

Federative Republic of Brazil and the Brazilian - Argentine Agency for Accounting and Control of Nuclear Materials to accept safeguards on all source or special fissionable material in all peaceful nuclear activities within its territory, under its jurisdiction or carried out under its control anywhere, for the exclusive purpose of verifying that such material is not diverted to nuclear weapons or other nuclear explosive devices,

HAVE AGREED AS FOLLOWS:

ARTICLE I

For the purpose of this Agreement:

- (a) "The Agency's Safeguards System" means the safeguards system set out in the International Atomic Energy Agency document INFCIRC/66 Rev 2 as well as any subsequent amendments thereto that are accepted by the Parties;
- (b) "Appropriate governmental authority" means for Canada, the Atomic Energy Control Board, and for Argentina, the Comision Nacional de Energia Atomica;
- (c) "Equipment" means any of the equipment listed in Annex B to this Agreement;
- (d) "Material" means any of the material listed in Annex C to this Agreement;
- (e) "Nuclear material" means any source material or any special fissionable material as these terms are defined in Article XX of the Statute of the International Atomic Energy Agency, which is attached as Annex D to this Agreement. Any determination by the Board of Governors of the International Atomic Energy Agency under Article XX of the Agency's Statute which amends the list of material considered to be "source material" or "special fissionable material" shall only have effect under this Agreement when the Parties to this Agreement have informed each other in writing that they accept that determination;
