Section 21-treatment at request and expense of any department of government of Canada

Section 22-treatment of former members of commonwealth and allied forces for pensioned disabilities

Section 23-treatment in a departmental hospital for non-pensioned condition of a veteran of world war I, world war II or the Korean confict, as a paying patient

Section 27-examination at the request of the Canadian Pension Commission

Section 28-examination required by the department for the supply or maintenance of a prosthetic appliance, by the war veterans allowance board or a district authority or for completion of an examination by the Canadian Pension Commission

Section 29—Domiciliary care

- 2. (a) Medical emergencies. (b) Veterans for treatment of pensioned disabilities. (c) Persons whose treatment is the statutory responsibility of other departments of the federal government, such as serving members of R.C.M.P. (d) Treatment of various categories of veterans for non-pensioned disabilities, eligibility usually being determined by their type of service and financial circumstances.
- 3. They were included in the group described in 2(d).
- 4. Yes. They have the highest priority in the group described in 2(d).
 - 5. Sections 18, 19 and 21.
- 6. Patients treated under the sections listed in 5 do not have priority of admission over veterans requiring hospitalization for treatment of their pensioned disability. The priority for the admission of any patient for active treatment is determined by the attending medical staff of the hospital within the limitations established by the governor in council.
 - 7. No.
 - 8. Sections 17, 20 and 24.
- 9. Facilities available in D.V.A. hospitals include arts and crafts, auditorium, canteen, and patients' library. The only treatment peculiar to D.V.A. hospitals is that provided

Questions

in a special centre for the treatment of paraplegics at Queen Mary veterans hospital, Montreal.

10. None.

11. All entitled veterans have been admitted in accordance with their medical need. Emergencies are admitted immediately and elective and chronic cases are admitted as beds become available. No record is kept of the number of non-entitled veterans who are refused admission.

COST OF SERVICES TO INDIANS

Question No. 293-Mr. Orlikow:

What were the costs for the last fiscal year to the federal government of services to Indians for health, welfare, education and economic development?

Hon. Judy V. LaMarsh (Secretary of State): I am informed by the departments of National Health and Welfare and Indian Affairs and Northern Development as follows: The expenditures for Indian health services for the fiscal year 1966-67 are:

*Administration, operation and maintenance \$22,200,000 Capital 2,100,000 Total expenditure \$24,300,000 Revenue 4,200,000 Net costs \$20,100,000

*This does not include approximately \$2,500,000, directorate administration costs. The costs of services to Indians for the fiscal year 1966-67 are:

Welfare* \$31,420,317 Education \$52,262,632 Economic development \$5,541,864

As the final accounting reports have not yet been issued, these are approximate figures only.

*Welfare-1966-67. Welfare assistance \$19,163,918 Repairs to houses 903,938 Construction of houses 8,459,584 Grants to bands 448,762 Expo '67

Other and community development 1,671,767
