

ARTICLE VI

The Agency shall endeavour to ensure a fair industrial return to Canada, to the same extent as provided to Member States, with respect to the geographical distribution of work relating to the activities and programmes in which Canada participates.

ARTICLE VII

Canada shall have access, to the same extent as provided to Member States, to information, including contract reports, relating to the activities and programmes in which Canada participates.

ARTICLE VIII

Canada shall endeavour, to the extent that it is consistent with its policy, to make use for its own purposes of the space facilities, services and products of the Agency and of its Member States, developed within the framework of the Agency, including launching means. On their side, the Agency and its Member States shall endeavour, to the extent that it is consistent with their policies, to make use for their own purposes of Canadian space facilities, services and products.

ARTICLE IX

1. Canada and the Agency agree to keep each other regularly informed about, and consult together on, their space programmes and projects, and to study problems of common interest. To this end Canada and the Agency shall exchange general information and all other appropriate scientific and technical documents, account being taken of their respective regulations, it being understood that documents containing information that is protected, or whose protection is being sought, cannot be communicated.
2. Canada and the Agency shall also consult together when they are represented at international conferences and meetings related to space activities, for the purpose of exchanging views on matters of mutual concern.

ARTICLE X

1. The Agency shall have the legal capacity of a body corporate in Canada.
2. In accordance with section 7 (a), (b) and section 8 of Article II of the Convention on Privileges and Immunities of the United Nations:
