Questions

Please comment on:

1) Areas of export interest, including products for which the CA-4 countries should eliminate tariffs more rapidly and/or remove other barriers to trade.

services - professional (environment, forestry, economics in our case)

forest products, raw materials (eg hardwood logs)

services - professional (environment, forestry, economics in our case) forest products, raw materials (eg hardwood logs)

2) Areas where there may be concerns if access to the Canadian market was to be improved for products from CA-4 countries.

do not know of any... furniture?... but this should be a plus for these countries.

do not know of any... furniture?... but this should be a plus for these countries.

3) Suggestions on trade facilitation issues e.g. impediments related to customs or other import-related procedures.

development/furtherance of expert and honest brokers/agents

residency/work requirements

development/furtherance of expert and honest brokers/agents residency/work requirements

4) The possible inclusion of services within the scope of negotiations and services sectors in CA-4 markets that could be a target for further liberalization (eg. market access issues such as limitations on the number of firms or individuals allowed in a foreign market to provide a service).

services should be included - facilitation as #3

services should be included - facilitation as #3

5) The possible inclusion of investment within the scope of negotiations, problems faced by Canadian investors in CA-4 countries and the type of rules that would provide Canadian investors with better access, treatment and protection for their investments (Describe any investment barriers or impediments, such as limits on foreign investment, local content requirements, restrictions on capital transfers, etc., that you may have encountered because you are a foreign investor).

investment should be included; Canadian tax regime(s) likely a problem or incentive

investment should be included; Canadian tax regime(s) likely a problem or incentive

6) Any other issue of interest to your firm.

incorporation, residency requirements

incorporation, residency requirements
