

APPENDIX II

Interpretation:

1. Species included in this Appendix are referred to:
 - (a) by the name of the species; or
 - (b) as being all of the species included in a higher taxon or designated part thereof.
2. The abbreviation "spp." is used to denote all the species of a higher taxon.
3. Other references to taxa higher than species are for the purposes of information or classification only.
4. An asterisk (*) placed against the name of a species or higher taxon indicates that one or more geographically separated populations, sub-species or species of that taxon are included in Appendix I and that these populations, sub-species or species are excluded from Appendix II.
5. The symbol (#) followed by a number placed against the name of a species or higher taxon designates parts or derivatives which are specified in relation thereto for the purposes of the present Convention as follows:
 - # 1 designates root
 - # 2 designates timber
 - # 3 designates trunks
6. The symbol (–) followed by a number placed against the name of a species or higher taxon indicates the exclusion from that species or taxon of designated geographically separated populations, sub-species, species or groups of species as follows:
 - 101 Species which are not succulents
7. The symbol(+) followed by a number placed against the name of a species or higher taxon denotes that only designated geographically separate populations, sub-species or species of that species or taxon are included in this Appendix as follows:
 - +201 All North American sub-species
 - +202 New Zealand species
 - +203 All species of the family in the Americas.
