

COUNCIL WILL DECIDE ON BRIDGE

Little Opens Drive Tonight :: Pepall Trial Opens Tomorrow

CAMPAIGN INITIATED BY HYMAN

Veteran Leader To Launch a Liberal Drive in City of London.

LITTLE WILL SPEAK

Brackin of Kent Will Be Present—Big Meeting Is Expected.

With a flood of inquiries rolling in, Liberals expect a large attendance at their meeting tonight in Hyman hall. The meeting is called for the workers from every subdivision in the constituency of London, but everyone is welcome to the meeting. Every section will be represented as Liberalism is united in this campaign behind E. S. Little.

Hon. C. S. Hyman will be a speaker at the meeting tonight and is expected to have an encouraging message. The candidate will also speak. R. L. Brackin, M.P. (Kent), is expected to be present. There will also be other speakers. The meeting really opens the campaign and is the curtain raiser to the big meeting on Friday night in the arena when the prime minister will speak.

Major W. H. Kippen, chairman of the Liberal organization, will express himself as delighted with the response being shown to the Liberal cause in London and stated that he thought the meeting tonight would rival in enthusiasm the splendid convention at which Mr. Little was chosen the candidate.

There will also be a Liberal meeting tonight at Manor Park school house in the interests of Dr. C. C. Ross, the Liberal candidate in East Middlesex. This is one of several meetings being held by Dr. Ross.

ANDREW PEPALL'S TRIAL TOMORROW

Former Toronto Broker To Face Charge of Conspiracy To Defraud.

Canadian Press Despatch. Toronto, Oct. 13.—Trial of Andrew H. Pepall, charged with conspiracy to defraud the government of Ontario in connection with the provincial bond case, which resulted in the conviction of Peter Smith, former provincial treasurer, has been set to begin in the court of criminal assizes here tomorrow morning.

Pepall, who recently was extradited from California, is at liberty on \$300,000 bond. The original warrant on which Peter Smith was arrested set forth that "Peter Smith did conspire with Andrew Pepall to defraud the government of Ontario by obtaining secret commissions on the purchase of succession duty free bonds."

They All Look Happy!

LIBERAL CANDIDATE AND TWO OF HIS FRIENDS.
Here an Advertiser photographer has caught E. S. Little, London's Liberal candidate, in the midst of an informal conversation with Col. Clifford Reason and Mr. W. J. Stevenson, who are assisting in the organization of subdivisions for the Liberal campaign. All three look well pleased. From left to right they are: Col. Reason, Dr. Stevenson and Mr. Little.

WASHINGTON—Ferguson—Severid. R. H. E.
PITTSBURG—Kremer—Smith.

FERGUSON AND KREMER IN HURLING DUEL TODAY

Thousands Pack Forbes Field as Sixth Game Gets Under Way.

TENSION IS HIGH
Players On Both Teams Confident of Winning Crucial Contest.

Associated Press Despatch. Forbes Field, Pittsburgh, Pa., Oct. 13.—Any doubt that Ferguson and Kremer would be the batteries was removed when they took their places in the warm-up pits. Fuel was caught in the right-hander's shoos, while Jack Onslow warmed up Kremer. Sam Rice, hero of a catch off Smith yesterday, was the first to catch a ball hit to him, the bleacher crowd "razed" him vociferously. The belief apparently was held that Rice had "pulled one" on his famous play of several days ago.

Associated Press Despatch. For the Pittsburgh Pirates, long dormant, have awakened and their bats have knocked the master of the moist ball, Stanley Coveleskie, in a last desperate effort. With the Pirates' hitters aroused there is trouble ahead for the men of Harris who, only 24 hours ago, appeared to be well on their way to a second world's baseball championship.

The long predicted recovery from a hitting slump that extended through four games of world's series play, came yesterday. Backed to the very edge of defeat, the Corsairs suddenly reversed their attack with the veteran Stuffy McInnis covering first base, and inch by inch they fought away from the precipice. Now the series stands three for Washington and two for Pittsburgh.

Stuffy's Great Battle.
McInnis, it might well be said, led them in their desperate effort, for the man who had played beside Collins, Barry and Baker knew no fear—this time it was the fight of the day of the Athletics, and he performed in a way to make the men about him gain a firm footing.

Stuffy, from all appearances, fought that last battle of Washington as an acknowledged general. To him, perhaps, McKechnie turned at the eleventh hour, and was rewarded, for McInnis, veteran of six world's series, was the coolest man on the field, exhorting his mates to greater labors, and above all, working heart and soul with the Pirates' only winning pitcher, Vic Aldridge, who scored his second success, six to three.

BUS LINE IS READY FOR RUN

Several Motors Are Being Sent From Toronto to London Tonight.

SECURE LICENSES

One Bus Commences Operation On South London Route Today.

London will see the thin edge of the bus wedge become a reality tomorrow when several buses of the Metropolitan Bus Company, Toronto, will arrive here for operation. Ald. L. H. Douglass has been in touch with President C. C. Kamm of the Toronto company, and the buses will start their trip to London tonight.

A. Cotter, who has been running a 20-passenger bus on the Hamilton to Toronto highway, has had insurance matters adjusted and will start running his bus on the London South beat late this afternoon.

Mr. Cotter called at the office of City Treasurer James Bell this morning and gave a satisfactory bond in case of accident. He departed for the police station for a license card and will be running in opposition to the street railway for late afternoon and evening traffic.

TWO CHALLENGED TO RESIGN BOARD

Pocock Hits Wenige and Burdick For Attacking L. and P. S. R.

Mayor G. A. Wenige and G. A. Burdick should call a halt to their "malicious attacks" on the London and Port Stanley railroad, according to Philip Pocock, dean of the public utilities commission, or else resign as members of the commission, and give place to men who are more in sympathy with the policy of the road.

"The time is ripe for Sir Adam Beck's wish that the commissioners be elected by a popular vote of the people," declared Mr. Pocock emphatically this morning. "In order that men may be chosen who will back up the system. The London and Port Stanley railroad belongs to the people and yet there has been a deliberate attempt to injure the people's property. Statements have been made concerning the road that are so at variance with the facts that they can't be credited without knowledge of the facts of the case. The mayor has been the prime mover in these attacks, but he has been closely followed by Mr. Burdick, both of whom gave an exhibition of chess-playing tactics at the meeting of the commission yesterday."

"The mayor has said that business last year was bad, and that this year would be worse," pursued Mr. Pocock, "the commission yesterday showed an increase in net earnings of \$10,000 for August over the corresponding month last year. Moreover, the mayor has listed the commission's liabilities at something like half a million dollars. He has included in that figure, however, a line of credit of \$50,000 extended by the council, but never used by the commission, and an authorization of \$100,000 for debentures for the extension of the system, erection of car barns, etc., which work was never carried out, upon which the commission is making sinking fund payments, though the amount of the

TAYLOR ESTATE \$39,280

Will of London Druggist Is Entered For Probate.

LEFT TO WIDOW

Estate Composed of Stock in Stores and Real Estate.

The entire estate of the late Frank Thomas Taylor, druggist, of this city, who died on Sept. 29, is left to his wife Jessica, according to a will filed for probate at the courthouse today. The estate is valued at \$39,280.

Stock on hand in his various stores accounts for \$21,868, while the remainder is made up of real estate and fixtures.

POSTPONEMENT IS FOUND NECESSARY

Cold Weather and Lack of Instructors Hold Up Cadet Meet.

Cold weather and a lack of instructors have forced the postponement of the cadet shooting competition which was slated to take place at the Cove ranges on Friday, according to a statement given out this morning by Lieut.-Col. George H. Gillespie, cadet officer of military district No. 1.

The competitions will take place one week later. To date 23 teams have entered. This means that 300 marksmen and instructors will be in the city from various Western Ontario points for that day.

On account of the small arms school at present in operation in Ottawa, a sufficient number of instructors could not be present if the shoot were held this week.

For the next ten days local instructors will visit the different units and help give the cadets some extra training for the event, said Col. Gillespie.

BRITAIN NOT ILKELY TO RENEW RELATIONS

Baldwin Government Is in No Hurry to Deal With Soviet Russia.

Canadian Press Despatch. Ottawa, Oct. 13.—There are no early prospects of transactions between Soviet Russia and Great Britain being restored with the Baldwin government in power, declared Rt. Hon. Arthur Henderson, former home secretary in the MacDonald labor government, in an interview here last night.

When it was suggested that such happenings might have distinct effects on Canada in the matter of wheat marketing, Mr. Henderson said that there were other considerations besides wheat, and if Russia was to regain her large production of wheat she would need agricultural implements, many of which Canada was able to supply.

TWO KILLED IN PARIS DURING MOB FIGHTING

Associated Press Despatch. Paris, Oct. 13.—Aside from Paris and its environs the general strike called by the Communists is said to be a failure as a protest against the warfare in Morocco, according to government officials. In Paris and the suburbs two men were killed and some thirty wounded during fighting yesterday between mobs and the police.

Numerous raids were made. Minister of the Interior Schumanek said this morning that the strike had proved a complete failure.

SEARCHING FOR SCHOONER.
Associated Press Despatch. Boston, Mass., Oct. 13.—A radio message received here today from the schooner Lark, reported that she had passed the Machias, Maine schooner Lucy and Edwin, in a sinking condition, 75 miles east-southeast of Highland Light. It is thought here that there was a mistake in the name, and that the schooner was the Lucy Evelyn.

The coastguard cutter Tampa has gone in search of the schooner.

Population At County Jail Shows Increase For Year; Cost of Living Goes Down

Number of Inmates Increased by 121 During 1924 and 1925.

10.73 CENTS A DAY

Governor Practices Rigid Economy, Cutting Cost Nearly Cent a Day.

During the year ending Sept. 30 there was 121 more prisoners confined in jail than there were in the previous year, according to the annual report made public today by Governor Byron Dawson.

A decrease in the cost of boarding the guests from 11.73 cents a day to 10.73 cents is the other feature of the report.

The total number of commitments during the year was 735; men numbered 660 and women 75. Five hundred and fifty-two men and 62 women are the figures for the previous year. Laborers led in the number of commitments, while the professions were unrepresented.

Charges of drunkenness and disorderliness led in the number of commitments. Here the men are ten times as bad as the women, 222 men being committed for this offence, compared with 22 women; 68 men and 7 women were confined on other O. T. A. charges.

Forty-two men and a lone woman were confined on theft charges. Vagrancy brought in 23 and 4.

In jail this morning there were 20 men and no women.

The decrease in the cost of living is due in large part to rigid economy on the part of jail officials, and to the more intensive cultivation of the ground around the jail.

"Our chief aim is to make our guests satisfied for the time that they are with us," said Governor Dawson this morning.

During the year there were no commitments for capital offences, nor were there any escapes.

M'GRATH COMES TO LONDON SOON

Head of Hydro To Visit City On the Sanatorium Mission.

Charles A. MacGrath, Toronto, chairman of the hydro-electric power commission of Ontario, successor to the late Sir Adam Beck, will visit London in the near future. He is expected to arrive here on his first visit to London, but now since Mr. MacGrath has been chosen chairman of the campaign for the \$500,000 Beck memorial endowment fund for Queen Alexandra sanatorium, Byron, the plan is to have him come to the city under the latter auspices.

When a suitable date is arranged by the authorities of the sanatorium Mr. Pocock will communicate with Mr. MacGrath as planned, suggesting that date for the hydro chairman's visit here.

MUTILATED BODY OF BOY IS DISCOVERED IN ATTIC

Associated Press Despatch. St. Paul, Minn., Oct. 13.—The mutilated body of Francis Pioletti, 11-year-old nephew of Louis Pioletti, pastor of the Catholic church of the Redeemer, was found today in the attic on the third floor of a vacant house here.

Discovery of the body was made by Patrolman John Ross. Police express belief that the boy was murdered at another place and his body taken to the vacant house. The lad was last seen at a Columbus day banquet Monday evening.

CHOLERA SPREADING

Associated Press Despatch. Manila, Oct. 13.—Five deaths and eleven new cases of cholera have been reported here in 48 hours. No foreigners have been stricken.

WOMAN TAKES OWN LIFE BECAUSE HAIR TURNS GRAY

Associated Press Despatch. London, Oct. 13.—Owing to the fact that her hair turned white through illness and an expert had declared it could not be dyed, Mrs. Mary Hobbs committed suicide last night. She was 49 years old and the wife of a London stock broker.

ALDERMEN TO DECIDE ON BRIDGE

Three Plans For New Ridout Street Structure Will Be Submitted.

WILL MEET TONIGHT

Concrete Covered, All Steel or Mixed Type Are Suggested.

Plans for a new Ridout street bridge will be submitted to No. 2 committee of the city council at a meeting to be held tonight, City Engineer Near, who has been working on the proposition for some time, has plans for three different types of bridge to lay before the committee. The first is a reinforced concrete structure, the second steel, covered with concrete, and the third type is straight steel, trusses and all.

"I am not making any recommendations," said the city engineer. "I am submitting plans for the three types of structure as requested and I am not prepared to give any opinion at the present time."

After No. 2 committee has passed on the plans, they will be turned over to the city council as a whole for discussion.

All the aldermen and the mayor agree that a new Ridout street bridge is the city's first necessity and a bylaw strongly urging the aldermen to vote for the new structure over the south branch of the Thames to replace the present wobbly bridge will be submitted to the citizens in December at the municipal elections.

PREMIER TO BRING WORD FROM WEST

With Much Interest Western Ontario Awaits Message of Friday.

The visit of Right Hon. W. L. Mackenzie King, prime minister of Canada, to Western Ontario, is creating nearly as much interest as his first announcement of the campaign at Richmond Hill in his own riding of North York.

The prime minister will be just fresh from his tour of Western Canada from which reports state that Liberalism is at high tide and Conservatism at low ebb. The premier will in the near future be a messenger of Liberalism supported from the west for a united Canada which has been his aim and the aim of the Liberal party particularly in the west when policies of sectionalism are being advocated by the Conservatives.

The prime minister's visit will add greater strength to a cause which is already acknowledged as making great headway in this part of Ontario. It is now conceded that the Liberals will make big gains in Western Ontario despite all the Conservative boasting of a solid Ontario. There have been hurried visits by Conservative organizers into Western Ontario in the last week in several ridings where the S. O. E. has been set up. There is also a call for more speakers. On the other hand Liberals are gaining more and more confidence as election day approaches.

For the first time in his political career the premier is being given all the time he desires to set forth the policies of his government and party and there will be no interruption on his part by the practice of calling upon numerous gentlemen for a few remarks.

At Stratford, J. C. Elliott, Liberal candidate in West Middlesex, will be the other chief speaker besides the premier.

AUTO RACING MECHANIC HURT FATALLY AT SALEM

Associated Press Despatch. Salem, Mass., Oct. 13.—Daniel Shaw, of Melrose, Mass., acting as mechanic for Vic Spooner in auto mobile races which marked the opening of the new Rockingham pari board track here yesterday, was fatally injured when the breaking of a steel knuckle caused Spooner's car to overturn. The driver last night was in a critical condition.

TWO BODIES FOUND

Associated Press Despatch. Melbourne, Fla., Oct. 13.—The bodies of Frank Driscoll of Melbourne, Fla. and C. H. Husted, Spivey, Kan., two of the four persons missing since the capsizing of the yacht Clara A. on Sunday, when fourteen were drowned, were found yesterday.
