The success attending the efforts of the Provincial government to prevent destruction of the valuable timber resources of the Japanese statesman. The party of escort arrived at Yokosuka on the warship Iwate this morning and was met there by the family of the prince, a few of his most intimate friends, including Count Inouye, Ito's boyhood friend, Premier Katsura, Admiral Saito, minister of communications. From Yokosuka a splendid train brought the party to Tokyo. The scene at the Shinbashi railroad station here, when the train arrived, was remarkable, the station platform of which was filled with the most distinguished representatives of public and private life, those this paying homage to the slain prince including five princes. At Yokosuka the privilege of guarding the casket had been relinquished by the navy and assumed by the army and here it was placed in a carriage and drawn by troops through the streets to the Ito me. The route was lined with hunds of thousands of mourners and mevery house were displayed flags of crepe, the latter being of bright yrs as is the custom in Japan. The y will lie in state at the late residence of the prince until the funeral Thursday.

The Humboldt Steamship company's liner Humboldt will meet the rate on her next northbound trip out of Seattle November 8, and the same evening the Princess May meets the rate from this port. The Pacific Coast company announces the rates effective on the Cottage City, which saits from Seattle for the North November 9.

The Rates, New and Old.

The cut rates force the first-class fare between Scattle and Skagway from \$30 to \$12.50 and the second-class fare from \$20 to \$10 one way. The same rate applies t. Haines. The fare from Juneau, Douglis and Treadwell from Juneau, Douglis and Treadwell.

The following is an extract from the rate applies t. Haines. The fare from Juneau. Dougi, s and Treadwell to Seattle is reduced from \$25 and \$16 to \$10 and \$7.50. The fare to Wrangel is cut from \$22 and \$14 to \$8 and \$6 one way and to Ketchikan from \$22 and \$14 to \$7.50 and \$5.

The basic freight rate is \$3 a ton to Ketchikan, \$4 a ton to Juneau and \$5 a ton to Skagway, a cut of more than 60 per cent. The old rate to Ketchikan was \$8 a ton, or half again as much as the rate to Skagway, double the distance.

The following is an extract from the report of the chief fire warden:

"The total number of permits issued was stated under permits, and the holders of these were promptly dealt with. In several instances permits were refused where the fire would have endangered timber limits in close vicinity.

Governor Hastily Sent For and Jackson Placed Under Military Law at Precaution.

JACKSON, Ky., Nov. 1.—Because there are ominous portents of trouble in Jackson and Breathitt counties on election day, tomorrow, twenty-two members of the Lexington militia are encamped here and Governor Willson is hurrying to Frankfort from the waterways convention at New Orleans. Advices in Jackson are that the message to the governor was laconic and startling: "Hell has broken loose in Breathitt."

As some of the bloodiest affairs in the history of Kentucky have been fought in Jackson on political occasions, the state authorities have wasted no time in putting the town under military surveillance. Circuit Judge J. P. Adams, Republican candidate for reelection against D. B. Redwine, of Sandyhook, Elliott County, sent the call for troops to acting Governor W. H. Cox last night, declaring that the county officials were powerless and that flight was imminent.

THREE DAYS' CONVEN-

By the close of this week practic-ally all districts throughout British Columbia will have named their stanally all districts throughout British Columbia will have named their standard-bearers for the approaching contest, the list of party nominees having filled rapidly during the past few days, and today's and tomorrow's conventions giving names to replace perhaps a dozen blanks. According to present Indications the Liberals will permit from five to eight constituencies to go altogether by default, while in others they will pool forces with the Socialist, Local Option and so-called Independent candidates. At the present analysis chosen Conservative candidates appear to be certain of election in 27 constituencies, while the Liberals have hopes in five and the Socialists in five. Tabloid reference to the more recent selections of the parties will be found hereunder. A new element has been introduced into the campaign by the presentation in some few isolated ridings of Local Option, Independent and Canadian Labor candidates.

Mr. Hawthornthwaite in Search of Safe Constituency-Notes and Nominees.

Reports from Nanalmo City are to the effect that Mr. Planta and Mr. Quinnel, both veterans of municipal politics and strong men, will be rivals for the Conservative nomination in the Coal City. There is said to be very much of a question as to the ability of the Socialistic champion, Mr. Hawthornthwalte, to hold the seat which it is hinted he has come to regard as his by prescriptive right. His party at home has latterly been torn by dissentions, and as the Times admitted a few evenings ago, the split is now so serious as to very seriously jeopardize Mr. Hawthornthwaite's position. It was perhaps for this reason that Victoria was carefully sounded a few weeks ago, and the feeler thrown out that Mr. Hawthornthwaite would be willing to run for Victoria City if the Socialist party would honor him with a nomination. They preferred their own man, however, and now the Cumberland News has it that Mr. Hawthornthwaite is desirous of getting a nomination for Comox. From which it would naturally be concluded that he is exceedingly skeptical as to his ability to make good at the polls in his own city.

The Comox Candidate. termination to retire from active po-litical affairs, the Conservative choice will probably be Mr. Michael Manson.

Time for a Change There Time for a Change There

Indifference to his district between the times of elections is said to have destroyed the chances of Mr. H. C. Brewster for retaining the seat in the House for Alberni that he has filled since the last general appeal to the country. His opponent, Dr. Morgan, is a resident who is admittedly, able and popular, and the fact that there will be no Socialist in the field as last time, to make the contest three-cornered, considerably reduces Mr. Brewster's chance. On the occasion of his previous election Mr. Brewster had a majority of but 32, while James Cartwright, the Socialist, had 43 votes.

Threats of Secssion.

Threats of Secession. In the event of the Liberal ticket in this city containing certain names that have been freely talked of as those of candidates, it is stated that an important wing of the Young Liberals have threatened to secede—and if forced to it, to put candidates in the field. The so-called malcofftents include some of the best workers at the Capital in the party of Mr. Oliver—or is it now Mr. Wade?

Veteran Victorious Saanich district Conservatives, a Sannich district Conservatives, at an enthusiastic convention Saturday, gave the party nomination to Hon. D. M. Eberts, speaker of the lately dissolved parliament, who sat for this district. There was strong and friendly rivalry for the nomination on the part of Reeve Quick, but the fortunes of war were with the doughty veteran. Fuller reference to this very interesting convention will be found in another column of this impression.

Mr. Hayward Is Happy.

Word from Duncan and other parts of Cowichan is to the effect that Mr. W. H. Hayward will be the unanimous pice of the Conservatives of that district as successor to himself, while it is extremely doubtful if the Liberals will put anyone in the field. Circumstantial Evidence. Mr. John Jardine's declared belief in his own impregnability in Esquimal seems strangely and emphatically con-

vious attempts to induce Mr. Pooley's personal friends to become political renegrades, by wholesale flattery which the recipients will be the first to recognize at its true valuation. A Note From the North. It is the expectation that the Skeena

Vancouver Liberals to Name a Ticket
—Chilliwack's "Charlie" May
Not Run. Although the Times announces Mr. Charles W. Munro as having taken the field in Chilliwack as the Liberal candidate, it is curiously contradictory that, speaking at Mr. Oliver's meeting in Chilliwack a week ago, Mr. Munro himself said: "It is my determination not to stand as a candidate in this campaign." If the Times is right, it would appear that Mr. Munro has joined the little army of Liberals who want to be coaxed just a little. At the last general election Mr. Munro saved last general election Mr. Munro saved last general election Mr. Munro saved Robert Grant to reconsider his decision not to be a candidate for recision not to be a candidate for renomination. Mr. Grant has, since the last election taken up his residence in Victoria, but his mills and other victoria, but his mills and other business interests in Comox still bind the strongest Liberal candidate the business interests in Comox still bind the strongest Liberal candidate the lands minister as a man, to his faithdistrict can present, having represent-ed the upper Fraser constituency con-tinuously since 1898, when in his tinuously since 1898, when in his maiden contest he defeated the then premier, Hon. J. H. Turner.

If They Will Consent. Vancouver Liberals hold their cor vention this evening, when it is ex-pected that a ticket will be announced including the names of F. C. Wade, J. H. Senkler, George E. Macdonald, James B. Stables and Charles Wood-ward. Mr. Wade's candidature is being actively prosecuted under the re-presentation that he is shortly to sucpresentation that he is shortly to suc-ceed Mr. John Oliver in the provincial leadership of his party. Whomever an-nounced that Hugh B. Gilmour would have a place on the Vancouver City Liberal ticket overlooked the trifling formality of consulting Mr. Gilmour.
As on the occasion of two former general campaigns, Mr. Gilmour declines to be a candidate on any account. And he is not one of those who reconsider. Experience has proven the fact.

The Riddle in Richmond. At latest reports Mr. J. W. Weart was still steadfast in refusal to again take the field in Richmond as the Liberal opponent of Hon. Mr. Carter-Cotton, Mr. C. M. Woodworth, Mr. Arnold E. Kealy, or whomever else the Con-

member for Ymir, Harry Wright, or his townsman, R. S. Lennie, who will bear the party banner, and come down to Victoria en January 20 as representative of the chief city of the Kootenay. If Mr. Lennie should be chosen, the Liberals will have to find another candidate than Mr. William Waldle, for he declares with emphasis that he will not oppose. Mr. Lennie—indeed, will work for him if he is nominated. Mr. Waldie, by the way, is a veteran prospector and mining man of the camp, a one-time partner of Ald. Turner of this city, who made one or two lucky deals in mining property and has no further occasion to worry as to business matters. Mr. Mathewson, the Socialist in this riding, is not considered seriously as a factor.

Mr. W. S. Braden, the Conservative ominee in Rossland, is a well known grocer of the mining town in the shadow of Red mountain. He has been a resident of the district for upwards of ten years, and has been a hard and efficient worker in public affairs. That he is an exceptionally strong Conservative may be gathered from the fact of his out-voting Mr. Lorne A Campbell in the nominating convention. His prospective opponent is Mr. E. S. H. Winn, law partner of the former leader of the Opposition, although his selection has not yet been formally confirmed in convention, and Dr. J. M. English, Dr. A. W. Kenning, and Mr. J. S. Deschamps all have friends who wish to see them enter the field. Mr. Braden's election seems to be something of a foregone conclusion, none of the Liberals mentioned as possible candidates having any claim upon the majority of the votes polled by Mr. Macdonald, with his admitted prestige in the Liberal leadership, personal popularity with strong Conservatives as well as members of his own party, and recognized ability. Not that even Mr. Macdonald would be able to win Rossland for the Liberal leadership, personal popularity with strong conservatives as well as members of his own party, and recognized ability. Not that even Mr. Macdonald would be able to win Rossland for the Liberal leadership, personal popularity with strong conservatives as well as members of his own party, and recognized ability.
