Harvest Queen Front View.

Some of the Reasons why the Harvest Queen is the Best Machine to Buy.

- 1st. It has the largest drive wheel of any Single Reaper now made, being 36 inches in diameter, and seven inch face.
- 2nd. It has the largest, lightest, strongest, and best shaped table, supported by a patent truss rod, which you cannot get on any other Machine in the market.
- 3rd. It has the best, strongest, five arm rake, which lays a better sheet than any four arm rake made.
- 4th. It is the best protected from sand, dust and dirt, I challenge comparison with any Machine in the market, no matter who make it, on this very essential improvement.
- 5th. It can be set to cut as low as any Machine, and can be raised higher to travel on the road or go over very rough ground than any other Machine.
- 6th. It has the firmest, strongest, and most durable device for tilting of any Machine now made. I again challenge comparison on this point, claiming that while cutting, the table of my Reaper is held perfectly solid, consequently it leaves a very nice stable.
- 7th. I ask the farmers as a favor to me and an advantage to

themselves, to compare the Harvest Queen with all other reapers on the above mentioned points, as the success and durability of any Machine undoubtedly depends upon the advantages herein enumerated.

8th. It has more strokes of the Knife to each revolution of the Driving wheel than any other Single Reaper made; and SEVEN Strokes more to each Revolution of the Driving wheel than any other Harvest Queen Reaper made outside of Stratford. The increased motion of the Knife renders the Reaper capable of cutting where other Reapers will choke down.

In connection with the above Reaper I also make the

HUMMING BIRD MOWER,
Which is acknowledged on all hands to be one of the best Mowers now offered to the public. Manufactured at the Stratford Agricultural Works by

IMPORTANT CHANGE.—Mr. D. Watt, an-
nounces that he is going to give up the
Credit Business, and that on and after April
1st, 1879, he will sell only for CASH, or
Trade at market prices.

REFORM CONVENTION.—The Reform Con-
vention held in Watford on Tuesday last,
resulted, after a number of ballots had been
cast, in the nomination of Mr. P. Graham
as standard bearer in the coming contest.

BOLE, STICKLE & Co., at the Globe Found-
ry, have repairs constantly on hand for the
following ploughs, Ontario Chief, Stratford
Dominion, London Dominion, McSherry, all
the Gray's, and other patterns too numerous
to mention.

Rev. J. Bennett Anderson, the justly
celebrated revivalist, preached to a very
large and attentive audience, in the C. M.
Church here, on Wednesday last. A large
number of our citizens have expressed a de-
sire, in our hearing, to listen to him once
more.

DAVID WATTAN and Miller left, on Wednes-
day last, for the whole sale markets, to
make purchases for the Millinery Depart-
ment, and he is now rapidly filling up with
the choicest and cheapest goods he has
ever bought. See his assortment be-
fore deciding to buy.

SOMETHING STRANGE.—A cow belonging
to Mr. Andrew Thompson, 2nd line N.E.R.,
gave birth the other day to a calf which has
four legs and five feet. In walking the calf
uses the five as readily as the regular num-
ber. The calf is alive and doing well.
Those doubting this local, may, by taking a
walk to the above place be convinced. Next.

The cattle fair which was held in Ker-
wood on Wednesday last, was quite a suc-
cess, and we believe it is the intention to
continue them every three months. The
Watford Brass Band were present and en-
joyed the proceedings. They speak very
highly of the manner in which they were
treated.

While the extreme low prices at which
farm products are sold is well calculated to
discourage our farmers, especially those who
are in debt, even in small amounts, it, at
the same time, would be very imprudent to
abate any of their accustomed energy and
industry on account of present low prices.
The whole world is our market; it is mov-
ing.

THE TIME of year is fast approaching when
the small boys will dodge down the back-
lane with fish-pole and oyster can in hand,
hissing fast and furiously for the iron bridge,
with mind filled with apprehension of the
dire calamity awaiting him at home or in
the school-room, pending his return, and his
imagination overflowing with anticipations
of a good time and a huge string of fish.

Not SATISFIED.—An old farmer came into
our office the other day to pay his subscrip-
tion, and remarked as he produced a well
filled wallet, "everything's got cheaper now
an' ain't you goin' to put down the price of
your paper?" He was informed that the
price of the paper is not only the same as
before "everything" advanced in price, but
that we should receive \$1.50 to make it pay.
He looks dissatisfied, pays his subscription
under protest, and then goes out, drives over
to a grocery and sells ten dozen of the same
size eggs for 15 cents per dozen, that could
be purchased a few months ago for 7 cents
per dozen.

By a five minutes glance at our subscrip-
tion books we can tell who are the truly good
men in and around Watford.

BADLY SOLD.—Last Sunday evening one
of our swells asked a young lady of Watford
if he could have the extreme pleasure of ac-
companying her to church, she accepted and they
went. At the close of the services as they
emerged from the church another young man
emerged from the church with his arm, and
asked the young lady his name, she declined
and left young man No. 1 to sad reflections,
and he was as mad as a March hare.

FIRE.—Last week Mr. Angus McLachlin,
of Brooke, had his barn burned. He had a
cow die of murrain in his shed, and to dis-
tinct the premises he had a fire and had the
buildings burned together with two work-
shops. In attempting to stay the fire he had
the whole side of his head burned. His
neighbors across the river swam over and
rescued such articles as they could save. The
buildings were saved, although they had
caught fire. The loss will not be over \$100,
as the buildings destroyed were old, but
none the less useful.

Obituary.—It is with deep feelings of
regret that we have to announce the death
of Sarah, beloved wife of U. M. Stanley M.D.,
and daughter of Leander Harvey, M. D., of
this place, which event took place on
Monday, the 17th inst., after a very short
illness. Her loss will be deeply felt through-
out the entire community, as she was highly
esteemed by all who had the pleasure of her
acquaintance, as was evinced by the large
concourse of people who followed her remains
to their last resting place, Presbyterian bury-
ing ground, 4th line, on Wednesday last
Elder D. Oliphant, of London, preached a
very impressive funeral sermon, in the Pres-
byterian church. The bereaved husband
and relatives have the heartfelt sympathy
of all.

THE BUTTER TRADE
To the Editor of the Guide.
Dear Sir,—As the butter season approach-
es, would it not be advisable for the mer-
chants in the several Villages of this County
to arrange a meeting at an early date, to
take into consideration the demoralized state
of the Butter trade, which has been ruling
for the past few years, and to devise some
practicable scheme whereby the standard
quality of butter would be raised so as not
to cause the heavy losses at present sustained
by dealers as this is a very important ques-
tion, and one that bears heavily on most of
our merchants, I trust that this suggestion
may meet with a ready response, and lead
to such conclusions, as shall prove mutually
beneficial to both buyer and seller.

Yours truly,
ONE INTERESTED.

Watford vs. Ailsa Craig.
The return match between the Ailsa Craig
and Watford Gun Clubs took place at Wat-
ford, on Wednesday the 19th inst., which
resulted in a bad defeat for the Watfordites,
who failed to retain the triumph which they
achieved at the first match, but we hope
they will do better next time. The follow-
ing is the score:

THE PRESBYTERY.
The following are the motions &c. passed
at the meeting of the London Presbytery on
Monday last, with regard to the Rev. Mr.
Abraham's resignation.

The resignation of Rev. Mr. Abraham,
of Watford, was presented, in connection with
which a deputation from the Watford (South)
congregation presented a resolution passed,
expressive of their regret at the contem-
plated removal of their pastor, and trusting
that his services may be retained. Mr. Mc-
Leay, of the Warwick (North) congregation,
also presented the action taken by them.
He had been instructed to throw no obstacle
in the way of Rev. Mr. Abraham's resig-
nation. While personally desirous of retaining
the services of the rev. gentleman, he did not
think it would be to the interests of the War-
wick congregation, especially after their un-
animous action in opposition to retaining the
rev. gentleman's services.

Rev. Mr. Abraham addressed the Presby-
tery. He thought the origin of the trouble
was in regard to the manse property. So
far as it was in his power he had endeavored
to keep aloof from the discussions of the ses-
sion, leaving it to them to settle the matter.
The rev. gentleman then recounted at length
the reasons why he had been compelled to
take the present course, and concluded by
pressing the acceptance of his resignation by
the Presbytery.

After a lengthy hearing of explanations
from the deputation.

Rev. Dr. Proudfoot moved, seconded by
Rev. G. Munro, that the resignation of Rev.
Abraham be not accepted, and that a depu-
tation, consisting of Rev. Messrs. Cuthbert-
son, Thompson and Duncan, and Elders
Thos. Gordon and Duncan McDougall, be
appointed a committee to confer with the
Watford congregation, and endeavor to im-
press upon them the necessity of clearing off
the debt on the church as soon as possible,
and then to re-join the minister's stipend.

An amendment was moved by Rev. J. A.
Murray, seconded by Rev. G. Cuthbert-
son, that the resignation of Rev. Mr. Abra-
ham be accepted simpliciter by this Presby-
tery.

After considerable discussion, the amend-
ment was carried by a large majority.

Rev. Messrs. Dunlop and Scobie, and
Mr. Thos. Gordon were, on motion, appoint-
ed a committee to visit Watford and arrange
the financial matters and report.

We are willing to bet anything that the
man who writes—"No one to love," never
was in Alvinston.

ALVINSTON.

Owing to the state of the roads between
here and Alvinston, during the past week,
which has prevented us moving the remain-
der of the plant of the News, to Watford, the
amalgamation of the two papers has not been
consummated. We this week mail each sub-
scriber to the News a copy of the Guide.
Unless some unforeseen accident should oc-
cur, the amalgamation will be accomplished
next week.

LOCAL AND MISCELLANEOUS.

Still the old engineer fails to whistle.
The 17th passed off here without any cele-
bration.

Mr. J. B. Watson delivered a lecture in
Brigden on Monday evening.

If there were a circulating library some-
where in the Village, together with a read-
ing room, we think much good might be done
Temperance men, think of this.

One day last week a man named Brandon
was killed by the train near Oil City. He
was an old pensioner, and had served through
the Crimean war and the Indian mutiny.

Church of England service will be held in
Inwood on Easter Sunday. This will be the
second service held there; and we trust that
this time it will be as good a success as it
was the former time.

BLACKSMITHING.—Ellis & McIstyre have
been the busiest of our busy blacksmiths this
winter. It was no uncommon thing to see
from fifteen to twenty horses waiting their
turn to have their shoes manufactured or re-
paired. The work is well done too.

THE PLANING MILL.—Messrs. McIlwain,
Russell and Black are making things lively
round the Alvinston Planing Mill. They
are getting out large quantities of sashes,
doors, blinds, etc. This building the com-
ing season will meet with no delay in having
orders filled.

ILL.—Mrs. Duncan McCallum was taken
very ill with inflammation of the lungs and
pleurisy a few days since. Dr. Harvey, of
Watford, was summoned Saturday, and he
assured Mr. McC. that the attending physi-
cian was doing all that could be done in the
matter; and also gave encouragement for her
recovery in a short time.

STRIKE.—Middle of last week the men
engaged at the Alvinston Slave Mill struck
for wages. The proprietor, like many other
business men to-day, is a little inconvenienced
by the slow returns he receives for ship-
ments of his goods, and as a result finds it
difficult to meet such demands at all and all
times. However that is not his fault and the
measure employed for a settlement was
not very suitable under such circumstances.
This is Alvinston's first "strike."

It seems that the Literary Society has
been consigned to a premature grave. Why
such societies cannot remain in exist-
ence in small Villages, remains a secret, but
we presume people are getting too much en-
lightened now-a-days to attend such gather-
ings. Nothing but blood and thunder stories
such as the dime novel contains, can satisfy
their morbid appetites; and thus it is all over
our Dominion to-day, and thus sound liter-
ature is neglected, while morality retro-
grades in the same ratio.

THE CONCERT.—The band concert, lecture
etc., Saturday night, was postponed to
Wednesday 26th inst. The audience Satur-
day night was small, owing to the excite-
ment produced by the Union Services held
every evening in the Presbyterian Church.

Mr. J. B. Watson, the lecturer engaged for
the occasion, having made it a rule never to
address a small audience, suggested that as
the affair was for the benefit of the band
and the indifference manifested a slight to
them, proposed the postponement which was
agreed to and ticket money refunded to
those who attended. With kind regard for
those who did attend the band gave several
selections. Mr. Watson convulsed them
with laughable stories and Mr. Tom Sover-
sign sang three or four pieces, doing better
on this occasion than ever before. We hope
the Concert on the 26th will prove a grand
success financially and otherwise.
