The Talk of the Town

Ferguson Brothers will give one \$20 panama hat to the ball player making the first home run from a safe hit. Now will you get your sleeves up?

We regret to hear that Mr. W. A. Mott is seriously ill at his home in Dalhousie. Mr. Mott was seized with sickness early in the week and up to time of writing he was reported to be no worse.

The leading feature of the festivities here on Coronation day will be the ball game between Van Burin and all Campbellton. After the game the players and fans will find relaxation and enjoyment at the new catholic church grounds.

The reports heard throughout the week as if heavy guns were firing was not some of our highly trained athletes blowing in a nose run. No. Some workmen are engaged in blasting out roots and stumps of trees on Richards property on Ritchie street.

The heavy rain of the past few days made glad the heart of the lumbermen, but alas for the poor resident of O'Leary Street, he had to plod his weary way in gross darkness through the highest grade of choice O'Leary street mud, even as of yore.

There was a small whisper heard round the town that a few young men had a little practise last Sunday at the mission but found the Indians too many for them. Serves them right, apart from playing ball on Sundays, they had no right to get beaten.

Mr. Wilson A. Loudoun, Auditor General has been appointed by the Lieut. Governor to audit the accounts of the Relief Committee of the Town of Campbellton.

"The intelligence required for the solving of social problems is not a mere thing of the intellect. It must be animated with the religious sentiment and warm with sympathy for human suffering."—Henry George.

Whooping cough is not dangerous when the cough is kept loose and expectation easy by giving Chamberlain's Cough Remedy. It has been used in many epidemics of this disease with perfect success. For sale by dealers.

The Campbellton Amateur Dramatic Club, are producing a play on Monday evening, the proceeds to go to the benefit of the hospital. The management might kindly withhold the raising of the curtain until after the ball game, so that we all might have a chance of seeing the show.

The woman of today who has good health, good temper, good sense, bright eyes and a lovely complexion, the result of correct living and good digestion, wins the admiration of the world. If your digestion is faulty, Chamberlain's Stomach and Liver Tablets will correct it. For sale by all dealers.

At the Normal School closing exercises, on Friday, the Lieut. Governor's cash prizes—\$20 and \$20—general scholarship, were awarded to Miss Frances K. Smith of Elgin, Albert Co., and Miss Olive S. Wright of Shannonville, Restigouche. Miss Lillian Flett of Nelson won the Governor General's bronze medal for professional work.

It is worse than useless to take an medicine internally for muscular or chronic rheumatism. All that is needed is a free application of Chamberlain's Liniment. For sale by all dealers.

Auto riding has always a spice of adventure. One party who left town for Bathurst would have been very glad of even a mule to pull them along when the autobuster broke down. They got home all right on Sunday.

There is one medicine that every family should be provided with, and especially during the summer months, viz., Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is almost certain to be needed. It costs but a quarter. Can you afford to be without it? For sale by all dealers.

At a meeting on Thursday evening, a local tennis club was organized. It was arranged in the meantime through the kindness of Mr. and Mrs. S. H. Lingley to play on their court. A committee are looking after the necessary arrangements and a general meeting will be held next Friday evening, particulars of which will be given by notice at the Post Office. All interested are requested to be present.
