DANES DOUBT COOK

Greenland Missionary has gone North
to find the Two Eskimos Who Accompanied
Cook to the Pole and
Send a Full Report.

OXFORD, Nov. 6.—Although the Danes continue to profess confidence in Dr. Frederik A. Cook, it is evident that they are growing uneasy, particularly since Dr. Cook's unimpaired ability to Prof. Torpe. A query as to when his observations would be ready for inspection has been received here. It is impossible to obtain an authoritative statement to-night regarding the action of the University of Copenhagen in respect to the proposal of the National Geographic Society in Washington, that a committee from that society be permitted to be present at the official examination of Dr. Cook's records. A leading scientist, however, said: If Dr. Cook's records are unable to control his records he is quite mistaken. A Greenland missionary, the Rev. Hans Olsen, started north last September in search of the two Eskimos who accompanied Dr. Cook. Mr. Olsen has been instructed by the Government to examine carefully those men and to send a full report. If we find anything suspicious about Dr. Cook's records he will have reason to regret that he ever came to Copenhagen. It is significant that these remarks were made by a man who was to be one of Cook's most fervent supporters.

NOTICE!

CUT GLASS.

We have this fall some of the prettiest pieces of cut
glass that have ever been in our stock. Many new cuttings
and shapes that have heretofore been hard to get.

We also call your attention to the color of our glass,
as we think it possesses an unusual amount of sparkle and
glister. Let us show you some of it or just take a look at
it in our window when passing.

BRONCHITIS

If there is an ailment in the throat
it is surely reaching the lungs
and conveyed direct to the af-
fected part. It is because the healing
agent of Catarrh is breathed into
the inflamed throat and bron-
chial tubes, because its bactericidal fumes
destroy the germs and destroy the cause
of the trouble. These are the reasons
why Catarrh never yet failed to
cure a genuine case of Catarrh, Asthma,
Whooping Cough, Throat Trouble.
The wonderfully soothing vapor of
Catarrhzone instantly reaches the
inflamed tissues of the throat and
lungs, and produces a curative effect that is
equivalent to a tablet or liquid.
It is merely to the stomach and
lungs, and to help the throat or
lungs.

Catarrhzone
