MEDICINE and SURGERY.

VOL. VI.—No. 12.

DECEMBER, 1894.

Subscription  
\$1 per annum.

ANOTHER GOOD USE FOR FAIRCHILD'S ESSENCE  
OF PEPSINE.

Physicians have reported to us recently their experience in the administration of morphia in solution of Essence of Pepsine.

In this aromatic and digestive vehicle, the drug produced no disagreeable effect, nausea or vomiting.

Fairchild's Essence of Pepsine is the best vehicle for drugs which disturb digestion and impair the appetite.
