"His Majesty" the Boy

Is he king in his own home yard, joyful and independent?

Or does he have to look up to and envy other boys who live in owned homes?

If you value your children's well-being, get them a home of their own—and get it quickly.

Get it in some quiet, protected home locality, as far away from business and the fever and sham of transient life as possible. Make it as attractive for the children as you know how. Make it the center of their interests and pleasures and the downtown attractions will never lay a strong hold upon them.

You will leave them a far more valuable legacy then if you were to leave them a fortune in money.

The Real Estate Columns of The Free Press have shown the way to thousands of people who are now satisfied home owners.

REAL ESTATE OPPORTUNITY DAYS ARE COMING.
