JOU would never put off cleaning the hot-water reservoir of the Pandora. It is such a simple thing to keep clean.

It is lined with clear white porcelain as hard as glass. And it can be lifted out as easily as you would lift a pan from the top of the range. You empty it out and wash and rinse it. The water is always as clear and pure in the reservoir as it is in the kettle.

This is only one of the many conveniences of the Pandora. The ovendoor is glass. Think how often you open the door on bake days. You can watch the baking through the Pandora oven-door. The wash-boiler can be set the long way of the range, if you wish, leaving two of the hot front holes free for cooking. Wash-day dinners can be just as good as on other

You have heard about the Pandora, would you like to study out for yourself why so many women praise this range?

see illustrated the many useful ideas to make cooking less tiring. These things are fully explained in an interesting little booklet, "The Magic of the Pandora." You are going to give some thought to the purchase of your range—surely. Then you will need a copy of this booklet. You may have yours by mailing the coupon to the
