  
well-known Toronto gentleman:  
"Replying to your letter, I followed  
your instructions and purchased two  
bottles of SANOI. You might send  
me six much of the mixture as I need,  
if I can in any way help the sale of  
SANOI, and by doing so help some  
other unfortunate, I will be only too  
pleased to do so, as I consider it the  
best remedy made."

## THE BLESSING OF MOTHERHOOD

Healthy Mothers and Chil-  
dren Make Happy Homes

Motherhood is woman's highest sphere  
in life. It is the fruition of her dearest  
hopes and greatest desires; yet thou-  
sands of noble women through some de-  
velopment have been denied this blessing.  
In many homes once childless there are  
now children because of the fact that  
Lydia E. Pinkham's Vegetable Compound  
makes women normal, healthy and strong.  
This is evidenced by the following letters  
which are genuine and truthful:

London, Ont.—"I wish to thank you  
for the benefit I received by taking your  
famous medicine, Lydia E. Pinkham's  
Vegetable Compound. Before my  
baby was born I was so ill I could not  
stand long or walk  
any distance. I had  
to lie down nearly  
all the time. After  
I took your medicine  
I felt like a new woman. I could work  
from morning till night and was happy  
and well. I certainly think it relieves  
pain at childbirth and recommend it to  
every woman who is pregnant. You may  
use this testimonial if you like. I may  
help some other woman."—Mrs. FRANK  
CORRIN, 182 Adelaide St., London, Ont.

Brooklyn, N.Y.—"I was ailing all the  
time and did not know what the matter  
was. I wanted a baby but my health  
would not permit it. I was nervous, my  
side ached and I was all run down. I  
heard that Lydia E. Pinkham's Vegetable  
Compound was good and took the medicine.  
I have now a beautiful baby and your  
Compound has helped me in every way."

St., Brooklyn, N.Y.

## GIVEN DAMAGES IN AUTO CASE

Lady Was Thrown From a  
Buggy by Collision Near  
Ingersoll.

TWO CASES SETTLED

Summer Assizes of the County Court  
Opened on Tuesday Under Judge  
Elliott.

The summer assizes of the county  
court were opened on Tuesday after-  
noon, His Honor Judge Elliott presiding.  
In his address to the jury, he com-  
mented on the small number of cases  
and their minor nature, and said that  
it spoke strongly for the morality of  
the county of Middlesex.

The case of Charles Ormandy against  
the Kensington Oil Company was set-  
tled by consent without costs.  
The case of Chittick against Lash-  
brook was postponed, to be tried later  
by jury. The cause of the postponement  
was the absence of one of the  
witnesses in England.

An Accident Case.

The first jury case was Cornfoot vs.  
McKay. J. O. Dromgole represented  
the defendant, and R. G. Fisher, the  
plaintiff, Mrs. Cornfoot. The action  
was the result of an accident on the  
Colborne road, near Ingersoll, in which  
Mrs. Cornfoot was thrown from a buggy  
and sustained a broken collarbone  
and two broken ribs. The plaintiff al-  
leged that the defendant, Dr. McKay,  
drove his auto on the wrong side of  
the road and forced the buggy in which  
she was over the embankment on the  
side of the road. The rig was over-  
turned, and the occupants thrown out.  
Many witnesses were called to prove  
that she was so severely hurt that she  
has not since been able to conduct her  
boarding-house. Dr. McKay, in de-  
fence, claimed that he was not on the  
wrong side, and that he was not driving  
at an excessive rate of speed, as the  
plaintiff alleged. He said that the  
plaintiff's party was already in the de-  
pression of the road when he saw them,  
and that the accident was caused by  
the driver trying to get back on the  
road up a steep declivity. The action  
was for \$500 damages, and the award  
of the court was \$400.

The case of Mongold against the Do-  
minion Canners, alleging wrongful dis-  
missal, was transferred to the jury ses-  
sions from the non-jury. Meredith &  
Fisher representing the plaintiff, and  
J. M. McEvoy the defendants.

The case of Walter Strevel against  
the London Street Railway Company  
was withdrawn. Meredith & Fisher  
represented the plaintiff, and Ivey &  
Dromgole the defendants. The action  
was for \$500 damages following an ac-  
cident. It was settled between the  
parties.

## WHY WERE PLANS FOR COURTHOUSE REPAIRS NOT CARRIED OUT?

Jump of Estimates From City Architect's Figure of  
\$25,000 to \$60,000 Cause of Discussion by  
County Councillors—"What Additions to Mr.  
Nutter's Plans That Would Make Difference?"  
Is Asked.

After considerable discussion as to  
why the cost of the court house repairs  
had gone so far in excess of the esti-  
mates, the county council of Middle-  
sex Tuesday afternoon adopted the  
report of the court house repairs com-  
mittee. No definite reason why the  
cost was so materially increased was  
given, except that the original esti-  
mates had been faulty, and that con-  
siderable more work was later decided  
upon for the interior of the building.  
A number of the councillors found it  
hard to understand how work which  
was at first estimated to cost \$25,000  
should reach \$60,000.

"Could any explanation be given why  
the old plans were so deviated from,"  
asked Councillor John McGugan. "I  
understand that the old plans were set  
aside."

Big Jump in Estimates.

The warden, Mr. A. K. Hodgins, as-  
sured him that the old plans were being  
carried out with a number of addi-  
tions. "What is the estimated cost of  
the repairs?" asked Mr. McGugan. "Sixty  
or sixty-five thousand dollars," replied  
the warden. "That's greatly in excess  
of the first estimate, \$25,000," rejoined  
Mr. McGugan. "How do you account for  
the difference?" "Well, that was only  
an estimate, and you know how far  
these often go astray," said the warden.  
"One reason why the cost had been  
exceeded is that it was thought best  
to start at once with the furnishing of  
the interior of the building."

Cost Soaring.

Councillor Henry Hardy asked as to  
what arrangement had been made with  
the architects regarding alterations to  
the ceiling of the court room. He un-  
derstood the judge had protested  
against its being touched for fear that  
the acoustic properties of the chamber  
would be destroyed. The warden as-  
sured him that this matter was receiving  
consideration, and that the cost  
was likely to be lessened by not dis-  
turb the ceiling of that room. "The  
cost is getting away beyond anything  
that any member of this council  
thought of when the repairs were first  
decided upon," commented Mr. Hardy.  
The warden pointed out that the ex-  
penditure did not all take place this  
year. "The first estimate was \$25,000.  
They spent that much last year, and  
only got nicely started, and the com-  
mittee thought that the work should  
be gone ahead with," he said.

Mr. Nutter's Estimate.

Councillor Frank Boyes referred to  
the plans drawn up by City Architect  
Nutter, calling for an expenditure of  
\$25,000. "What additions have been

daughter of an English resident, who  
was blind and lame, but whom it was  
thought could be entirely cured by  
treatment at the Sick Children's Hos-

ferred to the finance committee.

The finance committee recommended  
that the services of the freemen at the  
jail be dispensed with and the office  
of janitor and high constable separated,  
as the two were thought to conflict.

W. T. Ullens moved, seconded by E.  
Murdy, that a committee composed of  
Messrs. W. F. Toohill, J. W. Laidlaw,  
P. Boyes and the county engineer, to

## INSPECTOR REPORTS ON THE COLLEGIATE

Says There Are Six Teachers to  
One Subject and Advise  
Changes.

PUBLIC SCHOOL ROLLS

Playgrounds Are To Be Used By the  
School Children Only From  
8 a.m. to 5:45 p.m.

High School Inspector Houston's  
report on the London Collegiate In-  
stitute was submitted at the meeting of  
the board of education Tuesday after-  
noon, and was on the whole complimen-  
tary. Inspector Houston com-  
plains that the art models asked for  
by the department are not yet in evi-  
dence. Extracts from the report are  
as follows: "Ratio of pupils to teach-  
ers, 22 to 1; organization of school  
generally satisfactory; discipline good;  
character of teaching first class, but  
too many pupils excused from physical  
athletics; staff excellent. Mr. Houston  
adds regarding the need of increased  
accommodation at the Collegiate that  
it was "time the board was doing  
something more than considering ways  
and means."

Regarding the commercial high  
school, he would favor a closer con-  
nection between the commercial school  
and the academic department of the  
high school.

The inspector stated that he had  
found that six teachers were teaching  
one subject, and had made a recom-  
mendation to the principal that a  
change be effected.

School Concert Receipts.

Inspector Edwards' report on the  
school concert showed receipts  
amounting to \$57,455, expenses,  
\$48,13, and a balance of \$17,32. The  
board voted a grant of \$50 of the bal-  
ance to Mr. E. W. Goethe Quantz, di-  
rector of the concert.

The matter of deprecations being  
committed on the school grounds after  
hours was considered. Inspector Ed-  
wards suggested swearing in the jan-  
itors as special constables.

"We don't want to resort to that,"  
said Trustee Strong.

The report of the playgrounds com-  
mittee recommended that the grounds  
be open from 8:30 a.m. to 6:30 p.m.  
for the use of the school children, no  
other persons to use the grounds un-  
less by special arrangement with the  
board of education. The hours were  
changed after some discussion to 8  
a.m. to 6 p.m. The playgrounds di-  
rectors, who will be made assistants  
and lady teachers, two for each play-  
ground, will be directly under the  
principals of their own schools, but  
the principal of the school will be re-  
sponsible to the board of education  
for the control of the directors. It was  
left for No. 1 committee to fix the  
salaries of the directors.

Pottersburg Pupils.

A deputation from Pottersburg will  
meet the board next Saturday to make  
satisfactory arrangements for the  
accommodation of county pupils at-  
tending Pottersburg school, of whom  
there are 40.

Trustee A. M. Hunt brought up the

## NEW STRENGTH FOR NURSING MOTHERS

Aching Backs and Tired Limbs  
Need Not Be Endured.

Aching backs, tired limbs, attacks  
of faintness, headaches and back-  
aches, need not be a part of woman's  
life. There are times when her blood  
regains its normal condition, and these  
needs are indicated by one or more of  
the above symptoms. It is at  
such times that Dr. Williams' Pink  
Pills are worth their weight in gold  
regarding the health of nursing moth-  
ers. Such women are usually weak, and  
the rich, red, health-giving blood  
which makes weak, tired, despondent  
women, active and strong, and feel-  
ing equal to all their household  
duties. Such women are usually weak,

and the rich, red, health-giving blood  
which makes weak, tired, despondent  
women, active and strong, and feel-  
ing equal to all their household  
duties.

After my baby was born last sum-  
mer I was so run down that I was  
really a burden. I had to drag my-  
self about to do my housework, and  
every moment was one of trial. If I  
could not get up, I would be breath-  
less and tired out, and my heart would  
palpitate violently, and I would have  
a feeling as though I was smothering.  
My appetite was poor, and my baby  
was suffering from my weakness. I  
was advised to try Dr. Williams' Pink  
Pills and got six boxes, and before they  
were all gone I was like a different  
woman. My appetite returned; I  
regained my strength, and the work  
about the house no longer bothered me.  
As the result of my experience I would  
strongly urge all weak women and  
nursing mothers to use Dr. Williams' Pink  
Pills.

There is no woman, no matter  
what her station in life, who will  
not enjoy better health if she occa-  
sionally fortifies her blood through  
the use of Dr. Williams' Pink Pills.  
The Pills are sold by all medicine  
dealers or may be had by mail at 50  
cents a box or six boxes for \$2.50 from  
The Dr. Williams' Medicine Company,  
Brookville, Ont.

matter of an interview which Trustee  
Officer Weir gave to the local press  
regarding the proposed Riverview ave-  
nue school site. He thought that offi-  
cials of the board of education should  
not make criticisms to the newspapers.

Chairman E. R. Dennis, however,  
held that officials working under the  
board had the same right as other  
citizens to make suggestions, either to  
the newspapers or elsewhere. Unless  
Trustee Hunt had a motion to make,  
he thought they should not discuss the  
matter.

Public School Battalion.

On the motion of Trustee Greenlee,  
permission was given to form the drill  
classes of the public school battalion.  
Trustee Dr. Teasdale asked the reason  
for the proposal, and whether it was  
on account of "the German menace or  
the Irish bill."

On the motion of Trustee Gammare,  
curriculum of courses in the Commercial,  
Collegiate and Industrial Schools will  
be sent to all successful entrance candi-  
dates.

Alexandra School Bonds.

Relative to the snag in the way of  
issuing debentures for the new indus-  
trial addition to Alexandra School,  
Trustee Gammare pointed out that if  
the council would not issue the de-  
bentures for this purpose, the addition  
could be built by the public school  
board and afterwards leased to the  
Industrial School.

Principal McCutcheon's report for  
the Collegiate showed an enrollment  
of 662, and an average attendance of  
609.

School Census.

Public School Inspector Edwards re-  
ported a public school enrollment of  
8,860, and an average attendance of  
8,781. This included an enrollment at  
the new schools of 478, and an average  
attendance of 364. The total increase  
in enrollment over 1912 was 707, and  
an increased average attendance of  
241.

The school nurse in May made 1,428  
inspections.

The amount of fees collected for the  
departmental examinations was \$1,510.  
Of which \$850 was paid to the depart-  
ment, and \$660 to the treasurer of  
the local board.

Principal Beal's report for the In-  
dustrial School showed an enrollment  
of 47, and an average attendance of  
23.

The appointment was recommended  
of Miss L. Ling as full time dress-  
maker, and Miss H. Skuse as full time  
milliner on the Industrial School  
teaching staff.

Building Bylaws

Under Consideration

Ingersoll Council Plans To Cover Dam-  
age Done To Sidewalks.

[Special To The Advertiser.]

Ingersoll, June 4.—Details of the by-  
law to govern the moving of buildings  
and the opening of streets are now un-  
der consideration. The bylaw will  
likely be passed at the next meeting  
of the council. The object of the  
proposed measures will be to demand  
a sufficient money deposit to cover  
damage likely to result from the mov-  
ing of buildings to streets and walks,  
and to obviate the difficulty that has  
repeatedly occurred in the past under  
the style of agreement that has been  
in vogue. The proposed bylaw will  
give the town additional protection,  
and the measure will certainly be ap-  
preciated by all citizens, as there have  
been many complaints in the past of  
damage caused, which, in many in-  
stances it has been stated, was never  
rectified.

In view of the notification that has  
been received from Dr. McCullough,  
of the provincial board of health, it  
is altogether probable that the ques-  
tion of a sewerage system for Ingersoll  
will soon become a live issue.

Dr. McCullough has called attention  
to the law governing cases where the  
provincial board of health has recom-  
mended the installation of a sewerage  
system. Once the recommendation of  
the provincial board is given, the ques-  
tion is out of the hands of the elec-

and passengers are assured of a com-  
fortable ride along the most interest-  
ing route to Muskoka Wharf, which is  
the original gateway to the far-famed  
Muskoka Lakes.

This train runs right to side of  
steamer at Muskoka Wharf, thus  
avoiding any inconvenience to passen-  
gers.
