NOT BAD.—It is so agreeable that even an infant will take it. For coughs, colds, hoarseness, croup, asthma and bronchitis, Hagar's Pectoral Balsam is reliable for young or old.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle.

No. 150,000

This is the number actually reached this week by the Mason and Hamlin Organ and Piano Company in the regular numbering of their world-renowned cabinet organs. Having commenced business in 1854, the average number of organs produced per annum has been 5,000 which is 100 per week for the entire 1,500 weeks of their business career. The Mason & Hamlin organs have been sent to every civilized country, and their sale never was greater than at the present time, averaging from 10,000 to 15,000 organs per annum.—Boston Journal.
