Hadn't you better have some attractive two-third effects for your Spring Trade? There is a demand for them. We have some especially desirable patterns in stripes, with large floral effects for the upper third. Also some exceptionally good values in Moire Silks for ceilings and panels. These are very decorative and good sellers. Like all Staunton's papers, these lines excel in design and coloring. They are the kind you make your money on. Our travellers will show them, or we will mail samples on request.
