

For attention of the Eastern Com. in the future

27th Feb.

Hon David makes a strong appeal in the Gazette this morning against the damage the Communistic pro-
pagand is doing in this Province & the French Cause
in West have dealt very sternly & effectively against
Russian propoganda in the West & others out there
have punished treason & disloyalty. It remains
for the People's Forum & Mr. Gill Prof. to fire en-
couragement to a South African Dutchman preaching disloyalty
& Communistic propoganda in our churches in this City.
