Politics and Country.

THAT PRINTING CONTRACT.

"Oh, that some enemy would write a letter."

Ald. Wheeler has a column confession in last night's *Herald*, relative to the printing contract, in which he has so completely established his inherent qualities of petty meanness and malevolent spite. Well, if he is satisfied, we are most decidedly.

For the benefit of our readers who have so much enjoyed our *expose*, we shall take up Ald. Wheeler's clumsily written document and answer it as we proceed, and if we are not able to show from Ald. Wheeler's own letter, that he has used his public position to gratify a vicious personal feeling; has prostituted his office to wreak a private revenge; has acted the part of a craven, selfish politician; has allowed a prejudiced, tortured, twisted disposition, to interpose and rule in the discharge of a public duty; and to support all, has deliberately and wilfully perverted facts, and introduced false allegations, so unnecessary as to astonish even those who know that man, then may we be accused of unjustly misrepresenting and adjudged guilty of all that such would call upon us.

Now let us see. Starting out, Ald. Wheeler deems it his duty to speak on behalf of the City Council and the "people." How does the Council like their champion? How do the people relish such a mouthpiece? The people, indeed! We have had a good many instances of pure unalloyed cheek from this same Ald. Wheeler, but this is a little more than anybody can bear.

"Of course," Ald. Wheeler continues, I do not intend to attempt to make any reply, or take any notice than this passing mention of the scurrilous abuse and villification heaped upon me in the FARMER." "I feel that would be beneath me." Ha! Ha! Beneath Ald. Wheeler!!

"Cleared of the garbage of low vituperation and personal animosity in which their alleged facts are obscured, the charges the FARMER prefers against me are about as follows," and then our charges are summarized in a manner which really does credit to the able legal assistance we doubt not he had.

Ald. Wheeler must have the hide of a rhinoceros if he could not appreciate our charges which we think everybody will admit were clothed in no uncertain language. We did not say he was guilty of falsehood. That would have been too polite an expression, and too tender to reach him. We said he had knowingly, deliberately, willfully, and maliciously lied." Was there anything obscure about this? We are free to confess the statement was not "polished to wound gently," for when you fight the devil you must use his own weapons.

We shall pass, hurriedly, over Ald. Wheeler's reference to our abusing the Council of 1880. We plead guilty to that, and the best justification of it was the fact that more than one member of that remarkable body were defeated last January, towards the attainment of which desirable object, we have the pleasure of knowing we in no small measure contributed. Ald. Wheeler himself only got in through a loophole, and if he ran in King's Ward tomorrow, he knows, and we all know, he would not have the ghost of a chance of being elected.

He made no reply to all this abuse that was heaped upon him, especially. We are sorry to contradict this. At the close of the poll in his own Ward, he mounted a table and in characteristic language hurled epithets at the MARITIME FARMER and a member of its staff, who happened to be present, till he exhausted himself physically and intellectually. We are having our say now.

Ald. Wheeler finds it necessary to state some matters leading up to the case now in hand, and in almost every line he writes what is untrue. He says after certifying as chairman to the accounts of 1880, and before delivering them at this office for publication, he submitted them to the Mayor for signature. That is another untruth. Mayor Gregory's signature was not obtained till at least two-thirds of the work had been printed, and Mr. Gregory, no doubt, will remember having affixed his signature in the press-room of our office. This is immaterial, however, but we merely mention it as an evidence of how minutely Ald. Wheeler can tell what's false.

Ald. Wheeler goes on to say that—"While the accounts were in the office, the *Maritime Farmer* people, without consulting the committee in regard to the propriety of so doing, coolly changed figures in the accounts, thereby creating an error in the same, and with the figures so changed by them, they were published. My attention was directed to the matter. I at once went to the office of the *Farmer* to see the original sheets, and, to my surprise, received nothing but the most violent abuse from the foreman of the office and reporter," to which we reply that only one figure was changed, and the senseless character of that change will be readily seen when necessary to take up at present, but a matter that more directly concerns another member of the Committee we propose to deal with at another time. We have the documents in our hand from which we intend drawing, and which will furnish another instance of the clandestine manner in which the printing Committee of the City Council of 1881 have abused their position, and catered to motives which, least of all in public men, should be allowed control.

We feel we owe our readers no apology for airing this matter so fully. Indeed we have been in constant receipt of congratulations on our fearless exposure of this gigantic piece of public jobbery.

[Montreal (Canada) Post.]

A Good Thing from the States.

In this age of quackery, it is consoling to discover that there is something solid in existence, and that, though there are vendors who lie most cheerfully about their wares, there are others who tell the truth and allow time to test the merits of what they offer for sale. As year after year rolls over, the frauds and the shams sink away out of sight in the pools and morasses of obscurity, while what is really good and true stands boldly forth all the grander for its age and solidity. Thus while within the present decade thousands of patent medicines puffed at one time to inflation, have shrunk before the test of analysis, ST. JACOBS OIL has bravely borne the strain, and is to-day renowned all over the world for its famous curative powers. It is truly one of the phenomena of the age we live in. The sale of this article is incredible. It is to be found all over the civilized world and in a good many places which are not civilized—for, unfortunately, the bones of sorrowing man are racked and ache with pain no matter what region he inhabits—and we believe it is yet destined to be found in every every house, and to supersede the many nostrums which still remain abroad to rob and defraud humanity of its money and its health. The firm of A. Vogeler & Co., Baltimore, spend half a million dollars yearly in advertising ST. JACOBS OIL, and hence we may guess at the full extent of their enormous business. It is truly marvelous, or would be, did we not know the circuitron of this inestimable blessing.

THE HORRIBLE, Unsightly Blotches and Pimples and the Sallow, Colorless Complexion can be quickly and effectually replaced by a clear, healthy skin. The remedy is certain and easily procured, and is simply "Hanington's Quinine Wine and Iron," taken according to directions. Try one bottle and be convinced. Price 50c, per bottle; 6 for $2.50. For sale by all Druggists.

☞ AFTER AN ATTACK of Fever, Measles, Diphtheria, or any wasting disease, HANINGTON'S QUININE WINE AND IRON is the best medicine to take. It gives lasting strength.

A Cough, Cold or Sore Throat

should be stopped. Neglect frequently results in an INCURABLE LUNG DISEASE OR CONSUMPTION. BROWN'S BRONCHIAL TROCHES do not disorder the stomach like cough syrups and balsams, but ACT DIRECTLY ON THE INFLAMED PARTS, allaying irritation, give relief in ASTHMA, BRONCHITIS, COUGHS CATARRH, and the THROAT TROUBLES which SINGERS AND PUBLIC SPEAKERS are subject to. For thirty years Brown's Bronchial Troches have been recommended by physicians, and always give perfect satisfaction. Having been tested by wide and constant use for nearly an entire generation, they have attained well-merited rank among the few staple remedies of the age. Sold at 25c a box everywhere.

Mothers! Mothers!! Mothers!!!

Are you disturbed at night and broken of your rest by a sick child suffering and crying with the excruciating pain of cutting teeth? If so, go at once and get a bottle of MRS. WINSLOW'S SOOTHING SYRUP. It will relieve the poor little sufferer immediately—depend upon it; there is no mistake about it. There is not a mother on earth who has ever used it, who will not tell you at once that it will regulate the bowels, and give rest to the mother, and relief and health to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States. Sold everywhere. 25 cents a bottle.

Advertising itself wherever it goes by its wondrous and gratifying effects which it produces, that sterling medicinal preparation, THOMAS' ECLECTRIC OIL, is winning "golden opinions" in all parts of the United States. Testimonials constantly pour in demonstrating its superlative efficacy, in a manner as gratifying to its proprietors as it must be convincing to those who read it in public prints, those evidences of its popularity and genuine worth. Never was there a remedy which received simpler or more satisfactory endorsements; never was there one which better deserved it. IT IS A TRIED REMEDY. Experience has demonstrated that it *not only relieves, but eradicates* the most obstinate coughs sore throat of a malignant type, catarrh of long standing, rheumatism, neuralgia, stiffness and lameness of the back, muscles and joints, piles and kidney troubles, external hurts and sores, and other bodily troubles, as well as many of the disorders peculiar to horses and cattle. That it cures in *every instance*, is not pretended, but that, if systematically used, and the malady susceptible of being remedied, *it will remedy it*, is a fact amply established. Sold by all dealers. Price, 25 cents. Prepared only by NORTHROP & LYMAN, Toronto, Ont.

Testimonial from Capt. Joshua Harper

SACKVILLE, N. B., Feb. 13, 1877.

J. H. ROBINSON, Esq., St. John, N. B.

Dear Sir,—Early in October last I took a severe cold which settled on my lungs. After having a bad cough for about six weeks, I had a very severe attack of bleeding from the lungs, while on a passage from Queenstown to Dover. I had daily spells of bleeding for some days, until I lost about two gallons of blood, and was so weak as to be scarcely able to stand. I put back to Queenstown, where I received such medical assistance as enabled me to get home.

I saw an advertisement of your Phosphorized Cod Liver Oil Emulsion in a paper. I immediately sent and got half a dozen bottles, after taking which I feel myself a well man again. My weight, which was reduced to 120 pounds, is now up to my usual standard of 162 pounds. Seeing what it has done for me, I can confidently recommend it to others afflicted with lung diseases.

Yours very truly,

(Signed) JOSHUA HARPER,
Of the barque "Mary Lowerson."

Robinson's Phosphorized Emulsion of Cod Liver Oil with Lacto-phosphate of lime is prepared only dy Hanington Bros, St. John, N. B., and is for sale by Druggists and General Dealers. Price $1.00 per bottle; six bottles for $5.00.

The reporter of an English journal thus describes the meeting of the Governor-General and his royal wife on the occasion of the former's stepping off the "Sardinian" to go on board the tender which was to convey him to the pier:—"Nearer and nearer came the tiny tender and the huge leviathan, and then the Marquis was picked out of the crowd on the latter, waving his handkerchief to his wife, as if his right arm was being worked by steam-power. Immediately afterwards he stepped off the Sardinian's deck, and the next moment—all the good wives of Canada will be glad to learn—he gave his better-half a regular downright emphatic hug."

Sarsaparilla

Is a compound of the virtues of sarsaparilla, stillingia, mandrake, yellow dock, with the iodide of potash and iron, all powerful blood-making, blood-cleansing, and life-sustaining elements. It is the purest, safest, and most effectual alterative medicine known or available to the public. The sciences of medicine and chemistry have never produced so valuable a remedy, nor one so potent to cure all diseases resulting from impure blood. It cures Scrofula and all scrofulous diseases, Erysipelas, Rose, or St. Anthony's Fire, Pimples and Face-grubs, Pustules, Blotches, Boils, Tumors, Tetter, Humors, Salt Rheum, Scald-head, Ring-worm, Ulcers, Sores, Rheumatism, Mercurial Disease, Neuralgia, Female Weaknesses and Irregularities, Jaundice, Affections of the Liver, Dyspepsia, Emaciation, and General Debility.

By its searching and cleansing qualities it purges out the foul corruptions which contaminate the blood and cause derangement and decay. It stimulates and enlivens the vital functions, promotes energy and strength, restores and preserves health, and infuses new life and vigor throughout the whole system. No sufferer from any disease which arises from impurity of the blood need despair who will give AYER'S SARSAPARILLA a fair trial.

It is folly to experiment with the numerous low-priced mixtures, of cheap materials, and without medicinal virtues, offered as blood-purifiers, while the confidence of mankind is more firmly centered in AYER'S SARSAPARILLA as a medicine of such concentrated curative power, that it is by far the best, cheapest, and most reliable blood-purifier that the Physician can prescribe in the compositions of which he is conversant. It has been in use many years, and has won the unqualified confidence of millions whom it has benefited.
