SHORT PATRIDGE SEASON.

St. John, July 8th.—At a meeting of the government held here an order of council was passed placing the partridge season from October 1 to October 20. Not more than six birds may be taken any one day or twice during the season.

POPULAR RESORTS.

The Jellett beach at Cross Point a very popular bathing resort the days. Each afternoon large numbers of people are seen and enjoy a swim when the tide suits. Many people also bathing at the lower end of town and even off the wharves. Lack of any dressing facilities is keenly felt. We hoped the matter of providing swimming facilities would be taken up by our council, but nothing has been done.

HOT PERIOD.

For the past two weeks the weather has been the warmest experienced here for some years, ranging from 95 to 96 in the shade during the day, the nights are cool enough to sleep comfortably. The continued hot weather and the lack of rain is proving a veritable growing crop. Forest fires are also springing up as the sun was very hot last week. Bathing is being hadly through the whole district.
