Extension of Troubles Continue to Be Reported From Various Regions.

Witte's Task is Hourly Growing More Difficult and Downfall Expected.

Government Issues Another Appeal to the People to Be Patient.

ST. PETERSBURG, Tuesday, Dec. 6.—The situation does not seem to be improving in the extension of the troubles in the army are coming slowly from various regions. The worst feature of the situation is that it is now reported that outbreaks have occurred in various regiments in Poland. Premier Witte's task is hourly becoming harder and many people sincerely believe that his downfall is imminent. The reactionary influences are now opening clamoring for repression and a dictator. In the meantime the distracted premier upon whom should everything fall in addition to the many problems with which he is confronted continues to work for the zemstvos whose aid in the present crisis he regards as vital. The Moscow department this afternoon formally presented the premier with the resolutions of the zemstvos, accompanied by an explanation of their views. The premier undertakes to prepare a formal reply in writing so as to avoid a possible misunderstanding.

Note Appealing to the People. The government is now appealing to the people to have patience, pointing out again the necessity for the issue of the new laws and promising the issuance of temporary statutes governing the conduct of the zemstvos and making them imperative until national assembly meets here.

Services as Strike Breakers. The importations of firms doing business abroad and with the interior have been completely suspended. The banks and houses are without foreign and interior communications. The banks are negotiating the sale or purchase of industrial plants, but insiders reported imperial forces, which closed the banks.

The revolutionaries are industriously circulating circulars and proclamations in all the provinces, calling on them not to accept paper money as it would be valueless, as they are converting bonds into cash and securing exchange against the governments foreign business, which was practically destroyed.

The so-called "landlord" congress at Moscow, which comprised representatives of a number of reactionary organizations like the "Union of the Landowners" and the "Union of the Nobles," have the hue to attack Premier Witte. Detailed reports of this congress show that the congress.

Bitterly Assailed the Premier. The speakers said, was headed by Ruzhkov to petition and protest to the Emperor and antiquated senator Sobor (old Russian parliament).

The telegraphers tried to meet this afternoon at the hall of the Technical society to discuss the strike, but were compelled to disperse by a police company backed up by a squadron of Cossacks on the ground that they were violating the regulations.

The league of leagues has called on the workmen and on all friends of freedom to donate a day's wages to the cause of the telegraphers and has warned the railroad telegraph operators that they cease transmitting any except service messages.

Father Gapon Against Revolution. Father Gapon is continuing to preach to the workmen against a revolution, saying that the strike tactics are sure to terminate in reaction and jeopardizing the freedom purchased by blood. He warns the revolutionaries and realizes that they cannot arouse the masses by their political demonstrations, but are more likely to raise a counter revolution. He says: "A hundred fanatical priests with banners and icons might easily arouse the black millions of the country and overwhelm you intellectuals of the city amidst such horrors as the world has never witnessed."
